STATE BUDGET
2025-26

BUDGET PAPER 1: BUDGET OVERVIEW

A summary publication capturing all highlights from the 2025-26 Budget.

BUDGET PAPER 2: BUDGET SPEECH

A copy of the Treasurer's speech, delivered to Parliament.

BUDGET PAPER 3: BUDGET STATEMENT

A financial report presenting the state government's current and estimated future economic performance, fiscal strategy, budget priorities, expenditure, revenue, assets, liabilities, risks and government business.

BUDGET PAPER 4: AGENCY STATEMENTS | VOLUMES 1, 2, 3, 4

Various financial reports presenting the state government's current and estimated revenue, expenses and performance by agency.

BUDGET PAPER 5: BUDGET MEASURES STATEMENT

A financial report detailing the state government's expenditure, savings and revenue initiatives.

ACKNOWLEDGEMENT OF COUNTRY

We acknowledge Aboriginal people as the state's first peoples, nations and Traditional Owners of South Australian land and waters. We recognise that their unique cultural heritage, customs, spiritual beliefs and relationship with the land are of ongoing importance today, and we pay our respects to Elders past, present and emerging leaders of the future.

Definitions

Agency

An agency is an administrative unit created under the *Public Sector Act 2009* or a statutory authority that is accountable for the delivery of programs on behalf of the government.

Programs and sub-programs

A program is a group of related activities that contribute to achieving one of an agency's objectives and, in turn, the government's objectives. Many programs are further divided into sub-programs with more specific objectives.

Overview

The agency statements outline projected agency activity and performance for 2025-26. Each agency statement conforms to the following standard presentation structure:

- Objective — outlines the agency's objectives
- Ministerial responsibilities — identifies the minister responsible for each program/sub-program and identifies any items administered by the agency on behalf of the minister(s)
- Ministerial office resources — details the resources provided to ministerial office(s)
- Workforce summary — summarises the agency's workforce
- Program net cost of services summary — summarises the net cost of agency programs
- Key agency outputs — summarises services provided
- Investing expenditure summary — summarises investing expenditure for the agency
- Program/sub-program information — for each agency program/sub-program, provides a description/objective, program summary (income, expenses and full-time equivalents), financial commentary, highlights and targets, performance and activity indicators
- Financial statements — budgeted financial statements for controlled and administered items
- Summary of major variations — explanation of significant movements not included at the program/sub-program level.

Presentation of changes in program structures

Where a program or function is transferred between agencies, program information for previous years is reflected in the current program structure of the receiving agency.

In contrast, the agency financial statements are based on the actual program structure for the agency as it operated or is expected to operate in each year. This distinction in treatment is drawn so that financial statements accurately reflect events while, at the same time, program information is comparable and not duplicated.

Reconciliation of the financial statements to the current program structure is contained in the program net cost of services summary located at the beginning of each relevant agency section.

Financial statements

The estimated financial statements included in the 2025-26 Agency Statements are estimates which include, for each agency, a statement of comprehensive income, a statement of financial position and a statement of cash flows.

The presentation of these estimated financial statements is consistent with the requirements of *AASB 101 Presentation of Financial Statements* and *AASB 107 Statement of Cash Flows*.

Estimates in these financial statements have been prepared:

- on a basis that is consistent with Treasurer's Instructions and Australian Accounting Standards applicable for the 2025-26 financial year,
- on an accrual basis, except for the statement of cash flows which has been derived from the statement of comprehensive income and statement of financial position to reflect cash payments and receipts, and
- using historical costs as the measurement basis, except for certain assets and liabilities that are measured in accordance with the financial reporting policies applicable.

Consistent with Australian Accounting Standards, estimated transactions and balances that are controlled are budgeted for, and reported on, separately to estimated transactions and balances which are administered but not controlled by the agency.

Ministerial responsibilities

The ministerial responsibilities table provides a comprehensive list of the agencies and programs which fall under the responsibility of each minister, and is presented in Ministerial Order of Precedence.

Objective

The Department of the Premier and Cabinet delivers specialist policy advice to the Premier and ministers and supports the Cabinet process. It also has overarching responsibility for Commonwealth-state relations and manages the Premier's National Cabinet and Council for the Australian Federation agenda.

The department leads the implementation of South Australia's strategic priorities and policy commitments in the areas of international relationships, and economic and social development, including the coordination of South Australia's role under the AUKUS submarine program.

The department provides leadership across government policy development for Autistic and autism communities, and on multicultural affairs, and the arts.

Less: **Net costs transferred in**				
Creative Industries from Department for Industry, Innovation and Science on 1 October 2023	—	—	—	5 149
Cross Border Commissioner from Department of Primary Industries and Regions on 11 April 2024	—	—	—	295
Office of the Commissioner for Public Sector Employment from the Attorney-General's Department on 1 July 2024	—	245	—	-359
Equals: **Net cost of providing services** (as per agency statement of comprehensive income)	**370 578**	**359 152**	**287 917**	**339 514**

(a) Amounts may differ from 2024-25 Agency Statements due to machinery of government changes and the realignment of corporate overheads across the agency.

(b) The net cost of services for individual programs are shown on a full-year basis, whereas the agency financial statements reflect revenues and expenses from the effective date of the transfer of some programs.

Key agency outputs

The Department of the Premier and Cabinet provides central agency leadership in responding to issues that affect South Australia's future prosperity. We work collaboratively with other government departments to ensure a whole of government approach is taken in achieving the Premier's vision for South Australia.
Key agency outputs include:

- support Cabinet in its role as government's central decision-making body regarding development of new policy or legislation, initiatives and public works with significant costs, major appointments and partnership agreements for Commonwealth Government funding
- provide strategic advice to the Premier and Cabinet for collaborating with the Commonwealth Government to ensure funding and investment in South Australia's best interests
- coordinate the state's preparations for the AUKUS submarine program

- through the South Australian Productivity Commission, provide independent recommendations to improve the rate of economic growth and productivity of the South Australian economy through extensive inquiry processes
- through Infrastructure SA, provide advice on the state's requirements for significant infrastructure with respect to economic growth and delivery of public services in accordance with the *Infrastructure SA Act 2018*
- through the Premier's Delivery Unit, ensure the timely delivery of the government's election commitments and other major policies, projects, initiatives and reforms as identified by the government
- through the Office of the Commissioner for Public Sector Employment, develop an innovative, responsive and inclusive public sector so it is an employer of choice that delivers the best outcomes for the South Australian community
- develop policies that promote cultural diversity including delivery of grant programs, events, awards, community forums, support programs and resources which contribute to the government's commitment to support our diverse and vibrant multicultural community
- provide funding support programs to South Australian artists, musicians, and arts and creative organisations and sectors
- develop policies and initiatives, in collaboration with government agencies, to support improved outcomes for Autistic and autism communities.

Investing expenditure summary

The 2025-26 investment program is $136.7 million.

Program 1: Premier and Cabinet Policy and Support

Description/objective

Coordination and leadership of the strategic economic and policy priorities of the state. Support to the Premier and Cabinet through rigorous Cabinet process across government (including thorough analysis of the risks, costs and benefits of proposals), cross government policy, and communication activities.

Deliver protocol and international engagement programs promoting the state and its competitive advantages and offerings, showcasing South Australia's strategic industries, businesses, knowledge institutions, community and regions.

Highlights 2024-25

- Supported the government's intervention and engagement to secure the future of the Whyalla steelworks and support the Whyalla community.
- Supported former High Court Chief Justice, Robert French AC, to deliver an examination of children's access to social media and worked with the Commonwealth Government on a national approach to a legislated minimum social media age.
- Negotiated the best possible outcomes for South Australia and supported the Premier in intergovernmental forums, including through National Cabinet and the Council for the Australian Federation on key issues including health, disability reform, education, housing, ending gender-based violence and antisemitism; and continued to implement the Adelaide City Deal.
- Led whole of government economic, social and environmental reform, including piloting innovative solutions to address policy challenges.
- Developed and delivered strategically aligned international programs for the Premier, Governor, Government of South Australia officials, key international stakeholders, and diplomatic and official visitors to South Australia, to promote the state and further developed bi-lateral cooperation. Delivered promotional and ceremonial state events on behalf of the Premier.
- Developed and publicly released the South Australian Innovation Places Leadership Framework 2024-2034 to connect South Australia's innovation places, drive business attraction, grow a skilled workforce and leverage investment; and delivered the updated Lot Fourteen Master Plan 2024 to guide continued delivery of the Lot Fourteen innovation and cultural district in line with the strategic vision and objectives set out in the Lot Fourteen Strategic Plan 2022-2026.
- In partnership with the Commonwealth Government, coordinated the joint effort between state government agencies to deliver on South Australia's role in the AUKUS submarine program.
- Finalised construction of Barossa Park (Lyndoch Recreation Park Redevelopment) to host 2025 AFL Gather Round matches.

Targets 2025-26

- Negotiate the best possible outcomes for South Australia and support the Premier in intergovernmental forums, including through National Cabinet and the Council for the Australian Federation; and continue to implement the Adelaide City Deal.
- Lead whole of government economic, social, and environmental reforms, including piloting innovative solutions to major policy challenges.
- Develop and deliver strategically aligned international programs for the Premier, Governor, Government of South Australia officials, key international stakeholders, and diplomatic and official visitors to South Australia, to promote the state and further developed bi-lateral cooperation. Deliver promotional and ceremonial state events on behalf of the Premier.

- Continue to lead implementation of the South Australian Innovation Places Leadership Framework 2024-2034 and delivery of the Lot Fourteen innovation and cultural district in line with the Lot Fourteen Strategic Plan 2022-2026.
- Continue to work in partnership across state, federal and local governments along with industry and other stakeholders to deliver on South Australia's role under the nuclear-powered submarine enterprise.
- Progress design and commence construction works for the North Adelaide Golf Course Redevelopment.
- Enhance South Australia's Disaster Recovery Funding Arrangements to maximise funding for critical recovery and restoration activities, working in close partnership with the Commonwealth Government.

Program summary — income, expenses and FTEs

FTEs as at 30 June (No.)	**296.9**	305.7	252.4	243.7

Explanation of significant movements

The increase in income in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to:

- additional income during 2025-26 for the Adelaide City Deal with the Commonwealth Government ($6.8 million)

partially offset by

- additional income during 2024-25 from Renewal SA associated with the agreement with Adelaide University regarding tenancy at Lot Fourteen ($4.8 million).

The increase in expenses in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to:

- additional expenses during 2025-26 for:
  - the Adelaide City Deal with the Commonwealth Government ($40.7 million)

- the Government Advertising and Insights Hub ($1.9 million)

partially offset by

- additional expenses during 2024-25 as a result of:
  - the timing of expenses associated with support for business events and initiatives ($23.2 million)
  - an agreement with Adelaide University regarding tenancy at Lot Fourteen ($4.8 million).

The decrease in income in the 2024-25 Estimated Result compared to the 2024-25 Budget is primarily due to:

- lower income in 2024-25 for the Adelaide City Deal with the Commonwealth Government ($12.7 million)

partially offset by

- additional income during 2024-25 from Renewal SA associated with the agreement with Adelaide University regarding tenancy at Lot Fourteen ($4.8 million).

The increase in expenses in the 2024-25 Estimated Result compared to the 2024-25 Budget is primarily due to:

- additional expenses during 2024-25 for:
  - revised timing of support for business events and initiatives ($20.2 million)
  - variations to the allocation of corporate expense resulting from machinery of government changes ($11.5 million)
  - an agreement with Adelaide University regarding tenancy at Lot Fourteen ($4.8 million)
  - support for business events and investment attraction in South Australia ($2.5 million).

The decrease in expenses in the 2024-25 Budget compared to the 2023-24 Actual is primarily due to:

- additional expense during 2023-24 for:
  - the Adelaide City Deal with the Commonwealth Government ($2.1 million)
  - public information activities ($1.2 million).

Program 2: SA Productivity Commission

Description/objective

The South Australian Productivity Commission is an independent body established to make recommendations to the government to facilitate productivity growth, unlock new economic opportunities, support job creation and remove existing regulatory barriers within South Australia.

Highlights 2024-25

- Completed the inquiry 'Positioning all South Australians to Share in the Benefits of Economic Growth'.
- Progressed the research program by continuing to develop our understanding of the drivers of South Australia's relative productivity performance.
- Continued to promote public understanding of the objectives and functions of the Commission, including through public speaking engagements.

Targets 2025-26

- Complete new inquiry.
- Progress the research program into the drivers of South Australia's relative productivity performance.
- Promote public understanding of the objectives and functions of the Commission, including through public speaking engagements.

No major variations.

Program 3: Infrastructure SA

Description/objective

Infrastructure SA is an independent body established to provide trusted expert advice to government to enable informed and integrated decisions on infrastructure planning, investment, delivery, and optimisation.

