Definitions

Agency

An agency is an administrative unit created under the *Public Sector Act 2009* or a statutory authority that is accountable for the delivery of programs on behalf of the government.

Programs and sub-programs

A program is a group of related activities that contribute to achieving one of an agency's and, in turn, the government's objectives. Many programs are further divided into sub-programs with more specific objectives.

Overview

The agency statements outline projected agency activity and performance for 2025-26. Each agency statement conforms to the following standard presentation structure:

- Objective — outlines the agency's objectives
- Ministerial responsibilities — identifies the minister responsible for each program/sub-program and identifies any items administered by the agency on behalf of the minister(s)
- Ministerial office resources — details the resources provided to ministerial office(s)
- Workforce summary — summarises the agency's workforce
- Program net cost of services summary — summarises the net cost of agency programs
- Key agency outputs — summarises services provided
- Investing expenditure summary — summarises investing expenditure for the agency
- Program/sub-program information — for each agency program/sub-program, provides a description/objective, program summary (income, expenses and full-time equivalents), financial commentary, highlights and targets, performance and activity indicators
- Financial statements — budgeted financial statements for controlled and administered items
- Summary of major variations — explanation of significant movements not included at the program/sub-program level.

Presentation of changes in program structures

Where a program or function is transferred between agencies, program information for previous years is reflected in the current program structure of the receiving agency.

In contrast, the agency financial statements are based on the actual program structure for the agency as it operated or is expected to operate in each year. This distinction in treatment is drawn so that financial statements accurately reflect events while, at the same time, program information is comparable and not duplicated.

Reconciliation of the financial statements to the current program structure is contained in the program net cost of services summary located at the beginning of each relevant agency section.

Financial statements

The estimated financial statements included in the 2025-26 Agency Statements are estimates which include, for each agency, a statement of comprehensive income, a statement of financial position and a statement of cash flows.

The presentation of these estimated financial statements is consistent with the requirements of *AASB 101 Presentation of Financial Statements* and *AASB 107 Statement of Cash Flows*.

Estimates in these financial statements have been prepared:

- on a basis that is consistent with Treasurer's Instructions and Australian Accounting Standards applicable for the 2025-26 financial year,
- on an accrual basis, except for the statement of cash flows which has been derived from the statement of comprehensive income and statement of financial position to reflect cash payments and receipts, and
- using historical costs as the measurement basis, except for certain assets and liabilities that are measured in accordance with the financial reporting policies applicable.

Consistent with Australian Accounting Standards, estimated transactions and balances that are controlled are budgeted for, and reported on, separately to estimated transactions and balances which are administered but not controlled by the agency.

Ministerial responsibilities

The ministerial responsibilities table provides a comprehensive list of the agencies and programs which fall under the responsibility of each minister, and is presented in Ministerial Order of Precedence.

Program 1: Aboriginal Affairs and Reconciliation

Description/objective

Empower Aboriginal people to have a stronger voice in decision making across government and within communities, and provide leadership in the promotion of effective governance arrangements.

Provide whole of government policy advice and leadership, support engagement with Aboriginal stakeholders through the provision of culturally appropriate advice to government, facilitate the protection and preservation of Aboriginal heritage and culture, and support the state's Aboriginal land holding authorities.

Highlights 2024-25

- Supported the implementation of South Australia's First Nations Voice to Parliament at a local and state level.
- Continued to work on the design and delivery of new statues and monuments to commemorate Aboriginal leaders.
- Continued work to support the return, reburial and reinterment of Aboriginal ancestral remains to Country, ensuring they are buried in a culturally appropriate manner.
- Worked with the South Australian Fire and Emergency Services Commission to create Aboriginal cultural heritage maps of the state for use in emergency and disaster events.
- Worked in partnership with the South Australian Aboriginal Community Controlled Organisation Network (SAACCON) to meet the state's obligations under the National Agreement on Closing the Gap, including the publication of SA's Annual Report 2023-2024, and SA's Implementation Plan 2024-2026.

Targets 2025-26

- Continue to plan and assist with the delivery of six statues to commemorate Aboriginal South Australians.
- Continue to support the return, reburial, and reinterment of Aboriginal ancestral remains to Country, ensuring they are buried in a culturally appropriate manner.
- Continue working in partnership with the SAACCON to meet the state's obligations under the National Agreement on Closing the Gap.
- Continue to support the operations of South Australia's First Nations Voice to Parliament in conjunction with the Voice Secretariat.

Explanation of significant movements

The increase in expenses in the 2024-25 Estimated Result compared to the 2024-25 Budget ($2.1 million) is primarily due to a carryover of funding ($1.4 million) and additional funding ($0.4 million) for Closing the Gap, and an increase in grant funding for the SAACCON ($0.3 million).

The increase in expenses in the 2024-25 Estimated Result compared to the 2023-24 Actual ($2.8 million) is primarily due to a carryover of funding ($1.4 million) and additional funding ($0.4 million) for Closing the Gap, funding provided for Aboriginal Monuments and Statues ($0.5 million), and an increase in grant funding for the SAACCON ($0.3 million) in 2024-25.

The decrease in income in the 2024-25 Estimated Result compared to the 2023-24 Actual ($0.4 million) is primarily due to the return of grant funding in 2023-24.

Program 2: Office of the Director of Public Prosecutions

Description/objective

The Director of Public Prosecutions (DPP) is a statutory officer, independent of the Attorney-General's Department, who initiates and conducts criminal prosecutions in the Magistrates, District and Supreme Courts of South Australia. The DPP also initiates and conducts appeals in the Court of Appeal and the High Court of Australia. The objective of the Office of the DPP (ODPP) is to provide the people of South Australia with an independent and effective criminal prosecution service that is timely, efficient and just.

Highlights 2024-25

- Developed a change management program to address issues raised in the 2023 Workplace Experience Report.
- Progressed the development of a workload effort data model to assist with the optimisation of file allocation.
- Reviewed a range of functions and workflows within the prosecution process to identify and implement efficiencies.
- Undertook a structural and functional review of the Business Services section to enable improved support to the Solicitor section in the prosecution process.
- Engaged independent communication partners for witnesses with complex communication needs and obtained expert evidence about children's behaviour and development in child sexual abuse matters, in accordance with relevant provisions of the *Evidence Act 1929*.

Targets 2025-26

- Continue to address workload issues and staff wellbeing, to support the provision of a timely prosecutorial process and effectively support victims.
- Implement the Business Services Review recommended organisational model to provide improved support for the Solicitor section.
- Undertake a comprehensive review of the Solicitor section including examination of processes, systems and roles to identify efficiencies and develop an implementation plan for the recommendations.
- Commence a review of the functions and structure of the Trial Counsel section to ensure that the ODPP can meet the demands of the scheduled trial list.
- Expand the current workload effort data model to include the Witness Assistance Team.

Explanation of significant movements

The increase in expenses in the 2025-26 Budget compared to the 2024-25 Estimated Result ($3.5 million) is primarily due to funding received for additional resources in the 2025-26 Budget ($2.4 million) and the 2024-25 Budget ($0.4 million) to address workload issues and staff wellbeing in 2025-26.

The increase in expenses in the 2024-25 Estimated Result compared to the 2024-25 Budget ($1.6 million) is primarily due to additional funding for complex criminal cases ($1.4 million).

The increase in expenses in the 2024-25 Estimated Result compared to the 2023-24 Actual ($2.5 million) is primarily due to additional funding for complex criminal cases ($1.4 million) and funding received for additional resources in the 2024-25 Budget ($0.9 million) in 2024-25.

Program 3: Crown Solicitor's Office

Description/objective

Through the Attorney-General, the Crown Solicitor's Office (CSO) provides legal services to ministers, government departments and government agencies, particularly where the risk to government is high, where there is significant need for a whole of government perspective, or the work is otherwise of particular public interest. This is achieved through the provision of legal advice, representation in courts and tribunals, and commercial legal services. This program also includes the administrative support provided to the Solicitor-General.

Highlights 2024-25

- Supported the government's major infrastructure projects by providing legal advice on projects such as the North-South Corridor, the new Women's and Children's Hospital, Adelaide Aquatic Centre, Hydrogen Jobs Plan, Northern Water Project and the Port Bonython Hydrogen Hub, and legal advice to facilitate the implementation of the AUKUS submarine arrangements.
- Conducted proceedings directed at keeping the community safe, under the *Criminal Law (High Risk Offenders) Act 2015* and the *Children and Young People (Safety) Act 2017* and provided related advice.
- Represented the state in ongoing native title determination and compensation claims, provided related advice for the protection of Aboriginal heritage and supported South Australia's First Nations Voice to Parliament.
- Advised on, and progressed claims for, the compensation of victims of crime under the *Victims of Crime Act 2001*.
- Provided advice on legislative reform including the new Children and Young Person (Safety) Bill, the Electoral Reform Bills and on special purpose legislation including to support the administration of the Whyalla Steelworks.

Targets 2025-26

- Continue to assist with child protection work, including advice and applications to the Youth Court.
- Continue to support the government's major ongoing projects by providing legal advice on projects such as Whyalla Steelworks, North-South Corridor, the new Women's and Children's Hospital and Northern Water Project.
- Assist the government with its legislative reform agenda.
- Continue to represent the state in ongoing native title determination and compensation claims.
- Continue to support the government's planning and implementation of new urban housing development programs and initiatives through legal advice and representation.

Program 4: South Australian Civil and Administrative Tribunal

Description/objective

The South Australian Civil and Administrative Tribunal (SACAT) provides an accessible body for fair and independent decision making and the timely and efficient resolution of disputes across a diverse range of subject matter.

Highlights 2024-25

- Increased access to justice through the creation of information videos about participating at SACAT.
- Improved access to justice through the expansion of cultural awareness training for staff and members.
- Improved delivery of high-quality and consistent decision-making by broadening the member training plan.
- Integrated *Residential Tenancies Act 1995* reforms into tribunal processes, hearings and decisions.

Targets 2025-26

- Continue to improve the efficiency and timeliness of guardianship and administration matters.
- Continue to increase access to justice by expanding the content delivered by video about participating at SACAT.
- Increase access to justice by increasing the availability of resources that support tribunal users with special needs.
- Improve tribunal services through a dedicated Tribunal Continuous Improvement Team.