Infrastructure SA provides independent expert advice to government on the planning, management, and delivery of major capital investment over $50 million.

Highlights 2024-25

- Delivered a new evidence based, outcomes focused 20-Year State Infrastructure Strategy, that complements the Greater Adelaide Regional Plan, other non-metropolitan regional plans, South Australia's Transport Strategy and other key government strategies.
- Delivered the 2024 Capital Intentions Statement incorporating a five year forward assessment of the government's infrastructure portfolio.
- Coordinated submissions to Infrastructure Australia of nationally significant initiatives for possible inclusion in a revised Infrastructure Priority List.

Targets 2025-26

- Coordinate the across government implementation of the 2025 20-Year State Infrastructure Strategy.
- Develop the 2025 Capital Intentions Statement which will respond to the recommendations in the 20-Year State Infrastructure Strategy and the Greater Adelaide Regional Plan.
- Continue to ensure best practice in infrastructure planning and delivery through the assurance program function and the provision of key insights to government.

Program summary — income, expenses and FTEs

	2025-26 Budget	2024-25 Estimated Result	2024-25 Budget	2023-24 Actual

FTEs as at 30 June (No.)	**12.8**	15.2	12.8	15.8

Explanation of significant movements

The decrease in income and expenses in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to assurance reviews and project monitoring undertaken in 2024-25 funded by agencies ($2.4 million).

The decrease in income and expenses in the 2024-25 Budget compared to the 2023-24 Actual is primarily due to assurance reviews conducted in 2023-24 funded by agencies ($2.5 million).

Program 4: Premier's Delivery Unit

Description/objective

The Premier's Delivery Unit is an attached office established to oversee the delivery of identified government priorities, including all election commitments.

Highlights 2024-25

- Oversaw delivery of new and upgraded ambulance stations in Norwood, Woodville, Golden Grove, Edwardstown, Mount Barker, Aldinga and Elizabeth.
- Oversaw the finalisation of the election commitments to recruit 300 additional nurses and 100 additional doctors across our health system.
- Oversaw delivery of key policy election commitments including animal welfare reforms and electoral reforms.

Targets 2025-26

- Oversee delivery of the remaining four new Technical Colleges at Port Augusta, Tonsley, The Heights and Mount Gambier, the new SA Ambulance Headquarters and the new Adelaide Aquatic Centre.
- Continue to oversee progress on delivery of the recommendations from the Royal Commission into Early Childhood Education and Care including the roll out of universal three-year-old preschool from 2026.
- Oversee progress on delivery of initiatives identified within State Budgets, the Housing Roadmap and remaining election commitments.

Program 5: Office of the Commissioner for Public Sector Employment

Description/objective

The Office of the Commissioner for Public Sector Employment is an attached office that supports the Commissioner for Public Sector Employment to undertake the statutory responsibilities under the *Public Sector Act 2009*, strengthen the capability of the public sector workforce to meet current and future needs and promote a culture of service and integrity across the public sector.

Highlights 2024-25

- Published the People Matter Employee Survey results and provided guidance to agencies to develop action plans in response to the survey results.
- Progressed implementation of recommendations from the review of public sector recruitment resources and practices.
- Coordinated the participation of over 1000 public sector leaders in leadership development programs and included the Office for Autism's training program through leadership training delivered across the public sector.
- Transitioned the Government of South Australia's salary sacrifice arrangements to a new provider.
- Coordinated the governance and implementation of the Diversity, Equity and Inclusion Strategy, Anti-Racism Strategy, and the Safety, Wellbeing and Injury Management Framework.
- Developed processes and facilitated training for legislative changes to work health safety and return to work legislation.

Targets 2025-26

- Oversee implementation of the People Matter Employee Survey agency-specific action plans to drive sector wide improvements in employee experience.
- Embed integrity framework principles in decision making through the South Australian Leadership Academy's programs to support public sector leaders, including managing psychosocial risks in accordance with the changes to the *Work Health and Safety Act 2012*.
- Implement the Office of the Commissioner for Public Sector Employment's actions and report on the Diversity, Equity and Inclusion Strategy, Anti-Racism Strategy and Safety, Wellbeing and Injury Management Framework to ensure safe and inclusive workplaces.
- Monitor and report through the State of the Sector on employment targets and development programs for Aboriginal employees and employees with a disability.

Program summary — income, expenses and FTEs

	2025-26 Budget	2024-25 Estimated Result	2024-25 Budget	2023-24 Actual

FTEs as at 30 June (No.)	**37.5**	44.0	36.0	51.0

Explanation of significant movements

The decrease in income in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to:

- recognition of operating funding being provided through appropriation from 2025-26 ($3.1 million)
- additional income during 2024-25 for recoveries from agencies for the provision of human resources management services and systems ($3.5 million).

The decrease in expenses in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to additional expenses in 2024-25 for the provision of human resources management services and systems ($3.5 million).

The increase in income in the 2024-25 Estimated Result compared to the 2024-25 Budget is primarily due to recoveries from agencies for the provision of human resources management services and systems ($3.5 million).

The increase in expenses in the 2024-25 Estimated Result compared to the 2024-25 Budget is primarily due to additional expenses for the provision of human resources management services and systems ($3.5 million).

The decrease in income in the 2024-25 Budget compared to the 2023-24 Actual is primarily due to additional income during 2023-24 for:

- recoveries from agencies for the provision of human resources management services and systems ($3.5 million)
- contributions from agencies towards the South Australian public sector employee survey ($0.9 million)
- contributions from agencies towards the Aboriginal workforce partnership ($0.7 million).

The decrease in expenses in the 2024-25 Budget compared to the 2023-24 Actual is primarily due to additional expenses during 2023-24 for:

- provision of human resources management services and systems ($3.2 million)
- South Australian public sector employee survey ($0.5 million)
- Aboriginal workforce partnership ($0.5 million).

Program 6: Multicultural Affairs

Description/objective

This program supports South Australia's multicultural communities and promotes community capacity and harmony. It includes grant programs to community organisations that provide services to help families and individuals improve their quality of life and strengthen the wellbeing of culturally and linguistically diverse communities, as well as support for multicultural events and initiatives.

Highlights 2024-25

- Continued to provide support to our communities to keep their languages alive among younger generations through additional investment in community language schools in South Australia.
- Undertook to work with government agencies and key stakeholders to promote the findings of the skills, qualifications and professional experience review, and investigated opportunities to enact the recommendations.
- Scaled up the Ambassador Program to activate the South Australian Multicultural Charter and to embed its principles within the workforce and business practices of South Australia's government departments and leading organisations.
- Provided leadership and advice on the development, monitoring and reporting of initiatives to enhance culturally and linguistically diverse employment in the public sector.

Targets 2025-26

- Continue to deliver the Ambassador Program to activate the South Australian Multicultural Charter and to embed its principles within the workforce and business practices of South Australia's government departments and leading organisations.
- Continue to provide support to our communities to keep their languages alive among younger generations through additional investment in community language schools in South Australia.
- Pilot the Empowering African Youth Program, by supporting early intervention measures and culturally responsive services and programs that build the capacity of young African South Australians, their families, and communities.
- Grow the annual South Australian Multicultural Festival, in partnership with multicultural organisations and a wide range of community groups, to celebrate and engage South Australia’s diverse communities.

FTEs as at 30 June (No.)	**38.5**	37.2	34.9	32.5

Explanation of significant movements

The increase in expenses in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to additional expenditure for the Multicultural Community Fund ($5.0 million).

The increase in expenses in the 2024-25 Budget compared to the 2023-24 Actual is primarily due to the carryover of expenditure from 2023-24 associated with support for multicultural events and initiatives ($1.0 million).

Program 7: CreateSA

Description/objective

Ensure the state recognises and capitalises on artistic, cultural, economic, and social opportunities arising from the diverse arts and cultural practitioners and organisations, its creative industries, events, and physical assets. This will be achieved by developing and investing in programs and initiatives that build on our cultural and creative heritage and support innovative creativity and artistry.

Highlights 2024-25

- Finalised development of A Place to Create, the 10-year cultural policy for South Australia, including the initial two-year delivery plan (A Place to Create 2025-2027 Delivery Plan).
- Through the Music Development Office and the Arts and Culture Grants Program, supported the development of the arts, culture and creative industries sector through the provision of grant funding to individuals, groups, and organisations.
- Continued to implement the Aboriginal and Torres Strait Islander Arts Strategy for South Australia, including through new actions to support First Nations artists, arts workers and organisations set out in the A Place to Create 2025-2027 Delivery Plan.
- Progressed design and procurement for the Adelaide Festival Centre fire compliance works and Western Plaza upgrade (construction to commence 2025-26).
- Progressed construction of the state-owned cultural institutions storage facility.
- Established the Arts Investment Fund to drive targeted investment in strategic initiatives across South Australia's arts, culture and creative industries.

Targets 2025-26

- Commence implementation of the A Place to Create 2025-2027 Delivery Plan which includes actions and initiatives across a range of state government agencies and builds on the existing suite of programs delivered by CreateSA.
- Through the Music Development Office and the Arts and Culture Grants Program, support the development of the arts, culture and creative industries sector through the provision of grant funding to individuals, groups, and organisations to enable the presentation of new work.
- Continue to implement the Aboriginal and Torres Strait Islander Arts Strategy for South Australia, including through new actions to support First Nations artists, arts workers and organisations set out in the A Place to Create 2025-2027 Delivery Plan.
- Commence construction works for the Adelaide Festival Centre fire compliance and Western Plaza upgrade.
- Finalise construction of the state-owned cultural institutions storage facility.
- Continue to deliver the Arts Investment Fund to drive targeted investment in strategic initiatives across South Australia's arts, culture and creative industries.
- Progress the relocation of the State Theatre Company of South Australia, State Opera of South Australia and Country Arts South Australia; and progress the feasibility study of an Arts and Media Hub in collaboration with the Australian Broadcasting Corporation (ABC).

FTEs as at 30 June (No.)	**68.0**	66.5	69.1	70.0

Explanation of significant movements

The decrease in expenses in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to additional expenses during 2024-25 for the Adelaide City Deal with the Commonwealth Government ($3.0 million).

The increase in income in the 2024-25 Estimated Result compared to the 2024-25 Budget is primarily due to the timing of revenue associated with the Adelaide City Deal with the Commonwealth Government ($4.5 million).

The increase in expenses in the 2024-25 Estimated Result compared to the 2024-25 Budget is primarily due to:

- additional expenses during 2024-25 for:
  - the timing of support for arts, culture and creative industries ($4.7 million)
  - the timing of the Adelaide City Deal with the Commonwealth Government ($4.5 million)
  - reclassification of expenditure from investing to operating associated with the Cultural Institution Storage Facility ($1.5 million)
  - operating costs associated with the fire compliance and Western Plaza upgrade works at the Adelaide Festival Centre ($1.1 million)
  - support for Country Arts SA to undertake critical and urgent works to regional arts centres ($1.0 million).

The increase in income in the 2024-25 Budget compared to the 2023-24 Actual is primarily due to:

- a loss on sale of Adelaide Festival Plaza Public Realm assets to Renewal SA ($14.1 million) in 2023-24

partially offset by additional income during 2023-24 for:

- conservation services provided to arts organisations by Artlab Australia ($2.6 million)
- the Adelaide City Deal with the Commonwealth Government ($1.0 million).

The decrease in expenses in the 2024-25 Budget compared to the 2023-24 Actual is primarily due to additional expenses for conservation services provided to arts organisations by Artlab Australia in 2023-24 ($2.6 million).

Program 8: Office for Autism

Description/objective

Support improved outcomes for Autistic and autism communities through the development of policies and initiatives that support access, awareness, opportunity, connection and belonging.

Highlights 2024-25

- Provided grants through the Autism Works in the Community Grant Program to promote autism inclusion and support.
- Delivered the first Autism Works Employment Summit, attended by 500 delegates and launched the South Australian Public Sector Neurodivergent Employee Network.
- Partnered with South Australian universities to boost disability and inclusion learnings in teaching degrees and commenced a pilot to deliver free autism assessments for up to 100 public school students.
- Established the South Australian Autism Assessment and Diagnosis Advisory Group to address barriers to an autism assessment and commenced the South Australian Inklings Pilot Program to support young children showing early developmental and social differences.

Targets 2025-26

- Continue to work with the Department of Human Services to deliver the South Australian Autism Strategy with a focus on increasing employment opportunities for Autistic individuals by partnering with employers to create inclusive workplaces.
- Continue training South Australian public service employees in autism awareness and understanding as part of the State Autism Inclusion Charter.
- Develop recommendations from the South Australian Autism Assessment and Diagnosis Advisory Group to help address barriers and improve access to autism assessments.
- Continue to deliver the South Australian Inklings Pilot Program.

Explanation of significant movements

The decrease in income and expenses in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to lower Commonwealth Government funding for the South Australian Inklings Pilot Program ($1.4 million) in 2025-26.

The increase in income and expenses in the 2024-25 Estimated Result compared to the 2024-25 Budget is primarily due to commencement of Commonwealth Government funding for the South Australian Inklings Pilot Program ($5.5 million).

Summary of major variations

Statement of comprehensive income — controlled

Explanation of significant movements

In addition to the variances described under program summaries, the variances to the statement of comprehensive income include:

- additional expenditure in 2024-25 for the return of surplus cash to the Treasurer's Consolidated Account ($15.4 million).
- the net impact of machinery of government changes ($31.1 million).

Statement of financial position — controlled

Explanation of significant movements

All movements are consistent with those described under program summaries and changes discussed above.

Statement of cash flows — controlled

Explanation of significant movements

All movements are consistent with those described under program summaries and changes discussed above.

Summary of major variations — administered items

Statement of comprehensive income — administered items

Explanation of significant movements

The decrease in expenses in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to:

- additional support for motor sport in 2024-25 ($4.6 million)
- change in accounting treatment for the Office of the Commissioner for Public Sector Employment ($3.1 million)
- carryover of expenditure for the Promotion of the State fund into 2024-25 ($1.6 million).

The increase in expenses in the 2024-25 Estimated Result compared to the 2023-24 Actual is primarily due to additional expenditure to support motor sport in 2024-25 ($7.6 million).

Statement of financial position — administered items

Explanation of significant movements

No significant movements.

Statement of cash flows — administered items

Explanation of significant movements

All movements are consistent with changes discussed under the statement of comprehensive income and the statement of financial position.

Objective

The purpose of the Department of Primary Industries and Regions (PIRSA) is to advance the prosperity and sustainability of South Australia's primary industries and regional communities by:

- supporting the growth of South Australian primary industries and their communities by facilitating connections, sharing information, leveraging opportunities and mitigating threats
- ensuring sustainable utilisation of agricultural and aquatic resources
- leading or influencing evidence-based policy and regulatory frameworks that balance the interests of all parties and demonstrate best practice
- delivering and facilitating adoption of applied science that leverages South Australia's competitive advantages in primary production
- driving positive change in primary industries and regional communities
- preparing for, preventing where possible and responding to emergency events and the long-term risks, including climate change, that threaten South Australia's primary industries and regional communities
- championing South Australian primary industries and regions in relevant state, federal and global forums.

Our work is guided by government priorities, industry needs, global and domestic market opportunities and our legislative and policy mandate.

Ministerial responsibilities

Minister	Programs	Sub-programs
The Hon. CM Scriven Minister for Primary Industries and Regional Development Minister for Forest Industries	1. Primary Industries	1.1 Agricultural Services 1.2 Fisheries and Aquaculture 1.3 South Australian Research and Development Institute (SARDI) 1.4 Biosecurity 1.5 Forestry Policy
	2. Regional Development	Nil

Administered items

In addition to the above responsibilities, the agency administers the following items on behalf of the minister:

- Adelaide Hills Wine Industry Fund
- Apiary Industry Fund
- Aquaculture Lease Rehabilitation Fund
- Aquaculture Resource Management Fund
- Barossa Wine Industry Fund
- Cattle Industry Fund
- Citrus Growers Fund
- Clare Valley Wine Industry Fund
- Dog Fence Board
- Fisheries Research and Development Fund

- ForestrySA — community service obligation
- Grain Industry Fund
- Grain Industry Research and Development Fund
- Langhorne Creek Wine Industry Fund
- McLaren Vale Wine Industry Fund
- Pig Industry Fund
- Riverland Wine Industry Fund
- SA Grape Growers Industry Fund
- Samcor Fund
- Seed Levies Fund
- Sheep Industry Fund.

Statutes

The Department of the Premier and Cabinet maintains a list of statutes applicable to ministers.

Key agency outputs

PIRSA works in partnership with all levels of government, industry, regional communities and research organisations to deliver on its purpose by focusing on the following priorities:

- growing the value of primary industries by leveraging government's cross-functional capabilities to pursue opportunities where South Australia has a competitive advantage
- removing barriers to the economic growth of primary industries and the advancement of regions
- protecting and maximising primary industry resources through integration of targeted research, monitoring, policy and regulatory interventions
- preparing for risks and being able to respond and recover quickly from adverse events that impact economic growth and community wellbeing
- supporting key regional development drivers and creating strong connections and networks
- performing as a modern, flexible and responsive organisation that values its partners and people.

Investing expenditure summary

The 2025-26 investment program is $17.8 million.

Sub-program 1.1: Agricultural Services

Description/objective

Leads PIRSA's strategic policy and expert economic analysis that underpins industry development and grows the state's economy and jobs. Engagement with all levels of government and industry, as well as the community, using data and market analysis to provide an evidence base for underpinning effective decision making, policy development and evaluation of impact.

Provide specialist expertise supporting adoption, emissions reduction, resilience, drought response, emergency management and adverse events recovery programs, collaborating with stakeholders to facilitate, deliver and develop policies, projects and programs focused on agricultural productivity.

Highlights 2024-25

- Continued the implementation of electronic identification (eID) in the sheep and farmed goat sectors.
- In response to the Commonwealth's water recovery in the Murray-Darling Basin, developed a business case in collaboration with the Department for Environment and Water to support River Murray communities.
- Identified and delivered initiatives to support adaptation to climate change and the adoption of carbon mitigation technologies and practices which lower emissions across the value chain.
- Completed the implementation of initiatives to increase awareness and adoption of productivity enhancing technology solutions for producers through the AgTech Program, including the Commonwealth funded Kangaroo Island demonstration program.
- Assisted industry partners to develop key strategic documents to support industry growth, including the Chicken Meat blueprint and the Horticulture State of the Industry report.
- Worked with the wine industry to address current challenges, including supporting the Department of State Development with the China Re-Engagement Support Package to assist the industry to effectively re-engage with the China market.

Targets 2025-26

- Support drought affected producers and communities through delivery of the Drought Support package, including continued delivery of recovery and resilience building programs through the Future Drought Fund.
- Implement the first year of the Sustainable Communities program in South Australia to support River Murray Communities impacted by the Commonwealth Government's water recovery.
- Continue to implement initiatives that support adoption of carbon mitigation technologies and practices which lower emissions.
- Commence implementation of Stage 2 of eID to support the sheep and farmed goat sectors meet national traceability requirements ahead of 1 January 2027.
- Continue to work with the wine industry to address current challenges by delivering the SA Wine Recovery Program.
- Assist industry partners to develop key strategic documents to support industry growth.

	2025-26 Budget	2024-25 Estimated Result	2024-25 Budget	2023-24 Actual
	$000	$000	$000	$000
Income	**27 422**	34 178	11 485	10 555
Expenses	**61 364**	82 266	30 756	39 625
Net cost of sub-program	**33 942**	**48 088**	**19 271**	**29 070**
FTEs as at June (No.)	**99.4**	96.1	87.8	72.5

Explanation of significant movements

The movements in income across the years is primarily due to the timing of payments received for various Commonwealth Government programs, including the National Water Grid program, the Sustainable Communities program, the Farm Business Resilience program and Strengthening Australia's Frontline Biosecurity Capability.

The movements in expenses across the years is primarily due to the timing in expenditure for Commonwealth funded programs including the National Water Grid program, the Sustainable Communities program, the Farm Business Resilience program and Strengthening Australia's Frontline Biosecurity Capability, and state funded programs including the Drought Support Package and the River Murray Flood relief.

Sub-program 1.2: Fisheries and Aquaculture

Description/objective

Work to protect, manage, use and enable the ecologically sustainable development of South Australia's community-owned aquatic resources.

In partnership with industry, key stakeholders and the community, work to develop policies, management arrangements and regulatory frameworks to ensure our fisheries and aquaculture resources are managed for long-term ecological sustainability, and our services are shared and allocated across sectors to maximise the economic and social benefits to the wider community.

Highlights 2024-25

- Developed a cost recovery review implementation roadmap in collaboration with Seafood Industry South Australia.
- Completed a public call for release of water in the Lower Eyre Peninsula aquaculture zone policy area.
- Implemented electronic catch and effort reporting across South Australia's commercial fisheries.
- Finalised development of the replacement management plan for the South Australian Commercial Blue Crab Fishery.
- Supported industry in the development of a blueprint for the future directions of the commercial Marine Scalefish Fishery.

Targets 2025-26

- Implement the commercial Marine Scalefish Fishery Management Plan.
- Develop a Snapper Recovery Plan to inform future management of snapper in areas closed to fishing.
- Implement commercial and recreational fisheries management arrangements based on outcomes from the Allocation Review Committee's recommendations.
- Support industry in the adoption of electronic catch and effort reporting across South Australia's commercial fisheries.

- Completion of the Aquaculture Tenure Allocation Board process and notification to successful applicants, inviting them to submit an aquaculture licence application resulting in expansion and diversification of the aquaculture industry within the Lower Eyre Peninsula aquaculture zone policy area.
- Support the Cost Recovery Implementation Committee to undertake the fisheries and aquaculture cost recovery compliance and science benchmarking activities.

	2025-26 Budget	2024-25 Estimated Result	2024-25 Budget	2023-24 Actual
	$000	$000	$000	$000
Income	**10 995**	10 140	10 992	12 052
Expenses	**19 626**	18 937	20 023	19 236
Net cost of sub-program	**8 631**	**8 797**	**9 031**	**7 184**
FTEs as at June (No.)	**114.7**	113.3	115.0	105.8

Explanation of significant movements

The movement in income across the years is primarily due to changes in industry funded projects undertaken each period, as well as once-off Commonwealth Government funding for the Recreational Fishing and Camping Facilities program received in 2023-24.

The movement in expenses across the years is primarily due to changes in industry funded projects undertaken each period.

Sub-program 1.3: South Australian Research and Development Institute

Description/objective

Deliver world-class, independent applied research outcomes that support South Australia's primary industries, regions, and communities to grow and prosper. Work with industry, government, and research partners to improve production and profitability, manage risks (climate, pests, and diseases), inform the sustainable management of natural resources that underpin primary industries, protect and enhance market access for businesses and products and drive food innovation.

SARDI undertakes applied research and development for the innovative advancement of the grains, wine, horticulture, fisheries and aquaculture, livestock (including wool), poultry, pig, and food sectors.

Highlights 2024-25

- Delivered research to inform future low-emission intensity farming systems strategy.
- Established a multispecies seaweed hatchery to facilitate industry growth opportunities.
- Prototyped and evaluated emerging AgTech solutions on-farm, in partnership with industry.
- Assessed methods and practices to estimate biomass for future fisheries stock assessments in South Australia.
- Serviced the food industry to prototype novel food products, showcasing the value-add potential of South Australian produce.

Targets 2025-26

- Deliver a snapper stock assessment in 2025 to inform future fisheries management.
- Undertake research to evaluate methane emissions reduction and productivity of grazing livestock.
- Commence Integrated Multitrophic Aquaculture (IMTA) research with field testing and an initial environmental impact model.

- Establish an apricot narrow orchard system at the Loxton Research Centre to support industry to transition to systems that reduce operating costs and can better accommodate the adoption of new technology.
- Develop convenient and nutritious value-added food products from Australian pulses.
- Commence a new collaboration with industry partner to develop new lucerne varieties with improved yield, grazing tolerance and drought resilience for Australian conditions.

	2025-26 Budget	2024-25 Estimated Result	2024-25 Budget	2023-24 Actual
	$000	$000	$000	$000
Income	**69 058**	70 198	62 552	68 141
Expenses	**81 367**	87 888	81 652	86 844
Net cost of sub-program	**12 309**	**17 690**	**19 100**	**18 703**
FTEs as at June (No.)	**382.5**	401.3	383.6	364.8

Explanation of significant movements

The movement in income and expenses across the years is primarily due to changes in externally funded programs and projects undertaken each period.

The movement in the net cost of services is primarily a result of income being provided for capital projects, including Commonwealth Government funding for the replacement of the coastal research vessel in 2025-26.

Sub-program 1.4: Biosecurity

Description/objective

Manages the potential risks to South Australia from pests, weeds and diseases, food borne pathogens and misuse of agricultural and veterinary (agvet) chemicals relating to primary industries.

Leads PIRSA's biosecurity incursion preparedness, as well as other incidents impacting primary production. Leads large-scale eradication and minimisation programs to reduce the impact of priority weeds and pests on primary producers and the environment.

Works with stakeholders to develop and implement policies, legislation, regulatory frameworks and undertake surveillance, preparedness and response programs to underpin access to markets and protect the economy, environment, communities and human health.