Program 5: Office of Parliamentary Counsel

Description/objective

The Office of Parliamentary Counsel (the Office) provides legislative drafting services to the government and private Members of Parliament. The Office also manages a program for the revision and publication of legislation established under the *Legislation Revision and Publication Act 2002*. These functions contribute to an effective system of parliamentary democracy and a coherent, legally effective, and publicly accessible body of statute law.

The services provided by the Office include specialist legal advice, drafting and coordination.

Highlights 2024-25

- Completed the documentation of requirements for a new drafting and publishing software system.
- Provided high-quality legislative drafting and publishing services to government and parliamentary stakeholders.

Targets 2025-26

- Undertake a tender process and commence a project to replace South Australia's Legislative Drafting and Publishing System.

Program 6: Legislative and Policy Services

Description/objective

Legislative and Policy Services provides specialist legal and policy advice, and develops and reviews legislative reform proposals. It undertakes policy development and delivers statistical and analytical services relating to criminal, civil and social justice matters that inform justice reform projects. It also manages a range of justice related programs.

Highlights 2024-25

- Introduced legislation to implement election commitments including:
  - legislation to criminalise coercive control
  - legislation to establish a public child sex offenders register
  - legislation to ban political donations for future state election campaigns
  - legislation to implement recommendations from the Review of the *Criminal Assets Confiscation (Prescribed Drug Offenders) Amendment Act 2016*.
- Undertook work to commence the *Succession Act 2023* including drafting regulations.
- Engaged in negotiations on the next iteration of the National Legal Assistance Partnership, the National Access to Justice Partnership, to secure the best outcomes for South Australia.

Targets 2025-26

- Work with the Aboriginal Legal Rights Movement to continue the Aboriginal Justice Advocacy Service and provide additional assistance for the Aboriginal Visitors Scheme.
- Assist the passage through Parliament of:
  - legislation to criminalise coercive control
  - Statutes Amendment (Claim Farming) Bill 2024
  - Summary Offences (Prohibition of Publication of Certain Material) Amendment Bill 2025.
- Undertake work to commence, including making regulations where required, the:
  - *Electoral (Accountability and Integrity) Amendment Act 2024*
  - *Electoral (Miscellaneous) Amendment Act 2024*
  - *Summary Offences (Knives and Other Weapons) Amendment Act 2025*
  - *Criminal Assets Confiscation (Review Recommendations) Amendment Act 2025*.
- Administer the National Access to Justice Partnership 2025-30.

FTEs as at 30 June (No.)	**35.9**	36.6	33.5	33.8

Explanation of significant movements

The increase in income and expenses in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to the National Access to Justice Partnership agreement commencing in 2025-26.

The increase in income and expenses in the 2024-25 Estimated Result compared to the 2023-24 Actual is primarily due to funding for the provision of legal services as part of the National Legal Assistance Partnership. This includes a carryover of unspent funding from 2023-24 into 2024-25, and an increase in funding in 2024-25.

Program 7: Forensic Science SA

Description/objective

Forensic Science SA provides forensic science services primarily relating to coronial and police investigations and ultimately supports the broader justice system.

Highlights 2024-25

- Continued to advance the implementation of an efficient and integrated forensic laboratory information management system to replace legacy systems.
- Continued with the planning and design of the new South Australia Forensic Centre, in conjunction with South Australia Police (SAPOL).

Targets 2025-26

- Address changes in service demands, particularly in the areas of biology (DNA), chemistry and toxicology.
- Continue to advance the implementation of an efficient and integrated forensic laboratory information management system to replace legacy systems.
- Continue with the planning and design of the new South Australia Forensic Centre, in conjunction with SAPOL.
- Review current workflow practises to identify opportunities to convert paper-based processes into digitised workflows.

Explanation of significant movements

The increase in expenses in the 2025-26 Budget compared to the 2024-25 Estimated Result ($1.6 million) is primarily due to funding received for additional resources in the 2025-26 Budget ($1.3 million) and in the 2024-25 Mid-Year Budget Review ($0.6 million) to address changes in service demands.

The increase in expenses in the 2024-25 Estimated Result compared to the 2024-25 Budget ($1.3 million) is primarily due to funding received for additional resources in the 2024-25 Mid-Year Budget Review ($0.5 million) and once-off funding allocated in 2024-25 for maintenance and equipment purchases ($0.9 million).

The decrease in expenses in the 2024-25 Estimated Result compared to the 2023-24 Actual ($1.5 million) is primarily due to higher maintenance and equipment purchases in 2023-24.

Program 8: Ombudsman SA

Description/objective

The Ombudsman is a statutory officer, independent of AGD, reporting to parliament. The Ombudsman investigates and attempts to resolve complaints against state agencies, statutory authorities, universities and local government agencies under the *Ombudsman Act 1972*, and identifies and investigates misconduct and maladministration in public administration. In addition, the Ombudsman reviews determinations made by agencies under the *Freedom of Information Act 1991* and has responsibilities in relation to complaints and access to information reviews under the *Return to Work Act 2014*.

The Ombudsman seeks to ensure the public receives fair treatment from government bodies and that public administration is reasonable and just through the provision of investigation and resolution services.

Highlights 2024-25

- Implemented a new strategic plan for Ombudsman SA.
- Developed and began implementing a business process improvement plan, including consideration of business process related recommendations made by the Office of the Inspector.
- Continued to develop and deliver an education program to improve public administration.
- Reviewed data collection and analysis methodology to ensure Ombudsman SA can identify and respond to complaint trends and issues.

Targets 2025-26

- Increase the rate of matters finalised by agreement.
- In conjunction with existing education programs, develop and deliver a program of outreach activities to ensure Ombudsman SA is responsive to the needs of the community.
- Increase the rate, variety and reach of Ombudsman SA published materials in order to enhance guidance provided to agencies and public officers.
- Improve the quantity and quality of stakeholder feedback obtained by Ombudsman SA in order to inform continuous improvement.

Program 9: Office of the Public Advocate

Description/objective

The *Guardianship and Administration Act 1993* establishes the Public Advocate to provide services to promote and protect the rights of people with a mental incapacity and/or a medical illness.

The *Advance Care Directives Act 2013* and *Consent to Medical Treatment and Palliative Care Act 1995* authorise the Public Advocate to assist with dispute resolution in relation to advance care directives and consent to medical treatment.

The Office of the Public Advocate (OPA) provides advocacy, guardianship, information, investigation, education and dispute resolution services to fulfil the statutory responsibilities of the Public Advocate.

The objectives of the Public Advocate are to:

- review programs for mentally incapacitated persons and to make recommendations to the appropriate minister about unmet need or inappropriately met need
- promote the rights and interests of persons with a mental incapacity through advocacy
- provide information and advice to the community related to mental health, guardianship and administration, and advance care directives legislation and related issues
- act as a guardian when appointed, and undertake investigations as required by the South Australian Civil and Administrative Tribunal
- provide effective dispute resolution in relation to disagreements around advance care directives and consent to treatment decisions.

Highlights 2024-25

- Engaged additional resources to provide advocacy and guardianship services to clients.
- Developed culturally safe supported decision-making processes to ascertain the wishes of Aboriginal people under guardianship.
- Worked with specialist disability accommodation providers to establish housing solutions for eligible National Disability Insurance Scheme participants under guardianship.
- Developed an easy to read, plain English welcome pack for people engaging with OPA.

Targets 2025-26

- Evaluate the effectiveness of the My Life My Wishes tool in ascertaining the wishes and preferences of guardianship clients to support decision-making.
- Provide education sessions to health professionals about the role of the Public Advocate.
- Implement business process improvements to streamline workflows and enhance service delivery.

(a) The 2024-25 Budget differs from the reported amounts in the 2024-25 Agency Statements due to the budget for grants and subsidies moving between programs.

Explanation of significant movements

The increase in expenses in the 2024-25 Estimated Result compared to the 2023-24 Actual ($1.1 million) is primarily due to funding received for additional resources in the 2024-25 Budget to address OPA's growing number of clients.

Program 10: Equal Opportunity SA

Description/objective

The Commissioner for Equal Opportunity is an independent statutory appointment with responsibility to administer the *Equal Opportunity Act 1984* (the Act).

Equal Opportunity SA promotes equality of opportunity for all South Australians through the administration of anti-discrimination legislation. This is achieved through:

- investigating, responding to, and conciliating complaints of discrimination
- providing information and education to assist in eliminating discrimination under the Act
- promoting equal opportunity principles to all South Australians.

Highlights 2024-25

- Continued to promote the WE'RE EQUAL initiative to foster and encourage, amongst members of the public, informed and unprejudiced attitudes with a view to eliminating discrimination, victimisation and sexual harassment.
- Completed the follow-up Review of Harassment in the South Australian Legal Profession.
- Undertook a review of Equal Opportunity SA's outsourced training model to ensure it continues to meet the needs of the community.
- Continued work on rebranding the Office of the Commissioner for Equal Opportunity to 'Equal Opportunity SA'.
- Implemented new protections against conversion practices under the Act following legislative amendment.

Targets 2025-26

- Continue to promote the WE'RE EQUAL initiative across the public, private and not-for-profit sectors.
- Participate in the 50th anniversary of the decriminalisation of homosexuality in South Australia by hosting a community lecture.
- Provide advice and assistance to the legal profession regarding the implementation of the recommendations of the 2024 Review of Harassment in the South Australian Legal Profession.
- Continue to engage with South Australians, including at public events, about anti-discrimination.

Program 11: State Records SA

Description/objective

State Records SA provides statutory services for the management of, and access to, the state's archival collection of state and local government records and provision of advice on records and information management, legislation, policy and practices.

State Records SA also administers the state's freedom of information and privacy regimes and copyright agreements.

Highlights 2024-25

- Published results of the agency information management maturity and capabilities survey.
- Commenced the digitisation of at-risk magnetic media and films within the state's archive.
- Developed advice related to the use of artificial intelligence within agencies that promotes good information management governance.
- Implemented a new version of the Transfer of Official Records Standard, outlining when agencies can transfer permanent records to the state's archive.

Targets 2025-26

- Publish a revised Appraisal Standard to assist agencies in identifying records of enduring value to the state.
- Publish a new version of the disposal schedule for administrative records of state government agencies in South Australia (GDS 30).
- Implement a digital preservation system for digitised items.
- Publish advice to assist agencies in implementing digital record preservation strategies.
- Complete the digitisation of at-risk magnetic media and films within the state's archive.