Highlights 2024-25

- Partnered with industries to address biosecurity issues such as Tomato Brown Rugose Fruit Virus and increasing resilience to fruit fly through maintaining national Sterile Insect Technique capacity for fruit fly in South Australia.
- Delivered priority Emergency Animal Disease (EAD) preparedness activities including the translation of nationally agreed EAD response policy into South Australian operational plans and procedures to improve regional preparedness, and complete EAD capital item procurement.
- Co-designed with industry a future South Australian approach to footrot management, based on findings and recommendations of the independent Ovine Footrot Management Program Review completed in 2024.
- Continued with the legislative and strategic reform agenda, including regulations to deliver electronic identification for sheep and goats and the introduction of a Biosecurity Bill to parliament.

- Engaged with the apiary and pollination reliant industries around Varroa risks through the work of the Varroa Development Officers and South Australian Varroa Industry Advisory Committee.
- Implemented the third year of priority pest and weed programs and the PIRSA Pig Industry Biosecurity Project.

Targets 2025-26

- Develop a State Biosecurity Strategy to protect and support the state's economy, environment, amenity and public health by preventing and reducing pest and disease impacts, maintaining food safety and ensuring responsible agricultural chemical use.
- Complete capital investments in EAD preparedness, including laboratory equipment and mobile units to assist with depopulation and decontamination.
- Continue with the legislative and strategic reform agenda, including regulations to deliver the new *Biosecurity Act 2025* and *Veterinary Services Act 2023*.
- Complete the final stage of the 1600 kilometres rebuild of the South Australian Dog Fence by June 2026.
- Implement the fourth year of priority pest and weed programs including eradication of wild dogs from sheep country in South Australia and feral deer from agricultural regions of South Australia.

	2025-26 Budget	2024-25 Estimated Result	2024-25 Budget	2023-24 Actual
	$000	$000	$000	$000
Income	**14 292**	29 228	23 603	23 429
Expenses	**95 912**	119 571	90 698	93 324
Net cost of sub-program	**81 620**	**90 343**	**67 095**	**69 895**
FTEs as at June (No.)	**240.7**	267.1	222.7	246.4

Explanation of significant movements

The movement in income across the years is primarily due to reimbursement from the Dog Fence Board for costs associated with the Dog Fence Rebuild program, as well as the timing of various Commonwealth Government funded programs, including the Building Resilience to Manage Fruit Fly and High Pathogenic Avian Influenza Preparedness and contributions from other jurisdictions for the Tomato Brown Rugose Fruit Virus response.

The movement in expenses across the years is primarily due to timing of expenditure in relation to the Dog Fence Rebuild program and various state and Commonwealth Government programs including fruit fly response activities, Building Resilience to Manage Fruit Fly, Tomato Brown Rugose Fruit Virus response and contributions to National Eradication activities in other jurisdictions including High Pathogenic Avian Influenza outbreaks in New South Wales and Victoria.

Sub-program 1.5: Forestry Policy

Description/objective

Leads the development and implementation of policy initiatives to grow the significant forest and wood product industries in South Australia and administers the government's contractual forestry interests. Works closely with industry and the community to drive sector and regional growth which has a long-term and sustainable future.

Provides a depth of understanding of the challenges and opportunities facing the forest and wood product sector utilising a network of government, business, investment, research, development, regional and industry contacts.

Highlights 2024-25

- Supported the implementation of priority projects under the South Australian Wood Fibre and Timber Industry Master Plan.
- Supported the Forestry Centre of Excellence, including the appointment of key staff and progression of plans for construction of the new facility.
- Supported the expanded Forest Industries Advisory Council, including progress on its workplan.
- Monitored OneFortyOne Plantation's compliance with its lease of the government's plantations in the Green Triangle.

Targets 2025-26

- Support the construction stages of the new Forestry Centre of Excellence facility.
- Further implement key projects under the South Australian Wood Fibre and Timber Industry Master Plan.
- Continue to monitor compliance of OneFortyOne Plantation's against its lease of the government's plantations in the Green Triangle.
- Support the Commonwealth Government's review of the National Forest Policy Statement.

	2025-26 Budget	2024-25 Estimated Result	2024-25 Budget	2023-24 Actual
	$000	$000	$000	$000
Income	**—**	—	—	860
Expenses	**3 100**	7 227	5 042	6 500
Net cost of sub-program	**3 100**	**7 227**	**5 042**	**5 640**
FTEs as at 30 June (No.)	**6.7**	6.6	6.7	8.0

Explanation of significant movements

The income in 2023-24 Actual is due to once-off funding from ForestrySA to support activities in the Bundaleer Forest Community Areas.

The movement in expenses across the years is primarily due to the re-profiling of expenditure for the Forestry Centre of Excellence, the Rebuild of the Fire Towers initiative and the Forest Products Masterplan, as well as once-off expenditure to support activities in the Bundaleer Forest Community Areas.

Program 2: Regional Development

Description/objective

Support South Australia's regions to grow, diversify and prosper by working with local communities, businesses, stakeholders and across government to deliver government policy priorities and opportunities for regional economic development, industry growth and diversification, jobs growth and capacity building, and service delivery.

Provide connection between government and regional communities and support them through sharing regional intelligence, partnering with key regional stakeholders, and leveraging funding sources. Provide the first point of contact for regional stakeholders at PIRSA regional offices for the provision of information and services.

Highlights 2024-25

- Continued to deliver investment through the Thriving Regions Fund with the aim of achieving thriving, resilient regional communities with improved quality of life and diverse leadership, attracting and retaining a skilled workforce, and capitalising on growth potential.
- Supported the work of Regional Development Australia Associations to deliver place-based projects and programs, highlight investment opportunities and priorities in the region, and partner in the delivery of the Regional Leadership Development Program.
- Continued to highlight investment opportunities and priorities in the region.
- Supported the delivery of government policy priorities in regional South Australia including Digital Connectivity, Drought Response support and Input to Regional Drought Resilience Planning.

Targets 2025-26

- Ensure delivery of investment through the Thriving Regions Fund with the aim of achieving thriving, resilient regional communities with improved quality of life and diverse leadership, attracting and retaining a skilled workforce, and capitalising on growth potential.
- Maintain support for Regional Development Australia Associations to deliver place-based projects and programs, highlight investment opportunities and priorities in the region, and collaborate on delivery of the Regional Leadership Development Program.
- Continue to work with the Commonwealth Government and telecommunications providers to support initiatives and facilitate investment in digital connectivity in regional South Australia.
- Continue to support the delivery of government policy priorities in regional South Australia.

Program summary — income, expenses and FTEs

FTEs as at 30 June (No.)	**19.3**	18.9	19.3	17.6

Explanation of significant movements

The income in 2024-25 Estimated Result and 2025-26 Budget relates to Commonwealth Government funding for the Regional Roads Australia Mobile program.

The movement in expenses across the years is primarily due to the timing of grant expenditure associated with the Thriving Regions Fund, as well as Commonwealth Government funded expenditure relating to various Regional Recovery Partnership programs on Kangaroo Island and the Regional Roads Australia Mobile program.

Objective

The Department of State Development drives sustainable economic growth by increasing industrial capability and capacity, developing the state's research and innovation system, developing a skilled workforce, attracting investment and facilitating trade. The department's role is to drive economic development and ensure that South Australia capitalises on the opportunities in priority sectors and major projects.

Working with key industry, business, university and research stakeholders, as well as across government and our international network, the department aims to increase productivity within the economy, and help businesses to grow and succeed locally, nationally and globally.

The department does this by:

- working with industry stakeholders and across government to deliver relevant, outcomes focused and efficient policy and programs
- supporting industry sectors to build their capability and capacity
- leveraging South Australia's strengths and major projects to attract new investment and capabilities to South Australia
- investing in research and innovation to help businesses adopt technology, accelerate productivity, commercialise ideas and deliver new products, services and processes
- equipping small and family businesses with the tools to grow, innovate and take advantage of new market opportunities
- fostering a progressive, globally recognised higher and international education sector, aligning vocational education and training (VET) with the critical skills needed in priority sectors, supporting students to complete their studies and transition into the workforce, and helping businesses and industry to grow and attract a skilled workforce driving local, national and international investment across a range of sectors
- supporting local businesses to grow and diversify export opportunities in global markets.

In the latter half of 2024-25, the department prioritised the Whyalla steelworks support package, particularly supporting businesses, workers at the steelworks and within the steelworks supply chain, and the broader Whyalla community through delivering the South Australian Business Creditor Assistance Scheme, the Whyalla Small Local Business Support Grant program, and the Spencer Gulf Jobs and Skills Hub.

Ministerial responsibilities

Minister	Programs	Sub-programs
The Hon. Dr SE Close Minister for Industry, Innovation and Science Minister for Workforce and Population Strategy	1. Industry, Innovation and Science	Nil
The Hon. BI Boyer Minister for Education, Training and Skills	2. Skills SA	Nil
The Hon. A Michaels Minister for Small and Family Business	3. Small and Family Business	Nil
The Hon. JK Szakacs Minister for Trade and Investment	4. Trade and Investment	Nil

Administered items

In addition to the above responsibilities, the department administers the following item on behalf of the ministers:

- Agent-General's salary and allowances pursuant to the *Agent-General Act 1901*
- Minister's salary and allowances pursuant to the *Parliamentary Remuneration Act 1990*
- Payments to the Department for Infrastructure and Transport for student travel associated with higher education and VET
- South Australian Skills Commission.

Statutes

The Department of the Premier and Cabinet maintains a list of statutes applicable to ministers.

Key agency outputs

- Industry policy and programs that build on our state's competitive strengths, increase value-adding activity, and support the knowledge-based jobs of the future.
- Investment in South Australia's research and innovation system through engagement and increased collaboration between government, industry and the science and research community.
- Workforce development plans and initiatives designed and implemented with industry and regions.
- Skilled and business migration programs to help business and industry access a skilled workforce.
- Services and programs to support small and family businesses to start, operate and grow.
- Higher education and international education policies and programs to build a progressive sector.
- Services and supports to enhance South Australia's training sector to meet the current and emerging skill needs.
- Investment in training aligned to government priorities to meet skill needs and create pathways to further education or jobs.
- Target, attract and facilitate productive investment into South Australia.

- Link South Australian industries with on-the-ground trade and investment opportunities in key global markets through a network of international offices.
- Targeted business development and capability development programs to increase and diversify exports from South Australian businesses.
- Championing the South Australian State Brand to local, national and international audiences.

Program 1: Industry, Innovation and Science

Description/objective

To support a productive, resilient and sustainable economy by:

- developing supply chain capability, including advanced manufacturing capability, in key industries such as defence
- encouraging and supporting businesses to adopt critical technologies to solve problems and uncover new ways of doing things
- supporting research excellence, collaboration, translation and commercialisation through industry, research and government collaboration and investment
- investing in global excellence in South Australian science and research
- connecting entrepreneurs and startup founders with resources, and supporting them to develop new goods and services for global markets and attract private sector capital
- supporting industry sectors and regions to address current and emerging workforce and skills challenges and deliver South Australia's major projects
- managing skilled and business migration programs to provide businesses and industry with access to skills they are not able to source locally
- working with education providers to build a progressive, globally recognised higher and international education sector.

Highlights 2024-25

- Through the Industry Capability Network SA (ICNSA), connected South Australian suppliers to key projects in defence, energy (including hydrogen), mining, water, infrastructure and construction sectors.
- Developed South Australia's Advanced Manufacturing Action Plan to deliver on key manufacturing initiatives aligned with the growth enablers in the Advanced Manufacturing Strategy.
- Continued to support, advise and partner across government to support South Australia's green industry transition.
- Collaborated with industry and stakeholders to design and deliver workforce development policy, strategies and initiatives to provide access to skilled workers, including through the SA Defence Industry Workforce and Skills Plan and the establishment of the Spencer Gulf Jobs and Skills Hub in Whyalla.
- Facilitated high impact investments into South Australia's science, research and innovation system to support emerging industries and critical technologies and delivered programs and services to entrepreneurs and startups to grow innovative businesses, attract investment capital, generate revenue and create new jobs.
- Supported the transition planning and implementation to create Adelaide University.
- Delivered the largest Designated Area Migration Agreement (DAMA) program to date, extended the DAMAs through to 30 June 2026, and delivered the General Skilled Migration program to help address labour market challenges.

Targets 2025-26

- Support local businesses to win contracts in major projects through the ICNSA.
- Partner and collaborate with industry, government and stakeholders to develop workforce strategies and industry-specific plans that optimise skills and workforce investment and effort.

- Continue to implement the Advanced Manufacturing Strategy and deliver policies and programs that increase industrial capability and capacity.
- Continue to support emerging industries and critical technologies by facilitating high impact investments in South Australia's science, research and innovation system.
- Continue to deliver programs and services to entrepreneurs and startups to grow innovative businesses, attract investment capital, generate revenue and create new jobs.
- Continue to support the transition planning and implementation to create Adelaide University.
- Manage and deliver the state's migration policy and programs to support access to a skilled workforce, and work collaboratively with industry to attract and retain the right talent for South Australia.