Program 12: Justice Technology Services

Description/objective

Justice Technology Services contributes to criminal justice administration in South Australia by providing a broad range of information management services to justice related agencies. The primary customers of Justice Technology Services are South Australia Police, Department for Correctional Services, Department for Child Protection, Courts Administration Authority, Department of Human Services and the Attorney-General's Department.

Justice Technology Services manages the Justice Information System (JIS) and Justice Information Exchange, a secure centralised facility that enables justice agencies to process, store and share information with high security, availability and performance.

Highlights 2024-25

- Completed the design and discovery phase of the JIS sustainment and modernisation project.
- Supported modernisation programs across the criminal justice sector to transition justice agencies off the shared JIS environment.
- Provided governance and coordination for multiple projects across the criminal justice sector for the delivery of information sharing services.
- Supported a flexible network security architecture to support agency initiatives to move off the mainframe platform and to continue to access and share information across disparate agency systems.

Targets 2025-26

- Continue with the delivery phase of the JIS sustainment and modernisation project.
- Continue to support modernisation programs across the criminal justice sector to transition justice agencies off the shared JIS environment.
- Continue to provide governance and coordination for multiple projects across the criminal justice sector for the delivery of information sharing services.
- Continue to support a flexible network security architecture to support agency initiatives to move off the mainframe platform and to continue to access and share information across disparate agency systems.

Explanation of significant movements

The decrease in income in the 2025-26 Budget compared to the 2024-25 Estimated Result ($2.0 million) is primarily due to funding received from the Digital Investment Fund for the replacement of the JIS in 2024-25.

The decrease in income and expenses in the 2024-25 Estimated Result compared to the 2023-24 Actual is primarily due to higher expenditure and cost recoveries in 2023-24.

Sub-program 13.2: SafeWork SA

Description/objective

SafeWork SA provides work health and safety and workplace relations education and compliance services that promote safe, fair, productive working lives and high standards of public safety for all South Australians.

Highlights 2024-25

- Implemented remaining government election commitments and legislative reform projects including:
  - introduction of portable long service leave legislation for the Community Services industry
  - amendments to work health and safety legislation based on the Review of the model Work Health and Safety laws
  - amendments to work health and safety legislation based on the Independent Review of SafeWork SA
  - progression of the Explosives Bill 2023 to replace the *Explosives Act 1936*, and preparation of associated regulations.
- Continued to lead actions focused on the reduction of work-related injuries across South Australia.
- Sourced and engaged a suitable vendor, and began implementation, to replace legacy ICT system.
- Developed an annual and 10-year strategic data plan to assist South Australia to reach targets and actions outlined in the *Australian Work Health and Safety Strategy 2023-2033*.
- Developed an aligned communication and education strategy to the strategic data plan to increase presence and reach in South Australia.
- Developed a state action plan to implement the *Asbestos National Strategic Plan 2024-2030*.

Targets 2025-26

- Continue to lead actions focused on the reduction of work-related injuries across South Australia.
- Develop key legislative instruments to support the progression of the *Explosives Act 2024* to ensure the safe and secure management of explosives, including the development of regulations, a security scheme, standards and Codes of Practice.
- Progress the model law amendments to extend and improve the work health and safety incident notification requirements under the *Work Health and Safety Act 2012* to include the requirement for employers to notify SafeWork SA.
- Develop a state action plan to implement the *Silica National Strategic Plan 2024-2030*.
- Work with the engaged vendor to progress implementation of ICT system replacement.
- Develop and execute targeted campaigns to enhance the public presence of SafeWork SA.

Explanation of significant movements

The decrease in expenses in the 2025-26 Budget compared to the 2024-25 Estimated Result ($1.5 million) is primarily due to once-off funding received for the Community Services Portable Long Service Leave Scheme in 2024-25.

The increase in expenses in the 2024-25 Estimated Result compared to the 2023-24 Actual ($3.2 million) is primarily due to funding provided for the Community Services Portable Long Service Leave Scheme ($1.5 million), increases in funding associated with the replacement of the case management system ($0.8 million) and the implementation of recommendations from the independent review of SafeWork SA ($0.5 million) in 2024-25.

Sub-program 13.3: South Australian Employment Tribunal

Description/objective

The South Australian Employment Tribunal (SAET) is established under the *South Australian Employment Tribunal Act 2014.*

SAET provides efficient and cost-effective processes for resolving work related disputes and issues, acts with as little formality and technicality as possible and is flexible in the way in which it conducts its business.

SAET has jurisdiction in South Australia to:

- resolve disputes and hear prosecutions under the *Return to Work Act 2014*
- resolve employment and industrial disputes
- regulate industrial awards, agreements and registers
- hear work health and safety prosecutions
- hear and determine proceedings under the *Dust Diseases Act 2005*.

Highlights 2024-25

- Undertook SAET's first User Satisfaction Survey, as part of SAET's implementation of the Tribunal Excellence Framework.
- Implemented new processes and procedures in accordance with legislative reforms.
- Implemented improvements to facility and security arrangements.

Targets 2025-26

- Improve accessibility and experience for tribunal users, particularly those who are unrepresented, and from culturally and linguistically diverse backgrounds.
- Identify and implement practices to improve security and capacity in SAET's conference facilities.
- Implement recommendations 4, 5 and 9 of the 2024 Review of Harassment in the South Australian Legal Profession.

Program 14: Consumer and Business Services

Description/objective

Consumer and Business Services (CBS) protects consumers, supports and regulates business and records significant life events in South Australia. CBS performs a number of functions including licensing and registration, dispute resolution, ensuring legislative compliance, policy development and providing education and awareness campaigns to ensure the community is able to conduct business fairly, efficiently, competitively and safely.

CBS aims to:

- ensure compliance with legislation relating to liquor licensing, gambling (including the Casino), charitable organisations, occupational licensing, incorporated associations, fair trading and the Australian Consumer Law to ensure fairness of practice and harm minimisation, and protect and enhance public trust
- ensure transparency in business dealings and provide the community with a high level of consumer protection through fairly and effectively licensing and/or registering various occupations, industries, organisations and significant life events
- provide dispute resolution services for consumers and traders that support a fair, safe and equitable marketplace in South Australia
- provide effective advice and education to consumers, tenants, businesses and landlords on their rights, responsibilities, and changes to the law.

Highlights 2024-25

- Provided further assistance to consumers seeking to resolve disputes with traders on building industry issues, and proactively monitored and investigated non-compliance by builders.
- Implemented a specialised compliance approach to address the increasing risk presented by the sale and supply of unlawful and illicit tobacco and vaping devices.
- Continued to implement residential tenancies reforms.
- Continued the upgrade and replacement of CBS systems.

Targets 2025-26

- Enhance compliance activity relating to the sale and supply of unlawful and illicit tobacco and vaping devices, using new offences and penalties, and expanded closure order powers.
- Progress the Building and Construction Industry review to strengthen compliance in the building sector.
- Continue the upgrade and replacement of CBS systems.

(a) The 2024-25 Budget differs from the reported amounts in the 2024-25 Agency Statements due to the budget for grants and subsidies moving between programs.

Explanation of significant movements

The increase in expenses in the 2025-26 Budget compared to the 2024-25 Estimated Result ($2.0 million) is primarily due to funding received for additional resources in the 2025-26 Budget ($1.9 million).

The increase in expenses in the 2024-25 Estimated Result compared to the 2023-24 Actual ($7.0 million) is primarily due to funding received for tobacco and e-cigarette licensing, compliance, and enforcement ($3.8 million), building industry consumer protection ($0.6 million), and for the upgrade and replacement of CBS systems ($2.0 million).

Sub-program 1.1: Prescribed Audits and Examinations

Description/objective

All audit and examination work for state and local government agencies is initiated and undertaken by the Auditor-General under the *Public Finance and Audit Act 1987.* The main component of the work relates to annual statutory audits of state public sector agencies.

Highlights 2024-25

- Tabled in the Parliament of South Australia the Auditor-General's Annual Report in October 2024 (Report 9 of 2024) as prescribed by the *Public Finance and Audit Act 1987*. In addition, updates to the Annual Report (Report 10 of 2024) and (Report 1 of 2025) were tabled in October 2024 and March 2025.
- Undertook reviews of specific issues of importance in the public sector, working towards improving processes and/or maintaining accountability in state and local government agencies. This included the tabling of the following reports to the Parliament of South Australia:
  - Report 8 of 2024 — Managing homelessness services
  - Report 11 of 2024 — State finances — insights on the 2024-25 Budget.

Targets 2025-26

- Present the Auditor-General's Annual Report to the Parliament of South Australia as prescribed by the *Public Finance and Audit Act 1987*.
- Undertake and report on certain reviews of specific issues of importance and interest in the public sector, aimed at improving processes and/or maintaining accountability in state and local government agencies.

FTEs as at 30 June (No.)	**124.2**	124.2	124.2	120.0

Explanation of significant movements

The decrease in the 2024-25 Estimated Result for expenses compared to the 2024-25 Budget is primarily due to the reallocation of resources to sub-program 1.2 Special Investigations ($0.1 million).

Sub-program 1.2: Special Investigations

Description/objective

All examination work defined within the *Public Finance and Audit Act 1987* that is specifically requested by the Parliament of South Australia, Treasurer, Minister or the Independent Commissioner Against Corruption to be undertaken and reported to the Parliament of South Australia by the Auditor-General.

Highlights 2024-25

- Reported on the probity of the procurement of regional bus service contracts — phase 2 (Report 2 of 2025) in compliance with the *Passenger Transport Act 1994*.

Objective

The department's primary objective is to work with government agencies, non-government organisations and communities to help keep children and young people safe from abuse and neglect and improve their lives, to effectively intervene where necessary to support and help strengthen families, through the administration of the state's child protection and family support system and statutory framework. The department is committed to placing the safety and wellbeing of children and young people at the centre of decision-making, and to working across the system to amplify their voices and the voices of their birth and carer families.

The department receives, assesses, refers and investigates child protection notifications and intervenes to keep children and young people safe, and where possible strengthen families. It is required to make an application to the court where it assesses that an order is required to help ensure the safety of a child or young person. Where a court determines that a child or young person cannot remain safely at home, the department is responsible for the provision (either directly or indirectly) of quality care and case management, and, when it is safe to do so, for supporting the reunification of children and young people with their families.

The department works closely with a range of government agencies and non-government organisations and communities so that children and young people who have been abused or are at risk of further abuse can be connected, together with their families, to appropriate and effective family supports.

The department works to support foster and kinship carers and to empower people and organisations across the child protection and family support system and is focused on reforming the system through a whole of government, whole of sector and whole of community approach.

Key agency outputs

- Assessing and responding to reports of abuse and risk of harm to children and young people, including referral, investigation, and/or intervention where appropriate.
- Providing children and young people who are at risk of harm, together with their families, with appropriate supports and effective intervention, including family group conferencing.
- Applying for care and protection orders and placing children and young people in care to ensure their safety when all other options have been explored and the child or young person remains at risk.
- Implementing the five core elements of the Aboriginal and Torres Strait Islander Child Placement Principle to the standard of 'active efforts' and supporting children and young people's connection to family, community and culture.
- Working with families to address the safety concerns for a child or young person, so reunification can take place when it is safe and in the best interests of the child or young person.
- Supporting children and young people to help them to recover from abuse and trauma and reach their full potential.
- Providing assistance and support to young people to transition to adulthood and independence.
- Supporting foster and kinship carers.

Investing expenditure summary

The 2025-26 investment program is $16.2 million.

The KidSafe Connect program provides a pathway to the replacement of the C3MS system.

Leasehold, ICT equipment and furniture includes the fit out of leased office accommodation.

The residential care facilities project provides for the replacement of care facilities for children and young people placed under the guardianship of the Chief Executive. The project seeks to establish residential care homes in locations that will provide the greatest benefits to children and young people in care.

Program 1: Care and Protection

Description/objective

The department is focused on the care and protection of children and young people who have been abused and/or are assessed as being at risk of harm within their families, or whose families do not have the capacity to protect them from harm, and on strengthening and supporting families.

Highlights 2024-25

- Introduced the Children and Young People (Safety and Support) Bill 2024 to Parliament on 16 October 2024, with key reform initiatives proposed by the legislation being advanced in policy and practice.
- Ran 'Foster the Feeling', a targeted carer attraction and recruitment campaign, which generated over 360 enquiries from prospective carers.
- Invested in and launched Wakwakurna Kanyini, the Aboriginal community-led peak body for children and families.
- Progressed the co-creation of an Aboriginal Community-Controlled Procurement and Investment Strategy in partnership with Aboriginal peak bodies.
- Launched the new eCARL portal for mandatory notifiers.
- Convened the second Child Protection and Family Support Symposium.
- Established the Child Protection and Family Support Sector Workforce Strategy following sector-wide engagement.
- Consulted on and delivered a new Statement of Commitment to South Australian foster and kinship carers.

Targets 2025-26

- Expand family group conferencing for Aboriginal children and young people, including in the regions.
- Partner with Wakwakurna Kanyini to develop an Aboriginal led action plan to sequence priorities from *Safe and Supported: the Aboriginal and Torres Strait Islander First Action Plan 2023-26*, the Child Protection Schedule to the *Closing the Gap Implementation Plan*, and the government's response to *Holding on to Our Future* to align with community needs and strategic objectives.
- Develop a Statement of Commitment for both children and young people, as well as birth families, to articulate the department's commitment to working together with children and young people in care.
- Launch a new carer attraction and retention strategy, building on the 'Foster the Feeling' campaign, to grow our valued carer base.
- Develop and implement a best-practice model of care for at risk unborn children and infants, with a multidisciplinary, therapeutic focus aimed at effective intervention and safety within families.
- Launch the DCP Workforce Strategy and initiate a recruitment campaign targeting students and job seekers to build a sustainable, trauma-responsive workforce.

Explanation of significant movements

The decrease in expenses between the 2025-26 Budget and 2024-25 Estimated Result is primarily due to additional supplementation in 2024-25 to support the number of children and young people in non-family based care ($72 million). The department is continuing its review and implementation of service optimisation to ensure that services are delivered effectively and efficiently.

The increase in expenses between the 2024-25 Budget and 2024-25 Estimated Result is primarily due to increased costs associated with providing care services ($156 million).

The increase in income between the 2025-26 Budget and 2024-25 Estimated Result is primarily due to the increase in funding of the KidSafe Connect program (Stage 1) through the digital investment fund ($7 million).

The decrease in income between the 2024-25 Estimated Result and 2023-24 Actual is primarily due to the recognition of in-kind services provided by Shared Services SA and the Department of the Premier and Cabinet in 2023-24 which has not been budgeted for in 2024-25 ($5 million).

The increase in expenses between the 2024-25 Estimated Result and the 2023-24 Actual is primarily due to increased costs associated with providing care services ($45 million).

Summary of major variations

Statement of comprehensive income — controlled

Explanation of significant movements

Variations to income and expenses are described at the program level.

Statement of financial position — controlled

Explanation of significant movements

The $16.7 million increase in net assets between the 2025-26 Budget and the 2024-25 Estimated Result is primarily due to:

- an increase in non-current assets resulting from KidSafe Connect program (Stage 1) investing project ($7.3 million)
- an increase in cash holdings as a result of increased deposits with the Treasurer ($5.7 million)
- an increase in non-current assets resulting from the Leasehold, ICT Equipment and Furniture office accommodation project ($5.1 million).

The $36.3 million decrease in net assets between the 2024-25 Budget and the 2024-25 Estimated Result is primarily due to:

- a decrease in cash deposits with the Treasurer ($31.3 million)

partially offset by

- an increase in non-current assets relating to residential care facilities ($3.5 million)
- a decrease in non-current assets relating to leasehold, ICT equipment and furniture, primarily as a result of delays in the office accommodation project ($3.8 million).

The $3.1 million increase in net assets between the 2024-25 Estimated Result and the 2023-24 Actual is primarily due to an increase in cash deposits with the Treasurer ($3.3 million).

Statement of cash flows — controlled

Explanation of significant movements

The movement in cash outflows and inflows is generally consistent with the movements described above for the Statement of comprehensive income and the Statement of financial position.

Program 1: Rehabilitation and Reparation

Description / objective

Prisoners and offenders are provided with a range of rehabilitation programs that address causes and consequences of offending, as well as enabling reparation to the community for offences committed.

Programs address offending behaviour and factors related to social disadvantage such as levels of education, homelessness and unemployment, to enhance successful community reintegration. Focus is also brought to activities that engage and support victims of crime.

The South Australian community benefits through a reduction in the rate of re-offending and an associated reduction in the economic and social cost of crime.

Highlights 2024-25

- Built on DCS' nation leading recidivism rate of 35.8% by continuing to focus resources on extending and evolving evidence-based rehabilitation and reintegration programs.
- Expanded Work Ready Release Ready (WRRR) Plus program, with a new industry streams approach to improve post-release pathways for participants.
- Delivered South Australia's Closing the Gap implementation plan, continued to deliver Lemongrass Place, launched the Wardli-ana Tapa program, implemented violence prevention programs and established a mandatory training framework for correctional officers.
- Released DCS Women's Framework and Action Plan 2025-2030.
- Partnered with Offenders Aid Rehabilitation Services (OARS) smart recovery program promoting drug and alcohol initiatives and provided therapeutic services to at risk adults.
- Launched the DCS African Services Strategy and Action Plan.

Targets 2025-26

- Support the government's ongoing commitment to reduce re-offending 20% by 2026.
- Expand the WRRR Plus program across all sites.
- Deliver on the next DCS Women's Offender Framework and Action Plan.
- Implement and deliver DCS' actions in South Australia's Closing the Gap Implementation Plan and Australia's Aboriginal Justice Strategy.
- Develop and commence implementation of a new education and training strategy.
- Design and deliver Yalakiana Tapa — Program 3; a residential cultural and therapeutic program for Aboriginal people released from custody to bail.
- Deliver the DCS African Services Strategy and Action plan.

Explanation of significant movements

The increase in income in the 2024-25 Estimated Result compared to the 2023-24 Actual ($1.4 million) is primarily due to lower receipts for prison industries in 2023-24.

The increase in expenditure in the 2024-25 Estimated Result compared to the 2024-25 Budget ($2.8 million) is due to Commonwealth funding for Cross Borders Reintegration programs, Aboriginal cultural programs and other support service programs in 2024-25.

The increase in expenditure in the 2024-25 Estimated Result compared to the 2023-24 Actual ($2.7 million) is primarily due to the revaluation of workers compensation in 2023-24 and the carryover of funds for various rehabilitation programs into 2024-25.

Program 2: Custodial Services

Description / objective

Effective services are delivered in custodial environments, while ensuring public and prisoner safety and containment of individuals in accordance with court orders.

Custodial services implement a range of security and management regimes that ensure risks are managed, the prison environment is secure, safe and humane, and there is delivery of a range of rehabilitation activities.

Highlights 2024-25

- Completed the procurement process for an additional 40 residential beds at the Adelaide Women's Prison (AWP) and commenced construction.
- Commenced the procurement process for an additional 312 high-security residential beds and support facilities at Yatala Labor Prison (YLP).
- Refurbished Bluebush high-security units and commenced refurbishment works on Greenbush high-security units at Port Augusta Prison (PAP).
- Launched the DCS Suicide Prevention Action Plan, in accordance with the *Suicide Prevention Act 2021.*
- Finalised the evaluation process for the procurement of body-worn cameras.

Targets 2025-26

- Commission the refurbishment of Greenbush units at PAP, incorporating a prisoner vocational training program.
- Review and enhance the drug detection capability of the operational security unit.
- Continue construction of additional residential beds at AWP.
- Commence the construction of 312 high-security beds at YLP.
- Introduce body scanners across targeted prison sites.
- Implement the Aboriginal Employment, Retention and Professional Development Strategy.

Explanation of significant movements

The decrease in income in the 2025-26 Budget, 2024-25 Estimated Result and 2024-25 Budget compared to the 2023-24 Actual is primarily due to contributed services received free of charge from Shared Services SA and the receipt of insurance claims in 2023-24.

The increase in expenditure in the 2024-25 Estimated Result compared to the 2024-25 Budget ($7.9 million) is primarily due to expenditure associated with increased prisoner numbers.