Explanation of significant movements

The $3.3 million decrease in total income in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to:

- higher income received in 2024-25 due to the Commonwealth Government's contribution towards the Degree Apprenticeship Pilot program to support the delivery of the South Australian Defence Industry Workforce and Skills Action Plan ($1.0 million)
- higher income in 2024-25 for the population growth strategy function ($1.0 million)
- higher income in 2024-25 for the Manufacturing Innovation Grants program ($0.5 million).

The $12.4 million increase in total expenses in the 2024-25 Estimated Result compared to the 2023-24 Actual is primarily due to:

- higher expenditure in 2024-25 to support the new Adelaide University, through measures to increase the attraction for international students ($10.0 million)
- higher expenditure in 2024-25 to deliver strategic workforce planning for South Australia including initiatives to address skilled migrant underutilisation ($2.5 million).

Performance indicators

	2025-26 Target	2024-25 Estimated Result	2024-25 Target	2023-24 Actual
No. of science and research collaboration projects supported	**25**	35	34	42
No. of start-up and early-stage companies supported *Indicator based on engagement activities of companies through the Innovation and Entrepreneurship unit within the department.* *The 2024-25 Estimated Result is higher than the 2024-25 Target which can vary each year based on support program applicants, business enquiries and leads generated through support events or other third parties.*	**600**	747	500	600
No. of entrepreneurship and innovation ecosystem initiatives supported	**9**	9	8	12
Private investment in innovative early-stage companies *Indicator based on private co-investment supporting Stream 2 of the Research and Innovation Fund (RIF) and the South Australian Venture Capital Fund (SAVCF).* *The 2024-25 Estimated Result is significantly higher than the 2024-25 Target as the value of private investment into early-stage companies is influenced by the number of investments in a particular year, which can vary depending on deal flow and the timing of the capital raised.*	**$10m**	$154m	$10m	$7m
Contract wins facilitated through the ICNSA program *There is a lag between connecting local suppliers with opportunities, and receiving contract win data; noting that major projects have long lead times.*	**$200m**	$180m	$200m	$217.4m
Business Innovation and Investment program (Business Migration 132, 188 Visas)				
No. of state nominations approved *Indicator discontinued from 2024-25. Consistent with all jurisdictions, the Commonwealth Government did not provide South Australia with an allocation in 2023-24 and 2024-25. The Commonwealth Government closed the Business Innovation and Investment program permanently to new applications on 31 July 2024.*	**n.a.**	—	—	—

No. of skilled nominations made by South Australia *At the time of the 2025-26 Budget, the 2025-26 allocation had not been issued by the Commonwealth Government.* *The 2024-25 Projection has been updated to reflect agency targets following receipt of the allocation from the Commonwealth Government during the year.*	**t.b.a**	3 800	3 800	2 300

Program 2: Skills SA

Description/objective

As the steward of South Australia's VET system, Skills SA is focused on developing skilled people and a connected skills system through:

- aligning training investment with the critical skills needed to fulfill major projects in high-growth sectors and areas with increasing demand and strategic economic priority
- providing tailored supports and services to help students and apprentices to make informed learning choices, complete their studies and transition into the workforce
- working in partnership with employers, industry and the community to build the workforce and deepen insights through engagement and robust data
- focusing on quality, flexible, responsive and innovative training delivery that meets industry skills needs.

Highlights 2024-25

- Released the Jobs and Skills Outlook and Skills Investment Blueprint to support the Skills Policy Direction and delivery of South Australia's Jurisdictional Action Plan under the National Skills Agreement (NSA).
- Collaborated with states and territories to deliver on shared stewardship of Australia's VET system under the NSA.
- Targeted the state's investment in skills to areas of government priority and strategic economic need.
- Commenced delivery of initiatives outlined in Our Policy Direction for Skills in South Australia, focusing on completions, learning wellbeing and enhanced quality.
- Commenced design and implementation of modern cloud-based technology platforms to replace ageing legacy systems through the Digital Transformation program, which is a key enabler under the NSA Enhanced VET Data and Evidence policy initiative.

Targets 2025-26

- In partnership with the Commonwealth Government, continue to facilitate Fee Free TAFE and VET places with TAFE SA and non-government training providers.
- Continue investing in subsidised VET courses at TAFE SA and non-government training providers, focusing on quality delivery, completions, learner wellbeing, culturally safe and inclusive VET learning environments, and increased access for regional and remote learners.
- Continue collaboration on national stewardship of the VET system and local delivery of agreed NSA priorities and policy initiatives.
- Enhance planning to ensure public investment in VET and skills initiatives addresses skills shortages and aligns to strategic economic priorities.
- Continue the design and implementation of the Digital Transformation program and VET Data and Evidence policy initiative in collaboration with the Commonwealth Government.

Total expenses	**436 508**	**456 525**	**439 746**	**406 982**
Net cost of providing services	**375 826**	**391 229**	**375 572**	**368 461**
FTEs as at 30 June (No.)	**132.8**	134.8	127.1	109.9

Explanation of significant movements

The $26.8 million increase in total income in the 2024-25 Estimated Result compared to the 2023-24 Actual is primarily due to higher funding in 2024-25 associated with the NSA ($42.5 million) partially offset by lower Commonwealth Government revenue for Fee Free TAFE in 2024-25 ($14.2 million).

The $49.5 million increase in total expenses in the 2024-25 Estimated Result compared to the 2023-24 Actual is primarily due to:

- increased support in 2024-25 to TAFE SA for skills investment aligned to government priorities ($23.9 million)
- higher expenditure in 2024-25 to plan and commence delivery of NSA policy initiatives, focusing on improved completions ($8.4 million)
- higher expenditure in 2024-25 relating to Digital Transformation initiatives ($7.2 million)
- higher expenditure in 2024-25 for Foundation Skills, VET Workforce and Closing the Gap policy initiatives ($6.2 million).

The $20.0 million decrease in total expenses in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to higher expenditure in 2024-25 for NSA policy initiatives ($9.8 million) and Digital Transformation initiatives ($7.8 million) in line with planned delivery.

Performance indicators[a]

(a) Government priority areas — vocational education and training courses aligned to occupations in sectors including Health and Care, Building and Infrastructure, Defence and Manufacturing, Clean Energy, Education and Technology and Artificial Intelligence.

(b) Data sourced from National Centre for Vocational Education Research (NCVER).

(c) Data sourced from the Report on Government Services and is only available every two years.

Activity indicators

	2025-26 Projection	2024-25 Estimated Result	2024-25 Projection	2023-24 Actual
Government expenditure per annual hours of VET delivery *Data sourced from the Report on Government Services.*	**$19.85**	$20.35	$21.00	$19.55

Program 3: Small and Family Business

Description/objective

To support small and family businesses in South Australia to grow, innovate and take advantage of new market opportunities by:

- providing information, tools and resources to business owners and managers
- delivering targeted capability development programs to address capability and knowledge gaps, build stronger business foundations, and accelerate growth
- improving access to government services through diverse communication streams and easy access to tools, information and services.

Highlights 2024-25

- Implemented South Australia's Small Business Strategy 2023-2030 through delivering programs, resources and support services that build strong foundations, accelerate growth, enhance digital and cyber capability, support the implementation of sustainability measures, and improve mental health and wellbeing.
- Implemented a second round of the Women in Business program to improve the success and growth prospects of female owned and led businesses in South Australia.
- Launched Round 2 of the Business Growth Fund, offering energy efficiency grants to help small businesses and the not-for-profit sector to adopt more energy efficient practices, provide environmentally friendly products, and adopt new technology and equipment.
- Administered the Whyalla Small Local Business Support Grant program and the South Australian Business Creditor Assistance Scheme.

Targets 2025-26

- Continue driving and delivering programs and initiatives under South Australia's Small Business Strategy 2023-2030 to respond to the needs of small and family businesses.
- Deliver Small Business Week 2025.
- Continue growing female owned and led South Australian businesses through the Women in Business program.

No. of businesses supported to build capability	**9 700**	8 055	7 000	9 223

Program 4: Trade and Investment

Description/objective

Attracting investment, developing international partnerships and trade pathways, and connecting into global supply chains to export through:

- working with national and international companies across a range of sectors to target, attract and facilitate investment into South Australia
- connecting industry and research partners and local exporters with potential investors
- identifying market opportunities in key sectors and connecting local exporters with international buyers through South Australia's global trade and investment offices
- supporting local businesses to grow and diversify export opportunities in global markets
- coordinating inbound and outbound business missions to explore new opportunities with key markets
- strengthening South Australia's reputation through the State Brand and maximising the profile of the state's goods and services.

Highlights 2024-25

- Facilitated over $850 million of investment into South Australia and secured around 1000 new jobs through Invest SA investment facilitation activities.
- Delivered investment attraction events around all major events, including LIV Golf, 2025 AFL Gather Round and the Adelaide Motorsport Festival, and hosted regular business and investor delegations throughout the year to showcase South Australia's competitive economic edge.
- Supported more than $100 million in new exports and supported over 500 South Australian businesses to connect with international partners, gain global market insights, and resolve barriers to trade.
- Coordinated business missions to priority markets to connect South Australian business with global opportunities including at major events such as Osaka World Expo.
- Delivered the 'Buy SA. For SA' campaign to make it easier for consumers to identify and buy local products, and increased uptake of the State Brand to more than 10 000 registered businesses to facilitate a consistent and compelling positioning of South Australia in local, national and global markets.

Targets 2025-26

- Drive inbound national and international investment and secure associated new job opportunities through investment attraction activities.
- Facilitate export outcomes for South Australia through the department's export assistance and programs, including specific services to help South Australian businesses navigate a challenging global economic environment and overcome market access issues.
- Coordinate outbound and inbound missions to and from priority markets to take advantage of major global trade and investment events including Osaka World Expo.
- Deliver comprehensive State Brand resources, assets and guidelines to increase awareness and support growth for South Australian businesses in local, national and global markets.

FTEs as at 30 June (No.)	**119.0**	125.7	159.4	148.0

Explanation of significant movements

The higher total income in the 2024-25 Estimated Result compared to the 2025-26 Budget, 2024-25 Budget and 2023-24 Actual is primarily due to trade and investment carryovers transferred from the Department for Housing and Urban Development ($8.2 million).

The $5.4 million decrease in total expenditure in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to time limited grant programs ending in 2024-25 ($7.8 million) partially offset by additional expenditure in 2025-26 to support South Australian industries impacted by the current global trade environment and tariffs ($2.5 million).

Performance indicators

	2025-26 Target	2024-25 Estimated Result	2024-25 Target	2023-24 Actual
Investment secured through Invest SA investment facilitation *The 2024-25 Estimated Result is higher than the 2024-25 Target due to continued large-scale investment and the changing nature of investment opportunities.*	**$850m**	$870m	$750m	$1 005m
New jobs secured through Invest SA investment facilitation *The 2024-25 Estimated Result is lower than the 2024-25 Target due to the changing nature of investment opportunities.*	**4 000**	1 000	4 000	881
Value of export deals for South Australia in priority sectors from companies that are a direct client of the department *Comprehensive export support programs across food, wine, agribusiness, services and technology undertaken by the department, combined with China's removal of trade impediments on key exports, enabled a strong result in 2024-25.*	**$165m**	$150m	$50m	$78m

Summary of major variations

Statement of comprehensive income — controlled

Explanation of significant movements

Variances to income and expenses are described at the appropriate program level.

Statement of financial position — controlled

Explanation of significant movements

In addition to the variances described under program summaries, the increase in net assets in the 2024-25 Estimated Result compared to the 2024-25 Budget and 2023-24 Actual is due to the transfer of Skills SA and Trade and Investment from the Department for Education and the Department for Housing and Urban Development respectively on 1 July 2024.

Statement of cash flows — controlled

Explanation of significant movements

All movements are consistent with those described under program summaries.

Statement of comprehensive income — administered items

Explanation of significant movements

The increase in total income and expenses in the 2024-25 Estimated Result compared to the 2024-25 Budget is primarily due to:

- transfer of the South Australian Skills Commission from the Department for Education on 1 July 2024.
- transfer of concessions provided for student travel associated with VET from the Department for Education on 1 July 2024.
- transfer of Parliamentary salaries and allowances from the Department for Infrastructure and Transport on 1 July 2024.
- transfer of the Agent-General's salary and allowances from the Department for Housing and Urban Development on 1 July 2024.

Statement of financial position — administered items

Explanation of significant movements

The increase in net assets in the 2024-25 Estimated Result compared to the 2024-25 Budget is primarily due to the transfer of the South Australian Skills Commission from the Department for Education on 1 July 2024.