The increase in expenditure in the 2024-25 Estimated Result compared to the 2023-24 Actual ($6.0 million) is due to the revaluation of workers compensation in 2023-24 and higher operating costs due to increased prisoner numbers in 2024-25.

Program 3: Community-Based Services

Description / objective

Supervision of offenders in community-based settings and in accordance with an order of the court or the Parole Board.

Community-based supervision of offenders is an important part of correctional service delivery. Evidence indicates that the application of an appropriate community-based order, monitoring and rehabilitation regime, can improve the probability that a person will not re-offend. The department's community-based services include home detention, bail supervision, intensive bail supervision, extended supervision orders, parole and probation services, community services and the preparation of court reports.

Highlights 2024-25

- Conducted a process review of the Marni Tapa cultural support pilot (Yalakiana Tapa — Program 1) and transitioned the program to community corrections operations.
- Implemented Yalakiana Tapa — Program 2 focusing on cultural and community reintegration, tenancy support and intensive case management for Aboriginal people.
- Undertook broad scoping of the alcohol and other drug (AOD) sector and Aboriginal specialist models, ahead of introducing Yalakiana Tapa — Program 3: AOD residential cultural program.
- Continued to deliver the Lemongrass Place program, in partnership with an Aboriginal Community Controlled Organisation (ACCO), to support the reintegration of Aboriginal men from remote communities.

Targets 2025-26

- Partner with OARS Community Transitions to support men released from custody on parole or release-ordered home detention, with access to WorkPlace.
- Implement alternative community corrections reporting centres which are culturally and gender responsive.
- Deliver targeted discharge planning projects, in consultation with Shaping Corrections, to improve discharge planning practices.
- Consult with DCS staff in designing and implementing a staff peer support program.
- Construct and commission an internal fit out of a new Port Augusta Community Corrections Centre.
- Continue to implement the Safe at Work Strategy and Action Plan.

Explanation of significant movements

The decrease in income in the 2025-26 Budget, 2024-25 Budget and 2023-24 Actual compared to the 2024-25 Estimated Result is primarily due to the transfer of the former youth justice facility at Jonal Drive, Cavan from Department of Human Services which occurred in 2024-25.

The increase in expenditure in the 2024-25 Estimated Result compared to the 2024-25 Budget ($6.7 million) is primarily due to the increased demand for electronic monitoring and costs associated with the refurbishment and operation of Jonal Drive in 2024-25.

The increase in expenditure in the 2024-25 Estimated Result compared to the 2023-24 Actual ($8.0 million) is primarily due to the revaluation of workers compensation in 2023-24, and increased demand for electronic monitoring and costs associated with the refurbishment and operation of Jonal Drive in 2024-25.

Summary of major variations — controlled

Statement of comprehensive income — controlled

Explanation of significant movements

Variations to income and expenses are described at the appropriate program level.

Statement of financial position – controlled

Explanation of significant movements

In addition to the variances described under the program summaries, the variances to the statement of financial position include:

- The $19.7 million increase in cash and cash equivalents in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to an increase in the accrual appropriation balance in 2025-26 for investment in major infrastructure projects.
- The increase in cash and cash equivalents in the 2024-25 Estimated Result compared to the 2024-25 Budget and 2023-24 Actual is primarily due to increases in the accrual appropriation balance and expected increased cash balances in 2024-25 to fund major infrastructure projects.
- The increase in non-current assets in the 2025-26 Budget, 2024-25 Estimated Result and 2024-25 Budget compared to the 2023-24 Actual is primarily due to major prisoner accommodation and redevelopment projects.
- The $15.6 million increase in current liabilities in the 2024-25 Estimated Result compared to the 2024-25 Budget is primarily due to payables for prisoner accommodation and redevelopment projects.
- The $9.2 million decrease in non-current liabilities in the 2024-25 Estimated Result compared to the 2024-25 Budget is primarily due to the revaluation of workers compensation.

Key agency outputs

The State Courts Administration Council, directly and through the efforts of all the staff of the Courts Administration Authority and its volunteers, aims to:

- provide administrative support to the South Australian courts
- improve court facilities
- foster an environment in which judicial officers, staff and volunteers can contribute to effective performance of the courts system
- keep up to date with technological developments and apply those that are appropriate to improve the performance of the courts system
- cooperate with other parts of the justice system to provide access to justice and where appropriate improve the overall performance of the justice system.

The Courts Administration Authority provides participating courts and court users with services and facilities that support the proper administration of justice.

Explanation of significant movements

The increase in expenses in the 2025-26 Budget compared to the 2024-25 Estimated Result ($2.7 million) is primarily due to additional funding for security staff and the carryover of time-limited funding for Operation Ironside and the Alzuain Trial in 2025-26.

The decrease in expenses in the 2024-25 Budget compared to the 2023-24 Actual ($2.0 million) is primarily due to costs incurred in the sale of the Holden Hill Magistrates Court and payment of proceeds to the consolidated account in 2023-24.

The decrease in income in the 2024-25 Budget compared to the 2023-24 Actual ($0.8 million) is primarily due to the proceeds of sale from the Holden Hill Magistrates Court and resources received free of charge, offset by reduced revenue collections in 2023-24.

Sub-program 1.2: Intervention Programs

Description/objective

The intervention programs operate in the Treatment Intervention Court and the Family Violence Court. These programs provide supervised access to treatment and rehabilitation services with the aim of reducing recidivism.

In the Treatment Intervention Court, program eligibility requires a guilty plea and a link between offending behaviour and a mental health disorder, including problem gambling or substance dependence. Participation in treatment occurs pre-sentence and progress in treatment is taken into consideration when sentencing occurs. The Treatment Intervention Court operates in all Adelaide metropolitan courts, as well as Murray Bridge and Mount Gambier Magistrates Courts. The Treatment Intervention Court also includes two Aboriginal Community Courts at Elizabeth and Adelaide Magistrates Courts. Eligibility for these programs is the same as the mainstream programs, with the difference being that treatment is provided by Aboriginal community controlled organisations.

The Abuse Prevention Program operates in the Family Violence Court in all Adelaide metropolitan Magistrates Courts and accepts referrals from all country courts. Men who are issued with an intervention order for the protection of their female partner can be mandated to participate in the Abuse Prevention Program. This program provides supervised access to men's behaviour change programs and monitoring of compliance regarding attendance and engagement with the program.

Highlights 2024-25

- Continued an increase in the number of Abuse Prevention Program referrals.
- Conducted a small-scale review of the Abuse Prevention Program with the Attorney-General's Department.

Explanation of significant movements

The increase in expenses in the 2024-25 Estimated Result compared to the 2024-25 Budget ($1.5 million) is primarily due to increased depreciation costs due to a revaluation of land and buildings and reclassification of expenditure between operating and investing.

The decrease in expenses in the 2024-25 Budget compared to the 2023-24 Actual ($2.3 million) is primarily due to costs incurred in the sale of the Holden Hill Magistrates Court and payment of proceeds to the consolidated account in 2023-24.

The increase in income in the 2024-25 Budget compared to 2023-24 Actual ($0.6 million) is primarily due to reduced revenue collections offset by the proceeds of sale from the Holden Hill Magistrates Court and resources received free of charge in 2023-24.

Objective

Defence SA is South Australia's lead government agency for all defence and space related matters. The agency is a single point of contact for all defence and space stakeholders, streamlining their interaction across the Government of South Australia. Defence SA captures valuable economic opportunities in the shipbuilding, cyber and systems, defence science and research and space domains.

Working closely with Defence and industry, the agency targets opportunities, drives and supports the delivery of major defence and space projects and facilities, and pursues the location of additional Defence units and capabilities within the state. Defence SA also plays a key role in supporting the Commonwealth Government's strategic defence policy through increasing local industry participation and ensuring state-of-the-art infrastructure and a highly skilled, industry-ready workforce is in place to underpin defence projects.

Through the South Australian Space Industry Centre (SASIC) the agency seeks to support the Australian Space Agency's national strategic objectives and drive space industry innovation, research and entrepreneurial development. SASIC supports space entrepreneurs, provides grant funding for space projects and has built an environment where new space technologies can be rapidly developed.

The agency ensures business capabilities are stimulated by aligning local research and development, infrastructure and regulation with industry needs to expand capability by working to attract and retain talent in the state.

The Defence Innovation Partnership (DIP), established in 2017, fosters collaboration and engagement between government, universities/research organisations and industry. DIP builds research collaborations to deliver innovative solutions to the Department of Defence by creating connections, attracting research and development funding and supporting the translation of defence and national security research and development.

Veterans SA was established in 2008 as the first state jurisdiction to recognise the importance of a Veterans Affairs portfolio. Veterans SA encourages a strong, vibrant, and empowered veteran community, inclusive of all generations, that is understood, valued and appropriately acknowledged by all South Australians. Veterans SA also provides administrative support to the Veterans' Advisory Council, which provides independent advice to the Minister for Veterans Affairs, who is responsible for the Veterans' Affairs portfolio.

Key agency outputs

Key priorities for Defence SA:

- maximising business opportunities by influencing policy, connecting industry to global supply chains and attracting investment
- growing the globally competitive and sustainable naval shipbuilding industry
- building a thriving and enduring South Australian space ecosystem and supporting Australia's national space strategy
- positioning South Australia as a centre for advanced defence technologies and expertise
- building business capacity by working to attract and retain talent in the state
- stimulating business capability by aligning local research and development, infrastructure and regulation with industry needs
- supporting the development and sustainment of Defence and industrial infrastructure
- supporting industry in developing export market opportunities
- facilitating connection and collaboration with and amongst the South Australian veteran and Defence community and the wider South Australian community to build a strong and effective veteran network
- empowering and building capacity within the South Australian veteran and Defence community through evidence and research informed education, programs and initiatives

- educating the wider South Australian community about the value and positive impact that veterans and their families bring to the South Australian community
- honouring the service and sacrifice of service people and the experiences of the families that support them.

Investing expenditure summary

Defence SA has no investment program in 2025-26.

Defence SA will now commence the creation of the Australian Space Assembly and Integration Centre to be located within the Innovation Centre at Lot Fourteen in 2028.

Program 1: Defence Industry Development

Description/objective

This program delivers strategy and policy development that provides leadership across government on all defence related matters.

It targets national and international business development opportunities, seeks to maximise local industry participation and ensures that a highly skilled, industry-ready workforce is in place and the necessary infrastructure exists to underpin major Defence projects.

This program seeks to support the growth of Defence and sustainable defence industries in South Australia across shipbuilding, aerospace, information warfare and defence science and research domains.

The program also incorporates the state's initiatives to promote the growth of defence research and development activity in South Australia through the Defence Innovation Partnership established in collaboration with the Commonwealth Government and South Australian universities.

The agency's administrative, financial and operational services are also included within this program.

Sub-program 1.1 Defence Industry Development

Description

This program delivers strategy and policy development that provides leadership across government on all defence related matters.

It targets national and international business development opportunities, seeks to maximise local industry participation and ensure a highly skilled, industry-ready workforce is in place to underpin Defence projects.

The agency's administrative, financial and operational services are also included within this sub-program.

Highlights 2024-25

- Identified and implemented industry opportunities into the supply chain for Virginia class submarines supporting AUKUS Pillar I.
- Increased industry participation in, and attendance at, international tradeshows and domestic defence events that support South Australian defence industry on future opportunities including Land Forces Exposition, Avalon International Airshow, UDT Norway, Sea Air Space and DSEI Japan.
- Facilitated outbound and inbound international business missions providing South Australian defence industry with the opportunity to engage with key stakeholders across government and industry from the United Kingdom, Japan, Canada, Czech Republic, Slovenia and the United States.
- Identified opportunities for South Australian industry on the Hunter class frigate program, Collins class life-of-type extension and Hobart class destroyer upgrades.
- Developed further opportunities for South Australian industry to support projects aligned to AUKUS Pillar II priorities.
- Supported the ongoing delivery of the South Australian Defence Industry Workforce and Skills Action Plan including successful delivery of the inaugural Defence and Space Careers Showcase to promote career opportunities within the sectors.
- The Defence and Space Landing Pad at Lot Fourteen continued to attract national and international defence and space companies seeking to establish a presence in South Australia.

Targets 2025-26

- Further develop opportunities for South Australian industry on the Hunter class frigate program, Collins class life-of-type extension and Hobart class destroyer upgrades.
- Identify and develop industry opportunities supporting AUKUS Pillar I and II priority areas.
- Further increase participation in and attendance at targeted international tradeshows and domestic defence events that support South Australian defence industry including DSEI United Kingdom, Indo Pacific Maritime Exposition and Sea Air Space.
- Identify opportunities to support the expansion of capabilities at the 737 Aircraft Deep Maintenance and Modification Facility adjacent RAAF Base Edinburgh.
- Foster and support a cyber capability uplift program to back South Australian industry to achieve an enhanced level of cyber awareness in support of AUKUS cyber frameworks.
- Further development of UAS/C-UAS opportunities to be supported by South Australian industry through investment attraction of national and international companies.
- Maintain the Defence and Space Landing Pad as an offering to national and international defence and space companies seeking to expand into South Australia.
- Identify opportunities to engage with businesses in regional South Australia, working with regional development agencies and authorities to establish a series of engagements to highlight the opportunities available within the state’s defence sector.

Explanation of significant movements

The movement in expenses across years primarily relates to the timing of industry assistance grants.

Sub-program 1.2 Defence Innovation Partnership

Description

The Defence Innovation Partnership (DIP) promotes growth of research and development activity in South Australia. The DIP is a joint initiative of the Government of South Australia, the Defence Science and Technology Group and South Australian universities.

The DIP works collaboratively across industry, government and the education sector to generate defence-related research and development activity for the state.

Highlights 2024-25

- Awarded two rounds of the Activator Fund, with $3.2 million in South Australian Government funding for collaborative projects, leveraging over $6 million in co-contributions from the Department of Defence, universities and industry. Projects addressed the themes of ‘Understanding and countering influence’ and ‘Sensing and sensemaking systems.’
- Funded four new Collaborative Research Fund projects in Round eight, leveraging $1.9 million co-contributions from the Department of Defence, industry and universities.
- Completed five Collaborative Research Fund projects.
- Hosted DIP research and development workshops and events, including the Convergence Series events, the Catalysed Showcase of funded projects, and consultation sessions coordinated in partnership with Defence Science and Technology Group, attracting over 450 attendees from universities, industry and government.
- Strengthened relationships with potential collaborators and funding bodies in AUKUS countries United States and the United Kingdom, including a presence at major international trade shows such as the United States Navy League’s Sea Air Space, and industry visits in support of the South Australia-Maryland Memorandum of Understanding.
- Delivered Round Two of the South Australian Space Collaboration and Innovation Fund in collaboration with the South Australian Space Industry Centre.
- Supported Defence Science and Technology Group’s student conference, ‘DSTEM’, with targeted industry visits at Lot Fourteen.

Targets 2025-26

- In close collaboration with Defence Science and Technology Group, co-design annual Activator Fund rounds for four years, and deliver the first round.
- Establish the Collaborator Funding scheme including policies, procedures and guidelines, and deliver the first round.
- Establish an Innovator Fund to kickstart international academic and industry collaborations with AUKUS and Five Eyes partners.
- Promote South Australian capabilities and build new research and development collaborations through events such as the Convergence Series and major trade shows in Australia and internationally.

Explanation of significant movements

The movement in expenses across years is primarily due to the timing of expenses associated with the Collaborative Research and Activator Fund programs.

Program 2: South Australian Space Industry Centre

Description/objective

The South Australian Space Industry Centre (SASIC) provides a whole-of-state-government focal point for both local industry and international companies and organisations. SASIC's vision is to build a thriving and enduring South Australian space ecosystem, supporting Australia's national space strategy, building on the opportunities of NewSpace.

Building on the state's strong starting position in the NewSpace economy SASIC will continue contributing to the growth rate of the national space industry and aim to increase the nation's share of the global space economy. As a complement to a national space strategy seeking aspirational growth, South Australia's priorities are selective and niche to maximise the opportunities presented by disruption and NewSpace.

Already home to over 100 space-related organisations including the Australian Space Agency, South Australia is committed to further growth of the local industry, building on the state's history of space activity.
SASIC collaborates with the Australian Space Agency, Defence Space Command and other key federal agencies to play a key role in the national space agenda.

Highlights 2024-25

- Successfully launched South Australia's state satellite, Kanyini, onboard SpaceX Transporter-11 Mission from the United States.
- Delivered round two of the Space Collaboration and Innovation Fund in collaboration with the Defence Innovation Partnership providing $200,000 funding to deliver a Radioisotope Heating Unit Project.
- Progressed plans for the design and development of the Space Assembly, Integration and Test Facility at Lot Fourteen to support sovereign space manufacturing capability.
- Supported the development of a workforce talent pipeline across Defence, Cyber and Space through the Andy Thomas Space Foundation and university initiatives including new educational offerings, hackathons, and the Australian Rover Challenge.
- Supported the 2024 graduates of Australia's space accelerator program Venture Catalyst Space, a globally recognised program dedicated to supporting startup founders to develop innovative, disruptive businesses in the international space sector.
- Supported South Australian space industry at the Space Symposium in Colorado Springs, SPACETIDE 2024 in Tokyo and the Osaka World Expo in Japan. Hosted international industry and government delegations from the United Kingdom, Japan, Canada, Czech Republic, Slovenia and the United States.

Targets 2025-26

- Continue operational support of South Australia's state satellite, Kanyini, and associated data projects.
- Continue to progress plans for the design, development and construction of the Space Assembly, Integration and Test Facility at Lot Fourteen aligned to industry demand.
- Review Space Collaboration and Innovation Fund success and initiate round three of the grant program in collaboration with the Defence Innovation Partnership.
- Develop opportunities for South Australian industry to support Space Domain Awareness projects aligned to AUKUS Pillar II priorities.
- Continue engagement and STEM outreach through supporting the Andy Thomas Space Foundation, including the Australian Space Forum to be held in South Australia annually.

- Continue support of growing start-ups and small and medium enterprises, developing products and services involving space technology, providing tailored support, mentoring and access to research networks and resources.
- Increase participation in and attendance at targeted international tradeshows and domestic space events that support South Australian defence industry including the 76th International Astronautical Congress in Sydney.

Explanation of significant movements

The movement in expenses across years is primarily the result of the timing of industry assistance grants and expenses for SA Sat1 (Kanyini) and Space AIT projects.

Program 3: Veterans SA

Description/objective

Veterans SA is dedicated to advocacy for current and former serving members of the Australian Defence Force and their families.

Veterans SA works across all levels of government, with private industry and with ex-service organisations and associations to advise, inform and educate on the unique nature of military service as it relates to uniformed members and their families, and provides information and guidance on the value and skills that this cohort of people can bring to the community.

Veterans SA engages and consults with individuals, Defence networks, ex-service organisations, civic groups and the wider community to learn the needs of the community and investigate potential ways in which government can assist in meeting those needs.

Veterans SA also plays a role in sharing information about services, supports, and programs that are available to veterans across South Australia, and provides advice to the Government of South Australia in relation to veterans' matters, as well as administering and distributing grant funds and providing secretariat support for the Minister's Veterans Advisory Council.

Highlights 2024-25

- Increased the number and diversity of businesses in the SA Veterans Employer Network to 42 businesses across industries such as education, consulting, defence, construction, mining and finance.
- Supported community commemoration projects through the Commemorative Services Fund, the Anzac Day Commemoration Fund, and the 80th Anniversary of World War II Grant Fund.
- Supported local veteran projects through the Veterans SA Capacity Building fund.
- Conducted regional outreach events in town across the Upper Spencer Gulf, including Port Pirie, Whyalla, and Port Augusta.
- Continued to build the Veterans SA Mentoring Program to build capacity and employment outcomes for veterans, their partners and working-age children.
- Extended eligibility for Veterans SA programs to partners and children of veterans.

Targets 2025-26

- Enhance connections within the veteran community to improve wellbeing, access to information and support for veteran families, particularly in regional and remote areas.
- Continue to work collaboratively with all jurisdictions on matters of importance to the veteran community.
- Conduct research into the needs of the veteran community to ensure our programs are responsive to identified needs and support gaps.
- Support the community to commemorate service and veteran families.
- Build the capability of members of the veteran community through mentoring, networking and professional development initiatives to improve employment pathways.