Statement of cash flows — administered items

Explanation of significant movements

The movement in cash outflows and cash inflows between years are consistent with changes discussed under the statement of comprehensive income.

Additional information for administered items

Additional information on administered items is included in the following table.

Objective

TAFE SA is South Australia's public training provider of vocational education and training (VET) and higher education, delivering for the public interest. TAFE SA delivers job-focused training across a range of industries from entry-level certificates to bachelor degrees, at locations across the state.

TAFE SA is at the centre of South Australian VET delivery, providing high quality VET services that meet economic and community needs and connect learners to work. Through the provision of access to affordable, quality education and training, designed with industry, TAFE SA will ensure all South Australians can participate equitably in new work opportunities and share the benefits of this employment with their families and communities.

TAFE SA works closely with Skills SA and provides leadership across the training system to lift the quality, capability and reputation of VET.

Ministerial responsibilities

Minister	Programs	Sub-programs
The Hon. BI Boyer Minister for Education, Training and Skills	1. TAFE SA	Nil

Statutes

The Department of the Premier and Cabinet maintains a list of statutes applicable to ministers.

Total	**15 993**	**12 593**	**10 729**	**5 935**

Key agency outputs

- Work collaboratively with the Commonwealth Government, industry and employers to effectively shape the South Australian training environment while continuing to make a significant contribution towards the state's skilled workforce.
- Improve access to quality VET across the state to support individuals, industry and communities in developing the skills they need. TAFE SA is at the centre of VET in South Australia, committed to increasing VET participation and qualification outcomes for students, providing pathways from school to higher education and supporting South Australia's economic growth.
- Provide high quality training, education and skills development targeted to South Australia's economic priorities and workforce needs. This includes playing a key role to:
  - increase the number of commencements and completions of apprenticeships and traineeships in South Australia particularly in areas of skills shortages
  - ensure South Australia has the skilled workforce to capitalise on emerging industries
  - engage effectively with industry, including Industry Skills Councils and the South Australian Skills Commissioner.

Investing expenditure summary

The 2025-26 investment program is $20.3 million.

The program continues to invest in improving the TAFE SA digital environment and access to training; providing modern and compliant training environments; updating teaching plant and equipment required for industry ready skills and maintaining asset value through the asset lifecycle replacement programs to support the delivery of VET across the state.

	Estimated completion	Total project cost	2025-26 Budget	2024-25 Estimated Result	2024-25 Budget
	Quarter	$000	$000	$000	$000

Total investing expenditure		**10 482**	**20 268**	**15 623**	**16 513**

(a) This forms part of TAFE SA's overall investment of $25 million in system enhancements. Student Engagement Hubs was previously presented within Contemporary Digital Student Learning Systems and Support Services but is now presented separately as it relates to physical infrastructure rather than technology improvements. The increase in investing expenditure for Student Engagement Hubs reflects the carryover of expenditure from 2023-24 into 2024-25 to align with campus master planning at various TAFE SA campuses.

(b) The project timing has been aligned with the Mount Gambier Technical College to ensure an integrated precinct.

Program 1: TAFE SA

Description

Provide publicly delivered VET learning opportunities that are aligned to South Australia's workforce and economic needs.

Highlights 2024-25

- Achieved state and national recognition as a leader in VET by winning the Large Training Provider Award at the South Australian Training Awards and National Large Training Provider of the Year at the Australian Training Awards.
- Launched TAFE SA's six Priority Plans, aligned to the TAFE SA Strategic Plan 2023-2033. The Plans establish clear actions to improve outcomes across First Nations, Student-Success, Place-Based, Teaching and Learning, Our People and Sustainability.
- Established a national Centre of Excellence in Early Childhood Education and Care at TAFE SA's Adelaide City Campus to help improve skills and capability of early childhood education and care workers nationally, innovate sector training and fast-track development and delivery of industry pathways.
- Commenced delivery of the Defence Industry Pathways program and Shipbuilding Employment Pathways pilot to address critical skills shortages and enable trainees and apprentices to obtain world-class qualifications while receiving hands-on training opportunities and full-time paid employment.
- Developed and piloted a new Pitjantjatjara language and culture course, which will be delivered to the public from 2025-26, supporting local workers and community in the Anangu Pitjantjatjara Yankunytjatjara Lands with introductory language skills.
- Delivered Fee Free TAFE training to more than 17 000 students since the program commenced, with over 75 per cent of students being from a priority or disadvantaged cohort.

Targets 2025-26

- Support the Minister for Education, Training and Skills in amending the *TAFE SA Act 2012* to ensure the legislation aligns with government priorities and community expectations, enhancing TAFE SA's governance, accountability, and responsiveness to workforce and industry needs.
- Deliver on the state government's election commitment to upgrade TAFE SA's Mount Gambier campus, by progressing upgrades to facilities and equipment to further increase the enrolment and retention of regional students at TAFE SA.
- Demonstrate TAFE SA's continued leadership as a quality VET provider by implementing continuous improvements aligned to the Revised National Standards for Registered Training Organisations. TAFE SA is due for re-registration against the Revised National Standards in 2026.
- Engage with industry and community to develop TAFE SA's training profile for the next five years, aligned to Commonwealth Government and state government skills and training priorities.
- Through the Centre of Excellence in Early Childhood Education and Care, deliver national advancements in research, pathways and curriculum design, bringing about improvements in the training of early childhood workforce on a national scale.
- Work with TAFEs across the nation to develop a National TAFE Network, which will foster collaboration between the teachers and administrators of TAFEs and public training providers to develop curriculum resources, improve the quality of teaching and learning practice, and enhance the status of TAFE. TAFE SA will share innovation and best practice from the Centre of Excellence in Early Childhood Education and Care with the National TAFE network.

Explanation of significant movements

The increase in income in the 2024-25 Estimated Result compared to the 2024-25 Budget is primarily due to additional funding to:

- commence the Centre of Excellence in Early Childhood Education and Care ($8.0 million)
- accelerate training activity in priority trades and expand the automotive training options to meet the needs of higher uptake of electric vehicles ($5.7 million)
- support more flexible training delivery across the state through mobile training units and to enhance delivery of green energy skill needs from the TAFE Technology Fund ($4.3 million)
- further improve student related technology to better meet student needs ($3.0 million).

The higher income also reflects increased activity in Commonwealth Government funded programs ($6.3 million) including the Adult Migrant English program and Skills for Education and Employment program.

The increase in expenses and FTEs in the 2024-25 Estimated Result compared to the 2024-25 Budget reflects expenditure associated with the additional funding outlined above as well as an increase in depreciation as a result of the independent land and building revaluation performed in 2023-24 ($6.1 million).

Performance indicators

	2025-26 Target	2024-25 Estimated Result[a]	2024-25 Target	2023-24 Actual[a]
% of TAFE SA VET graduates who improved their employment circumstances after training[b] *This indicator measures the percentage of graduates who have either obtained employment, have gained employment at a higher skill level or who have received a job-related benefit following the completion of training.* *The 2024-25 Estimated Result is higher than the 2024-25 Target due to continued increased employment opportunities in South Australia.*	**55.0%**	65.0%	55.0%	69.6%
% of TAFE SA VET graduates employed or in further study after training[b]	**85.0%**	86.4%	85.0%	88.0%
% of TAFE SA VET graduates satisfied with the overall quality of training[b]	**90.0%**	89.9%	90.0%	90.3%
TAFE SA load pass rates (%)[c] *The load pass rate reports the percentage of hours passed in assessable modules or unit of competencies. TAFE SA data used for this indicator complies with the Australian Vocational Education and Training Management Information Statistical Standard (AVETMISS).* *Measurement of indicator revised from 2023-24.*	**84.0%**	88.4%	84.0%	87.6%
TAFE SA qualification completion rates (%) *Indicator discontinued from 2023-24. TAFE SA previously sourced this data from National Centre for Vocational Education Research (NCVER), however NCVER has discontinued reporting of projected completion rates for qualifications that commenced in the most recent year due to limitations with the methodology and the reliability of resulting estimates.*	**n.a.**	n.a.	45.0%	n.a.

(a) The 2024-25 Estimated Result and the 2023-24 Actual show the calendar year 2024 and 2023 data respectively for all performance indicators.

(b) The 2024-25 Estimated Result is derived from a survey of students who completed nationally recognised VET during 2023, using data collected in mid-2024. Source: NCVER, National Student Outcomes Survey, 2024.

(c) Excludes direct Commonwealth Government funded activities (Adult Migrant English program and Skills for Education and Employment program) that focus on providing pathways to further education and employment opportunities rather than aiming for formal completion. The 2023-24 Actual has been restated to exclude this activity.

Activity indicators[a]

	2025-26 Projection	2024-25 Estimated Result	2024-25 Projection	2023-24 Actual
Total training delivery — number of registered training hours (million)[b]	**13.7**	13.4	13.4	13.5
No. of qualification completions through TAFE SA *Indicator discontinued from 2023-24. Refer to explanation for discontinuation of TAFE SA qualification completion rates above.*	**n.a**	n.a.	11 000	n.a.
Apprentices and trainees studying at TAFE SA[c] *The figures show enrolments for qualifications at Australian Qualifications Framework (AQF) levels I-IV delivered through a Contract of Training.*	**8 500**	8 924	8 500	8 969

(a) Activity indicators are largely influenced by economic factors, industry structure and labour market.

(b) The 2023-24 Actual is based on TAFE SA actual data, the 2024-25 Estimated Result is based on TAFE SA's forecast and 2025-26 Projection is based on targeted hours.

(c) The 2024-25 Estimated Result and the 2023-24 Actual show the calendar year 2024 and 2023 data respectively. TAFE SA data used for this activity indicator complies with AVETMISS.

Summary of major variations

Statement of comprehensive income — controlled

Explanation of significant movements

Variations to income and expenses are described at the program level.

Statement of financial position — controlled

Explanation of significant movements

In addition to the variances described at program level, the increase in net assets in the 2024-25 Estimated Result compared to the 2024-25 Budget is principally due to the revaluation of land and buildings in 2023-24, resulting in an increase in land and improvements asset values ($316.1 million), partially offset by a decrease in long service leave liabilities ($5.9 million) reflecting the actual assumptions and conditions prevailing as at 30 June 2024.

The decrease in net assets in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to a reduction in land and improvements mainly due to depreciation ($18.0 million), as well as an increase in long service leave liabilities ($9.1 million). This is partly offset by an increase in cash ($6.5 million).

Statement of cash flows — controlled

Explanation of significant movements

All movements are consistent with those described under the program summary.

Objective

The South Australian Tourism Commission (SATC) markets South Australia as a holiday destination nationally and internationally, builds the state's events calendar by securing, developing and expanding major events and festivals, and supports industry and businesses to grow the visitor economy and create jobs for the state. The SATC is working towards achieving a visitor economy in South Australia worth $12.8 billion by December 2030.

Key agency outputs

- Increase the appeal and consideration of South Australia through the new destination brand platform and associated campaign.
- Grow visitation and expenditure to South Australia through digital marketing and collaborative marketing campaign activities with domestic and international travel trade partners, airlines, and Tourism Australia.
- Grow and support a calendar of events across the year to drive growth in the visitor economy, create jobs, drive dispersal into regional South Australia, promote the state through media and broadcast coverage and leverage for broader state strategic goals.
- Be a leader in inclusive and regenerative tourism.
- Develop the supply-side of tourism in South Australia by increasing industry capability and encouraging private sector investment in tourism infrastructure, accommodation, and experiences.
- Improve access to and within the state, including a focus on increasing cruise ship arrivals, and increasing direct international and domestic flights to increase visitation and expenditure in South Australia.
- Further engage and communicate with key stakeholders to build the corporate brand and promote the value of the visitor economy to South Australia.
- Provide the tourism industry with evidence-based research to guide the strategic direction of the visitor economy in South Australia.

Investing expenditure summary

The 2025-26 investment program is $794 000.

Program 1: Tourism Development

Description/objective

To build tourism opportunities by improving visitor access, building industry capability, and providing advice to the industry in terms of research, policy, and planning, and promoting the value of the visitor economy.

Highlights 2024-25

- Consulted with industry on the development of the *South Australia Tourism Plan 2030* outlining a strategy for our industry to grow the visitor economy to $12.8 billion by 2030. This Plan will replace the *South Australian Visitor Economy Sector Plan 2030* which was published in 2019.
- Secured direct international flights with United Airlines, China Southern Airlines, Cathay Pacific and Emirates Airways. These include seasonal services between Adelaide and San Francisco, Hong Kong, and Guangzhou, and daily year-round flights to Dubai. Qantas also announced the resumption of international flights between Adelaide and Auckland.
- Delivered a Cruise Ship Welcome Program at Adelaide, Kangaroo Island, and Port Lincoln, and secured 15 new tourism experiences for cruise shore excursions as well as multiple port bookings in future years. A total of 16 cruise lines and 20 individual cruise ships visited South Australia.
- In partnership with regional tourism organisations, commenced the development of destination management plans to identify the region's aspiration and priorities and increase strategic alignment across the regions.
- Delivered the Experience Development Program and round three of the Experience Nature Tourism Fund to support tourism operators to develop new and enhance existing visitor experiences and products.