Objective

The Department for Education provides a range of integrated education, training and child development services to benefit children, young people and families. These services improve education and developmental outcomes for children through to transition to adulthood, reflecting the commitment to support every child and student to thrive, prosper and fulfil their potential.

School and preschool education is at the core of the department, and it recognises that the success of South Australian government schools and preschools depends on mutually-beneficial partnerships with parents and families, community, tertiary providers, industry, government and non-government organisations.

The department helps students, businesses, and industry to increase skills and participate in vocational education and training (VET) and provides wellbeing services in collaboration with the Department of Human Services and the Women's and Children's Health Network.

Ministerial responsibilities

Key agency outputs

- Support for young children and their families through the provision of education, wellbeing and care services across the state, delivered through a network of children's centres and preschools.
- Primary and secondary public education for children and young people of school age across the state, delivering on the government's priorities to improve learning and wellbeing outcomes, especially for Aboriginal and vulnerable learners.
- Provision of career education, industry engagement and pathways to employment recognised within the South Australian Certificate of Education (SACE) for young people in schools.

Investing expenditure summary

The 2025-26 investment program is $229.6 million.

The program continues the investment in government schools and preschools to support children and their families in the South Australian community.

The key investments include:

- $70.0 million over four years (commencing 2027-28) for construction of a new Birth to Year 6 school to respond to demand for school enrolment places in northern metropolitan Adelaide
- $53.9 million over four years for high priority facilities redevelopment/upgrade projects at five government schools (Fairview Park Primary School, Fraser Park Primary School, Oakbank School, Taparra Primary School and Two Wells Primary School)
- an additional $10.0 million per annum from 2025-26 onwards to support sustaining existing infrastructure at government schools and preschools
- $5.0 million additional funding for Mount Barker High School to support increased enrolment capacity, and new specialised learning areas (total project cost $9.0 million).

Program 1: Early Childhood Education

Description/objective

The department is responsible for delivering early childhood education, wellbeing and some care services for children and their families. The department recognises the important role of parents in their child's development and provides a combination of universal services and targeted interventions to achieve improved outcomes.

The provision of high-quality early childhood education, multidisciplinary interventions and targeted family support programs provide a strong basis to support every child to fulfil their potential.

The department is working closely with the Office for Early Childhood Development to prepare for the geographic roll out of universal 3-year-old preschool at government sites from 2026.

Highlights 2024-25

- Commenced Kindy Care trials, trialling three models of care with up to 20 government preschools across country and metropolitan sites.
- Commenced a Rural and Remote Solutions program to promote and attract educators to Family Day Care in targeted areas with support of a Community Child Care Fund grant.
- Finalised policy settings with the Office for Early Childhood Development and scoped infrastructure expansions in preparation for the anticipated capacity numbers at the roll out of 3-year-old preschool and associated reforms.
- Commenced priority site level planning for the delivery of 3-year-old preschool in 2026 (first government integrated hub, 41 remote and regional sites and three metropolitan demonstration sites).

Targets 2025-26

- Prepare the system to deliver a 3-year-old preschool program from 2026, with 45 sites commencing in 2026 supported by comprehensive change management and communications strategies.
- Implement a South Australian Playgroup Quality Practice Improvement Framework to assist playgroup facilitators in understanding key quality indicators and guide program planning and delivery.
- Implement a practice guide for Children's Centres to support and empower leaders and their teams in providing high-quality integrated education and care programs and services, and to strengthen family capabilities for the children and families in their communities.
- Enhance participation in government preschool through effective Kindy Care programs, leveraging learnings from the Kindy Care trials to inform next steps.

Explanation of significant movements

The decrease in income of $34.2 million in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to:

- higher income in the 2024-25 Estimated Result related to Commonwealth Government funding received for the National Preschool Reform Agreement ($31.9 million). This includes the impact of funding related to 2023-24 (received in 2024-25) and the cessation of the National Preschool Reform Agreement in December 2025 (a new agreement is being negotiated)
- higher income in the 2024-25 Estimated Result related to Commonwealth Government funding for Community Child Care Fund and Connected Beginnings ($3.1 million).

The decrease in expenses of $10.0 million in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to:

- lower expenditure in the 2025-26 Budget related to Commonwealth Government funding for the National Preschool Reform Agreement ($13.8 million) primarily due to the cessation of the National Preschool Reform Agreement ending in December 2025 (a new agreement is being negotiated)
- lower expenditure in the 2025-26 Budget related to Commonwealth Government funding for the implementation of reforms under the National Preschool Reform Agreement ($2.2 million)
- lower expenditure in the 2025-26 Budget related to Commonwealth Government funding for Community Child Care Fund ($1.9 million)

partially offset by:

- higher expenditure in the 2025-26 Budget related to the impact of indexation and the *South Australian School and Preschool Education Staff Enterprise Agreement 2024* ($10.0 million).

The increase in income of $26.0 million in the 2024-25 Estimated Result compared to the 2024-25 Budget is primarily related to Commonwealth Government funding received for the National Preschool Reform Agreement ($24.1 million). This includes the impact of funding related to 2023-24 that was received in 2024-25.

The increase in expenses of $3.3 million in the 2024-25 Estimated Result compared to the 2024-25 Budget is primarily related to Commonwealth Government funding received for the Rural Care Program ($1.6 million) and the Community Child Care Fund ($0.9 million).

The increase in income of $24.5 million in the 2024-25 Budget compared to the 2023-24 Actual is primarily due to lower Commonwealth Government funding received in 2023-24 for the National Preschool Reform Agreement ($23.8 million).

The increase in expenses of $5.4 million in the 2024-25 Budget compared to the 2023-24 Actual primarily due to:

- higher employee related expenditure in the 2024-25 Budget related to the *South Australian School and Preschool Education Staff Enterprise Agreement 2024* for preschools ($12.8 million)
- higher expenditure in the 2024-25 Budget to implement the recommendations from the Royal Commission into Early Childhood Education and Care, including the roll out of 3-year-old preschool ($6.8 million)

partially offset by:

- higher expenditure in the 2023-24 Actual related to the once-off financial impact of the mid-year intake into preschool from Term 3, 2023 ($6.4 million)
- higher expenditure in the 2023-24 Actual primarily related to repairs and maintenance of Early Childhood Services assets ($7.5 million).

Program 2: School Education

Description/objective

The department is responsible for delivering primary and secondary public education to enable children and young people to fulfil their potential and to equip them with the knowledge, skills and capabilities they will need throughout their lives.

The department supports leaders, principals and teachers to improve student growth and achievement by providing evidence-based support and advice focusing on quality learning, continuous school improvement, instructional leadership and tailored system support.

Highlights 2024-25

- Completed the expansion at Roma Mitchell Secondary College for the beginning of the 2025 school year.
- Commenced construction of the technical college located in Limestone Coast and continued construction of The Heights, Tonsley and Port Augusta technical colleges.
- Commenced construction of new school hall and gymnasium facilities at Brahma Lodge Primary School, Hillcrest Primary School, Ingle Farm East Primary School and The Pines School.
- Introduced mid-year intake in public primary schools in Term 3, 2024.
- Negotiated a new national school funding agreement that will provide 100 per cent fair funding levels to every school in South Australia by 2034.
- Commenced the phased release of the new South Australian Curriculum for Public Education.
- Released the third edition of the Keeping Safe: Child Protection Curriculum which includes strengthened activities that address respectful relationships, consent, domestic and family violence, and online safety, and support schools to transition to the new curriculum.
- Implemented the new Aboriginal funding model, ensuring funding arrangements for schools with Aboriginal children and young people are predictable and flexible.
- Introduced new pathways to defence in 20 schools with a focus on ICT, engineering and electrotechnology.
- Commenced the trial of three models of autism support in public high schools focused on supporting autistic students as they transition to high school.
- Commenced program of reform in civics education, including professional learning to support teachers.
- Increased the materials and services charge reduction from $100 to $200 in the 2025 school year.

Targets 2025-26

- Complete construction and open Port Augusta, The Heights, Tonsley and Limestone Coast Technical Colleges for students to learn the skills needed for careers in in-demand industries in South Australia.
- Continue the development of a new northern suburbs secondary school, and a new Mount Barker primary school and preschool.
- Complete the construction of new facilities at Fregon Anangu School, Seaview Downs Primary School and Pimpala Primary School.
- Commence planning and design for the 2025-26 capital works program including Two Wells Primary School, Fraser Park Primary school, Taparra Primary School and Fairview Park Primary School.
- Implement the Year 1 Numeracy Check to ensure all South Australian public primary schools participate from Term 1, 2026.
- Release a prototype of a newly developed cross-curriculum priority in civics education and host an Active Citizenship Convention for Year 10 students.

- Continuation of the $200 materials and services charge reduction for the 2026 school year.
- Develop resources and deliver professional learning for educators to deliver on the Commonwealth Government's Consent and Respectful Relationships Education measure.
- Undertake the pilot implementation of the Kaurna curriculum resource and professional learning package in collaboration with Kaurna Aboriginal Community-Controlled Organisations.
- Introduce to Parliament a Bill proposing amendments to the *Education and Children's Services Act 2019* responding to recommendations 7.1 (equal access to mainstream education) and 7.2 (prevent inappropriate use of exclusionary discipline) of the Royal Commission into Violence, Abuse, Neglect and Exploitation of People with Disability.

Explanation of significant movements

The decrease in income of $7.9 million in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to:

- once-off Commonwealth Government funding received in 2024-25 for the Schools Upgrade Fund ($17.1 million)
- once-off insurance settlements received in 2024-25 related to fire restorations at Kapunda High School ($15.5 million) and Hampstead Primary School ($1.4 million)

partially offset by:

- higher income in the 2025-26 Budget for Commonwealth Government funding for government schools ($27.1 million).

The increase in expenses of $121.0 million in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily related to the impact of the *South Australian School and Preschool Education Staff Enterprise Agreement 2024,* indexation and investment in strategies to improve educational outcomes ($129.6 million).

The increase in income of $28.5 million in the 2024-25 Estimated Result compared to the 2024-25 Budget is primarily due to:

- once-off insurance settlements related to fire restorations at Kapunda High School ($15.5 million) and Hampstead Primary School ($1.4 million)
- higher income in the 2024-25 Estimated Result related to revenue for Out of School Hours Care (OSHC) ($19.0 million). This is offset by higher expenditure
- higher income in the 2024-25 Estimated Result for Commonwealth Government funding for government schools ($10.0 million)

partially offset by:

- lower income in the 2024-25 Estimated Result due to the change in accounting treatment of the materials and services charge reduction, where the reduction is no longer recognised as a direct payment to parents and guardians but reflected as a reduction in school fees ($24.0 million).

The increase in expenses of $51.9 million in the 2024-25 Estimated Result compared to the 2024-25 Budget is primarily due to:

- higher expenditure in the 2024-25 Estimated Result related to government funding for government schools ($25.1 million)
- higher expenditure incurred by schools for Governing Council employees, mainly for OSHC staff ($19.0 million). This is offset by higher revenue
- higher depreciation due to assets being revalued in 2023-24 ($17.0 million)
- higher expenditure in the 2024-25 Estimated Result reflecting an increase in the interest rate applicable for the public private partnership arrangements for the Aldinga Payinthi College and Riverbanks College ($2.9 million)
- higher expenditure in the 2024-25 Estimated Result related to deferred expenditure from 2023-24 for funding provided to the City of Playford Council for works undertaken at Mark Oliphant College ($2.5 million)

partially offset by:

- lower grant expenditure in the 2024-25 Estimated Result due to the change in accounting treatment of the materials and services charge reduction where the reduction is no longer recognised as a direct payment to parents and guardians but reflected as a reduction in school fees ($24.0 million).

The increase in income of $15.3 million in the 2024-25 Budget compared to the 2023-24 Actual is primarily due to:

- higher income in the 2024-25 Budget related to Commonwealth Government funding for government schools ($20.4 million)
- higher income in the 2024-25 Budget related to Commonwealth Government funding for the Schools Upgrade Fund ($17.1 million)
- lower income in the 2023-24 Actuals related to the change in accounting treatment in the materials and services charge reduction ($12.0 million)

partially offset by:

- higher income in the 2023-24 Actual related to resources received free of charge for services provided by Shared Services SA, offset by higher expenditure recorded for the same purpose ($11.5 million)
- higher income in the 2023-24 Actual received by schools for OSHC fee revenue ($18.5 million). This is offset by higher expenditure.

The increase in expenses of $190.7 million in the 2024-25 Budget compared to the 2023-24 Actual mainly due to:

- higher employee related expenditure in the 2024-25 Budget related to the impact of the *South Australian School and Preschool Education Staff Enterprise Agreement 2024*, change in enrolments, indexation and investment in strategies to improve educational outcomes ($150.7 million)
- higher employee related expenditure in the 2024-25 Budget related to the mid-year intake of reception students from Term 3, 2024 ($14.0 million)
- higher expenditure in the 2024-25 Budget related to the change in accounting treatment of the materials and services charge reduction, noting that the materials and services charge reduction increased from $100 to $200 for the 2025 school year ($24.0 million)
- lower expenditure in the 2023-24 Actual for the impact of the revaluation of the worker's compensation liability in 2023-24 ($30.4 million)

partially offset by:

- higher expenditure in the 2023-24 Actual related to resources received free of charge for services provided by Shared Services SA, offset by higher revenue recorded for the same purpose ($11.5 million)
- higher expenditure in the 2023-24 Actuals related to costs incurred by Governing Councils to operate OSHC services in schools ($18.5 million). This is offset by higher revenue.

Summary of major variations

Statement of comprehensive income — controlled

Explanation of significant movements

Variations to income and expenses are described at the appropriate program level.

Statement of financial position — controlled

Explanation of significant movements

The $136.9 million increase in net assets between 2025-26 Budget and the 2024-25 Estimated Result is primarily due to:

- higher cash holdings ($148.7 million)
- higher land and improvements, mainly due to capital works at government schools ($44.6 million)

partially offset by:

- increased employee entitlements mainly related to long service leave liabilities ($43.6 million)
- higher provisions for workers compensation claims ($12.2 million).

The $544.7 million increase in net assets between the 2024-25 Estimated Result and the 2024-25 Budget is primarily due to:

- higher land and improvements, mainly due to the revaluation of assets and capital works at government schools in 2023-24 ($543.4 million)
- lower payables ($174.5 million)
- lower provisions for workers compensation claims ($33.0 million)

partially offset by:

- lower cash holdings ($157.5 million)
- increased employee entitlements mainly related to long service leave liabilities ($48.0 million).

The $569.9 million decrease in net assets between 2024-25 Budget and 2023-24 Actual is primarily due to:

- lower property, plant and equipment mainly due to the revaluation of assets in 2023-24 ($448.4 million)
- higher payables recognised in 2024-25 ($175.2 million)
- higher provisions mainly associated with workers compensation claims ($44.7 million)

partially offset by:

- higher cash holdings in 2024-25 ($91.1 million).

Statement of cash flows — controlled

Explanation of significant movements

All movements in cash inflows and cash outflows are consistent with those described at the appropriate program level and the variances outlined to the statement of financial position.

Statement of comprehensive income — administered items

Explanation of significant movements

The increase in income of $161.9 million between the 2025-26 Budget and the 2024-25 Estimated Result is primarily due to:

- higher state government funding (including appropriation and transfers from contingencies) broadly consistent with expenditure variations ($95.7 million)
- higher Commonwealth Government funding for non-government schools, including for enrolment growth ($67.2 million).

The increase in expense of $149.9 million between the 2025-26 Budget and the 2024-25 Estimated Result is primarily due to:

- higher Commonwealth Government and state government grant payments to non-government schools mainly due to the growth of student enrolments and indexation ($86.4 million)
- higher expenditure for the delivery of the government's response to the recommendations of the Royal Commission into Early Childhood Education and Care ($47.3 million) including:
  - commencing the roll out of 3-year-old preschool, including the delivery of demonstration hubs and 30-hour Preschool Plus program for children most in need, the provision of a consistent approach to 4-year-old preschool, and infrastructure grants for additional preschool capacity in non-government services ($30.8 million)
  - increased delivery of initiatives to grow and support the early childhood workforce, expand child health and development checks and commence the second stage of establishment of statewide network of Local Teams ($14.6 million)
- higher transport concessions for students reflecting the impact of the reduction to the cost of a 28-day student pass to $10 ($18.1 million)

partially offset by:

- once-off funding provided to the History Trust of South Australia in 2024-25 for urgent structural and accessibility compliance works at the Migration Museum ($6.3 million).

The increase in income of $51.4 million between the 2024-25 Estimated Result and the 2024-25 Budget is primarily due to:

- higher Commonwealth Government funding for non-government schools, including for enrolment growth and the workload reduction fund ($55.5 million)

partially offset by:

- transfer of appropriation relating to functions of the South Australian Skills Commission and VET student transport concessions to the administered items for the Department for State Development as part of the Machinery of Government changes on 1 July 2024 ($8.9 million).

The increase in expense of $54.8 million between the 2024-25 Estimated Result and the 2024-25 Budget is primarily due to:

- increase in Commonwealth Government and state government grant payments for non-government schools ($63.1 million)

partially offset by:

- the transfer of functions of the South Australian Skills Commission and VET student transport concessions to the administered items for the Department for State Development as part of the Machinery of Government changes on 1 July 2024 ($9.0 million).

The increase in income of $136.6 million between the 2024-25 Budget and the 2023-24 Actual is primarily due to:

- appropriation broadly consistent with expenditure variations ($85.6 million)
- higher Commonwealth Government funding for non-government schools, including for enrolment growth ($60.6 million).

The increase in expense of $135.4 million between the 2024-25 Budget and the 2023-24 Actual is primarily due to:

- higher Commonwealth Government and state government grant payments to non-government schools mainly due to the growth of student enrolments and indexation ($88.8 million)
- establishing the Office for Early Childhood Development as a system steward for the delivery of the government's response to the recommendations of the Royal Commission into Early Childhood Education and Care. This includes growing and supporting the early childhood workforce and increasing delivery of child health and development checks in line with the planned phased expansion of the South Australian screening system ($39.6m)
- once-off funding to the History Trust of South Australia for urgent structural and accessibility compliance works at the Migration Museum ($6.3 million).

The Office for Early Childhood Development, which is separately reported in Department for Education Administered Items, has the following highlights and targets:

Description/objective

Guided by the recommendations of the Royal Commission into Early Childhood Education and Care, the Office for Early Childhood Development (OECD) is the steward of the early childhood system in South Australia.

The OECD works to bring together a holistic, connected system for early childhood development across South Australia, with the goal of reducing the rate of children entering school developmentally vulnerable. Critical to this is the roll out of universal 3-year-old preschool starting from 2026, giving every child access to 2 years of teacher-led, play-based early learning before school.

Highlights 2024–25

- Legislation passed to formally establish the OECD as system steward for early childhood reform.
- Undertook a detailed, sector-wide consultation and engagement process to inform key policy settings for the roll out of 3-year-old preschool, including contracting and commissioning, infrastructure, workforce and universal supports.
- Established the Aboriginal Co-Design Governance Group, overseeing the statewide co-design process to support better outcomes for Aboriginal children and families.
- Commenced implementation of the Early Childhood Workforce Strategy, including awarding over 320 scholarships to attract and retain early childhood teachers and educators.
- Established a statewide network of OECD Local Teams to support reform implementation, engagement and sector readiness.
- Undertook contracting and commissioning process with long day care providers in readiness to deliver 3-year-old preschool from 2026 and confirmed the first five integrated hub sites.

Targets 2025–26

- Commence the roll out of 3-year-old preschool across partnered long day care services, government sessional preschools, and integrated hub demonstration sites.
- Introduce Preschool Boost, a funding program to support partner preschools to do more to address development vulnerability.
- Launch key sector and workforce supports including the Preschool Toolkit and Professional Networks.
- Announce first round of infrastructure grants and commence service expansions in priority locations.
- Release and implement the Aboriginal Early Childhood Workforce Strategy and make recommendations to government on investments in initiatives for Aboriginal children, so they retain and increase the benefits of 3-year-old preschool, as endorsed by the Aboriginal Co-Design Governance Group.
- Further expand the Child and Family Heath Service with additional Child Health and Development Check providers focused on underserved communities, including prioritising Aboriginal Community Controlled Health Organisations.