Targets 2025-26

- Complete the delivery of destination management plans across the regions to identify regional priorities and increase strategic alignment.
- Work in collaboration with industry to develop and roll out a set of pilot initiatives designed to support the South Australian tourism industry to shift the dial on regenerative and inclusive tourism experience delivery. Work in partnership with the South Australian Aboriginal Tourism Operators Council to further develop Aboriginal tourism in South Australia, ensuring Aboriginal stories are owned and told by Aboriginal people.
- Deliver the fourth round of the $2 million Experience Nature Tourism Fund and the third intake for tourism businesses under the Experience Development Program.
- Collaborate with Adelaide Airport Limited, airlines and key stakeholders to further increase international and domestic airline capacity to and within South Australia.
- Develop and implement the South Australian Cruise Action Plan 2030 to guide long-term growth, enhance regional engagement, and strengthen South Australia's position.

Explanation of significant movements

The movements in income between the 2025-26 Budget, 2024-25 Estimated Result, 2024-25 Budget and 2023-24 Actual is primarily due to grant funding received from the Business Growth Fund for financial assistance packages to grow the South Australian visitor economy.

The movements in expenditure between the 2025-26 Budget, 2024-25 Estimated Result and 2024-25 Budget is primarily due to financial assistance packages to grow the South Australian visitor economy.

The higher expenditure in the 2023-24 Actual compared to the 2024-25 Estimated Result is primarily due to:

- expenditure associated with the Tourism Industry Development Fund grant program in 2023-24 which provided $20.0 million over two years to stimulate private sector investment in new and improved regional accommodation, and the development of quality tourism products and experiences ($3.6 million)
- additional research and regional development projects undertaken in 2023-24 ($0.6 million)
- expenditure associated with the Commonwealth Government's Choose Tourism Grant Program in 2023-24 to create new and support existing campaigns designed to attract workers to the South Australian visitor economy ($0.3 million)

partially offset by:

- financial assistance packages to grow the South Australian visitor economy ($1.5 million)
- additional funding for the regional tourism alignment initiative to bolster regional tourism, industry capability and product development ($0.5 million).

Program 2: Tourism Events

Description/objective

To strategically build and promote the state's event calendar through securing new events and by managing and growing existing events.

Highlights 2024-25

- The Santos Tour Down Under celebrated its 25th anniversary, attracting more than 36 000 event specific visitors, injecting $62.5 million into the South Australian economy as well as generating significant national and international media coverage and extensive broadcast. The 2025 event saw the return of a mass participation ride with more than 1600 riders, and the launch of a Tour Down Under Hall of Fame.
- Tasting Australia presented by Journey Beyond, showcased South Australia's premier food and beverages and local talent, reinforcing South Australia's reputation as a destination offering world-class culinary experiences. The program, which featured a new presenting partner for 2025, included more than 150 events across South Australia over ten days, driving visitation, and attracting large crowds to Town Square, in Victoria Square / Tarntanyangga.
- The 2025 AFL Gather Round had a record attendance of 269 506 fans across the nine matches, and Friday night drove the strongest night ever for hotel rooms occupied and revenue across greater metropolitan Adelaide, with 10 669 rooms occupied, generating revenue of $4.8 million. The Footy Festival at Elder Park attracted 118 543 visitors over the four days, an increase of 17 per cent on last year, the Barossa region hosted two AFL matches at the newly completed $45.7 million Lyndoch recreation facility 'Barossa Park', and the Norwood Food and Wine Festival featured more than 50 local and leading South Australian businesses with more than 90 000 people in attendance.
- The 2025 LIV Golf Adelaide had a record attendance of 102 000 people over the three days, as well as generating additional visitor expenditure from interstate and overseas visitors to South Australia and achieving world-wide media and broadcast coverage. The event again drove revenue for accommodation, with Saturday night reaching $3.9 million, with an average of 10 129 rooms booked each night across greater metropolitan Adelaide, up 23 per cent on the week of LIV Golf Adelaide 2024.
- A total of 23 major events were attracted and/or supported, driving increased visitation, and generating significant economic benefit for the state. Events included the Socceroos v China PR AFC match, the Dale Chihuly exhibition at the Botanic Gardens, Illuminate Adelaide, Adelaide Festival and the Adelaide International.
- A total of 37 regional events were supported through the Regional Event Fund, including Gutsy Kangaroo Island, The Port Lincoln Cup, Riverland Rose and Garden Festival, SALT Festival and Coonawarra Cabernet Celebrations.

Targets 2025-26

- Deliver and grow the suite of managed events, 2025 National Pharmacies Christmas Pageant, 2026 Santos Tour Down Under and 2026 Tasting Australia presented by Journey Beyond aimed at driving overseas and interstate visitation and additional expenditure for the state.
- Continue to partner with Australian Football League and LIV Golf to build on the success and outcomes of the 2025 AFL Gather Round and LIV Golf Adelaide events.
- Secure and support new and existing major events aimed at delivering strong economic, employment, promotional and community benefits for South Australians, including The British and Irish Lions Tour.
- Support regional events through the Regional Event Fund to drive visitation and expenditure to the state's regions, support local business and create employment opportunities.

Program summary — income, expenses and FTEs

FTEs as at 30 June (No.)	**60.9**	64.9	55.8	60.0

Explanation of significant movements

The movements in income between the 2025-26 Budget, 2024-25 Estimated Result, 2024-25 Budget and 2023-24 Actual are primarily due to movements in intra-government transfers relating to funding received from the Major Events Fund for major event sponsorship and operations.

The movements in expenditure between the 2025-26 Budget, 2024-25 Estimated Result, 2024-25 Budget and 2023-24 Actual are primarily due to costs associated with funding new and existing leisure events in 2023-24, 2024-25 and 2025-26 to further drive economic development and future visitation to the state.

Program 3: Tourism Marketing

Description/objective

To deliver marketing programs that raise awareness and generate demand for South Australian tourism experiences to help grow visitation numbers to South Australia and increase visitor expenditure.

Highlights 2024-25

- Launched a new destination brand platform and associated campaign, 'Celebrate the Simple Pleasures', aimed at strengthening South Australia's market positioning. The destination brand platform and associated campaign are being promoted in targeted domestic markets.
- Continued delivery of the national tourism campaign 'Travel. Our Way.' to drive interstate visitation and tourism expenditure, achieving brand performance metrics that exceeded previous campaigns. Launched the seasonal campaign, 'Winter. Our Way.' to stimulate off-peak intrastate travel, directing audiences to southaustralia.com and connecting them with regional product and winter-based offers.
- Continued to use digital data and insights to optimise digital assets, making them easier for consumers to use in planning their South Australian holidays, and maximising the rate at which website visitors generate leads to South Australian tourism operators and industry partners.
- As at the end of March 2025, there were 7.8 million visits to southaustralia.com, generating 1.8 million qualified consumer leads and referrals to South Australian tourism operators and industry partners. This represents an 8 per cent increase compared to the same period last year.
- As at the end of March 2025, a total of 11 cooperative marketing campaigns were delivered with key travel brands, including Jetstar, Qantas, Accor, Wotif.com, Trip Advisor, Webjet, Travel Auctions and Helloworld to drive bookings for South Australian tourism operators. Cooperative marketing campaigns were conducted with major international airlines to help drive ticket sales to South Australia.
- Promoted South Australia in the key international markets of New Zealand, Southeast Asia, China, India, United Kingdom, Europe, and North America. This included consumer and trade / airline partner marketing and engagement with travel trade through familiarisations, attendance at Tourism Australia tradeshows as well as providing hosted events and various training and education.

Targets 2025-26

- Roll out the new destination brand 'Celebrate the Simple Pleasures' across priority domestic and international markets, with campaign activity launching from mid-2025 in New Zealand, Singapore, China, United Kingdom, Europe and North America.
- Stimulate year-round intrastate travel through tactical campaigns, connecting consumers with regional product, seasonal offers and travel deals during periods of soft demand.
- Increase South Australia's appeal within the domestic tourism market through brand-led content, targeted campaign activity and a continued focus on enhancing awareness and consideration.
- Develop and execute cooperative marketing campaigns with key domestic travel trade and airline partners that extends the reach of the new destination campaign and generates domestic travel bookings to South Australian tourism operators. Drive international visitation and expenditure to South Australia by working with Tourism Australia and the execution of consumer direct marketing and cooperative campaign activity with key international trade as well as new and existing airline partners.
- Host the 2026 Australian Tourism Exchange, the tourism industry's largest annual trade event, bringing together tourism businesses with national and global distribution partners. Engage and market to international travel trade through trade familiarisations and attendance at Tourism Australia trade events in Southeast Asia, India, North America and China.

FTEs as at 30 June (No.)	**67.1**	62.1	61.0	59.0

Explanation of significant movements

The higher income in the 2025-26 Budget compared to the 2024-25 Estimated Result is due to:

- grant funding received from the Business Growth Fund for hosting the 2026 Australian Tourism Exchange, the tourism industry's largest annual trade event, bringing together tourism businesses with national and global distribution partners
- additional grant funding received from the Business Growth Fund for marketing support to grow the South Australian visitor economy.

The movements in income between the 2024-25 Estimated Result, 2024-25 Budget and 2023-24 Actual is primarily due to grant funding received from the Business Growth Fund for marketing support to grow the South Australian visitor economy.

The higher expenditure in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to:

- expenditure associated with hosting the 2026 Australian Tourism Exchange, the tourism industry's largest annual trade event, bringing together South Australian tourism businesses with national and global distribution partners
- expenditure associated with marketing support to grow the South Australian visitor economy ($2.1 million).

The higher expenditure in the 2024-25 Estimated Result compared to the 2023-24 Actual is primarily due to:

- additional tourism marketing to accelerate adoption and consumer awareness of a distinctive South Australian destination brand to help lift the state's appeal and awareness among potential visitors ($4.5 million)
- expenditure associated with grant funding received from the Business Growth Fund for marketing support to grow the South Australian visitor economy ($1.1 million)

partially offset by:

- conclusion of the River Revival Voucher program in 2023-24, which was part of the Government of South Australia's river tourism recovery plan to stimulate visitation and expenditure in the communities impacted by the River Murray flood event ($2.5 million)
- additional expenditure in 2023-24 on international marketing projects ($0.8 million)
- expenditure associated with the Commonwealth Government's Choose Tourism Grant Program in 2023-24 on campaigns to attract workers to the South Australian visitor economy ($0.5 million).

Summary of major variations		183

Objective

To ensure South Australia is a thriving, prosperous state, now and into the future. The Department of Treasury and Finance provides fiscal, economic and digital policy advice to the government, and delivers key services to other government agencies and the community, including collection of state taxes, business and procurement, shared and digital services, fines recovery, insurance, and superannuation.

Ministerial responsibilities

Minister	Programs		Sub-programs	
The Hon. KJ Maher Special Minister of State	1.	Electorate Services	Nil	
The Hon. SC Mullighan Treasurer	2.	Accountability for Public Sector Resources	Nil	
	3.	Treasury Services	3.1	Revenue Collection and Management
			3.2	Treasury, Insurance and Fleet Services
			3.3	Superannuation Services
	4.	Information, Data Analytics and Communication Technology Services	Nil	
	5.	Government Services	5.1	Shared Services
			5.2	Whole of Government Procurement
			5.3	Fines Enforcement and Recovery Unit

Administered items

In addition to the above responsibilities, the agency administers the following items on behalf of the Treasurer:

- Assets and liabilities the Treasurer holds on behalf of the state
- Consolidated Account items
- Special deposit accounts.

Statutes

The Department of the Premier and Cabinet maintains a list of statutes applicable to ministers.

Key agency outputs

- Provide fiscal, economic and digital policy advice to, and on behalf of, the Government of South Australia.
- Coordinate resource allocations for government programs and priorities at the whole of government level to ensure accountability for public sector resources.
- Support the Treasurer in producing the state budget.
- Provide across government corporate and business services in the areas of payroll, accounts payable, accounts receivable, and financial services to enable South Australian government departments to focus on their core business operations.
- Provide support to the government through delivering a range of key projects for the economic benefit of the state.
- Work with government agencies to modernise and transform government services by coordinating and providing best practice information communications technology (ICT) and cyber security policies and resources across government and delivering digital and data analytics projects that foster innovation and collaboration between the public and private sectors.
- Establish across government contracts for goods, services and ICT, and specialist procurement advice.
- Provide financial services to the government covering asset and liability management, collection of state taxes, fines enforcement and recovery, insurance, and superannuation.
- Deliver support services to members of parliament to assist them in meeting their responsibilities to the parliament and the broader community.

Investing expenditure summary

The 2025-26 investment program is $7.3 million.

Program 1: Electorate Services

Description/objective

Provision of support services to members of parliament to assist them in meeting their responsibilities to the parliament and the broader community.

Highlights 2024-25

- Negotiated a new enterprise agreement for assistants to members of the South Australian parliament.
- Completed three electorate office relocations.
- Developed a strategic accommodation plan which addresses the implications of the 2024 Electoral Districts Boundaries Commission review.
- Commissioned automatic external defibrillators in the electorate offices of all members of the House of Assembly.

Targets 2025-26

- Develop plans to deliver facilities management, administrative, personnel coordination and financial services to support members during the lead-up to and directly following the March 2026 state election.
- Manage the transition of former members of parliament and their staff where required, following the March 2026 state election whilst effectively engaging new members and staff after declaration of the polls.
- Manage the renewal of numerous electorate office leases, aligned with the election year, in consultation with members and the Department for Infrastructure and Transport.

Program 2: Accountability for Public Sector Resources

Description/objective

Treasury and Finance ensures accountability for public sector resources through providing fiscal, economic and policy advice to the government and coordinating and advising on resources for government programs and priorities at the whole of government level.

Treasury and Finance supports delivery of a range of key projects aimed at maximising financial and commercial outcomes for government. These projects progress policy reforms and commercial initiatives for the economic or social benefit of the state.

Highlights 2024-25

- Produced and published the consolidated Government of South Australia financial statements for 2023-24, the 2024-25 Mid-Year Budget Review, and the 2025-26 Budget.
- Provided advice and input into a broad range of economic and social policy matters including the formulation of the government's Housing Roadmap and Sovereign Steel Package to support Whyalla.
- Led South Australia's input into the Commonwealth Grants Commission 2025 review of the GST distribution system.
- Produced the first South Australian sustainability report.
- Supported a revitalisation of competition policy through the Intergovernmental Agreement on National Competition Policy and associated federation funding agreement.
- Provided advice to the Treasurer on a broad range of issues being considered by the Council on Federal Financial Relations, including the reforms to the health and disability ecosystem, committed to at National Cabinet in December 2023.
- Provided comprehensive secretariat support and advice to the Board of Treasurers.
- Commenced an intensive process with selected agencies to govern and support the development and implementation of strategies that improve agency efficiency and budget management.
- Developed a whole of government framework to support Aboriginal community-controlled organisations in delivering government services.
- Continued the project assurance program to progress the approved initiatives under the digital investment fund as well as continuing to work with agencies in assessing new initiatives submitted for consideration by the fund.

Targets 2025-26

- Produce and publish the consolidated Government of South Australia financial statements for 2024-25, the 2025-26 Mid-Year Budget Review, and the 2026-27 Budget.
- Provide advice and support the review of the planning and regulatory frameworks governing water and wastewater growth infrastructure investment announced as part of the government's Housing Roadmap.
- Lead South Australia's input into the Productivity Commission's review of amendments to horizontal fiscal equalisation as required under Commonwealth legislation, seeking to ensure that South Australia receives an equitable share of GST revenue and remains no worse off than it would have been under the previous arrangements.
- Deliver the review of the operation of the *Public Finance and Audit Act 1987*.
- Continue to partner with agencies to enhance budget accountability and identify strategies that improve agency efficiency and budget management.

- Continue work to support Aboriginal community-controlled organisations in delivering government services.
- Commence a whole of government artificial intelligence proof of value program to uplift and accelerate the government's use of artificial intelligence to more effectively deliver services.
- Continue to provide policy advice to government on a broad range of government economic and social matters and commercial transactions, including the transition and sale of OneSteel Manufacturing Pty Ltd (Administrator Appointed) (OneSteel).
- Continue to provide secretariat support to the Board of Treasurers and provide advice to the Treasurer on a broad range of issues being considered by the Council on Federal Financial Relations.

FTEs as at 30 June (No.)	**160.2**	155.2	141.0	132.0

Explanation of significant movements

The increase in the 2024-25 Estimated Result for expenses compared to the 2024-25 Budget is primarily due to:

- the Sovereign Steel Package to support Whyalla ($0.5 million)
- higher expenses associated with the delivery of the department's graduate program ($0.5 million)
- timing of the Simplify Unclaimed Monies Act project ($0.3 million)
- increased activity associated with administering the digital investment fund ($0.2 million).

The decrease in the 2024-25 Estimated Result for income compared to the 2023-24 Actual is primarily due to:

- recognition of various services provided free of charge by Shared Services SA to the department ($2.4 million)
- contributions from ANZ Banking Group to support the transition of the whole of government banking contracts made in 2023-24 ($1.8 million).

The increase in the 2024-25 Estimated Result for expenses compared to the 2023-24 Actual is primarily due to:

- increased activity associated with administering the digital investment fund ($1.2 million)
- additional expenditure to enable the department to partner with agencies to identify reforms that improve agency efficiency and budget management ($1.1 million)
- staff vacancies in 2023-24 ($0.6 million)
- the Sovereign Steel Package to support Whyalla ($0.5 million)
- higher expenses associated with the delivery of the department's graduate program ($0.5 million)
- timing of the Simplify Unclaimed Monies Act project ($0.3 million).

Program 3: Treasury Services

Description/objective

Management of the government's financial assets and liabilities and provision of certainty of funding to the state.

Sub-programs

3.1 Revenue Collection and Management

3.2 Treasury, Insurance and Fleet Services

3.3 Superannuation Services

Program summary — income, expenses and FTEs

Sub-program 3.1: Revenue Collection and Management

Description/objective

Administration of taxation legislation through the management of revenue and compliance systems, processes, policy advice, and taxpayer education to enable the government to collect revenue. RevenueSA also manages various grants and subsidy schemes for the government.

Highlights 2024-25

- Supported businesses impacted by the administration of One Steel and drought through a range of measures.
- Expected to deliver around $119 million in housing grants and stamp duty relief to support over 3500 first home buyers purchase a new home or vacant land on which to build a new home.

- Continued to administer the Commonwealth Government's HomeBuilder Grant Scheme to eligible applicants as it approaches its conclusion on 30 June 2025.
- Implemented the government's initiative to deliver payroll tax relief to eligible medical practices on the wages of general practitioners associated with bulk-billed services.
- Introduced a program of improvements to the RevenueSA online land settlement process, including allowing for the ability to use BPay for emergency services levy and land tax certificate payments, resulting in measurable savings in time and resources for practitioners.
- Held quarterly meetings of the State Taxes Liaison Group bringing together representatives of key industry groups and RevenueSA to discuss issues of policy, legislation and areas of potential state taxation reform.
- Resolved a long-standing dispute between the Treasurer and SkyCity Adelaide Pty Ltd, following a favourable High Court decision regarding the amount payable by SkyCity under the Casino Duty Agreement.
- Conducted proof of concept trials utilising innovative technologies and business process enhancements to improve customer service responsiveness and explored potential self-service options.

Targets 2025-26

- Continue to support businesses impacted by the administration of the Whyalla Steelworks and drought through a range of measures.
- Engage with the conveyancing industry to improve the experience and outcomes for both practitioners and RevenueSA in delivering efficient property settlements through continued industry partnerships and education opportunities.
- Continue to assist first home buyers through the payment of the first home owner grants and stamp duty relief.
- Support eligible medical practices to comply with their payroll tax reporting obligations implementing system enhancements and providing continuous education and communication to the industry and their professional representatives.
- Conduct comprehensive and targeted debt and compliance programs, informed by data analytics and strategic intelligence to address non-compliance with legislation and educate taxpayers on their obligations.
- Continue to engage with industry broadly through forums, conferences, and meetings to understand industry concerns and provide clarity on RevenueSA's approach to various matters.

	2025-26 Budget	2024-25 Estimated Result	2024-25 Budget	2023-24 Actual

No major variations.

Performance indicators

	2025-26 Target	2024-25 Estimated Result	2024-25 Target	2023-24 Actual
Revenue resulting from compliance and debt collection initiatives *The higher 2024-25 Estimated Result is due to the resolution of a casino duty matter resulting in revenue collected of $38 million and an increase in land and payroll tax debt collections.*	**$131.2m**	$153.3m	$92.7m	$109.6m
Cost for tax and grant administration per $100 *Excludes the emergency services levy.*	**<50 cents**	51 cents	<55 cents	49 cents
% of collections ($) received electronically *Methodology changed from previous years to include emergency services levy data.*	**>98%**	99.0%	n.a.	98.9%
% of collections (volume) received electronically *New performance indicator.*	**>98%**	99.0%	n.a.	98.7%
% of payments ($) made electronically *Methodology changed from previous years to include emergency services levy data.*	**>90%**	87.8%	n.a.	89.7%
% of payments (volume) made electronically *New performance indicator.* *The lower 2023-24 Actual is primarily due to customer preferences for non-electronic refund methods for property-based taxes.*	**>75%**	62.4%	n.a.	58.0%

Activity indicators

	2025-26 Projection	2024-25 Estimated Result	2024-25 Projection	2023-24 Actual
Taxation revenue collected by RevenueSA	**$5.8b**	$5.6b	$5.5b	$5.4b
Grants and administered payments managed by RevenueSA *The higher 2024-25 Estimated Result is primarily due to first homeowner stamp duty concessions.*	**$62m**	$66m	$51m	$58m

Sub-program 3.2: Treasury, Insurance and Fleet Services

Description/objective

The objectives of this sub-program include:

- management of the government's financial assets and liabilities and provision of certainty of funding to the state
- provision of insurance cover to government agencies through the insurance and reinsurance of government risks
- advice to the government on issues relating to insurance and the management of risks
- provision of fleet management services to agencies and vehicle disposal services to government.

Highlights 2024-25

- Continued to broaden the South Australian Government Financing Authority's (SAFA) profile and depth of involvement with investors to enable the cost-effective raising of new debt and the refinancing of existing short and long-term debt.
- Continued to deliver innovative financial solutions when raising debt by issuing bonds under SAFA's Sustainability Bond Framework.
- Continued to support SAFA's management of industry assistance programs by providing a due-diligence, commercial advisory and contract management service across government.
- Renewed the government's reinsurance program including policies for property, professional indemnity, general liability and cyber insurance on favourable terms.
- Increased the number of electric vehicles in the government fleet, which comprises plug-in hybrid (petrol and electric vehicles) and battery electric vehicles.

Targets 2025-26

- Continue to broaden SAFA's profile and depth of involvement with investors to enable the cost-effective raising of new debt and the refinancing of existing short and long-term debt.
- Renew the government's reinsurance program.
- Continue to increase the number of low and zero emission vehicles in the government fleet.

	2025-26 Budget	2024-25 Estimated Result	2024-25 Budget	2023-24 Actual
	$000	$000	$000	$000
Income	**19 012**	18 286	17 653	15 430
Expenses	**20 571**	19 122	18 431	15 856
Net cost of sub-program	**1 559**	**836**	**778**	**426**
FTEs as at 30 June (No.)	**113.8**	110.6	114.5	82.9

Explanation of significant movements

The increase in the 2024-25 Estimated Result for income and expenses compared to the 2023-24 Actual is primarily due to:

- higher expenses associated with additional resources provided to manage the government's borrowing program ($0.9 million)
- lower recoveries associated with staff vacancies in 2023-24 ($0.9 million)
- higher expenses associated with managing the growth in insurance programs ($0.5 million).

Performance indicators

	2025-26 Target	2024-25 Estimated Result	2024-25 Target	2023-24 Actual

Eligible clients issued with agency agreements	**100%**	100%	100%	100%
Comprehensive government catastrophe reinsurance program at a competitive market price	**Selected catastrophic risks covered at competitive market prices**	Selected catastrophic risks covered at competitive market prices	Selected catastrophic risks covered at competitive market prices	Selected catastrophic risks covered at competitive market prices
Operating expense per $100 premium revenue *The lower 2024-25 Estimated Result reflects increased premium income received due to agencies declaring additional assets requiring insurance coverage in this policy year and anticipated net expenditure savings in the insurance division mainly due to revisions in plans for strategic projects.*	**$4.45**	$4.00	$4.55	$3.90
% of plug-in electric vehicles in government fleet *Plug-in electric vehicles include battery electric vehicles and plug-in hybrid electric vehicles.* *The % of plug-in electric vehicles is based on the number of passenger and sports utility vehicles in the fleet and excludes light commercial vehicles.*	**7%**	5%	4%	3%

Activity indicators

	2025-26 Projection	2024-25 Estimated Result	2024-25 Projection	2023-24 Actual
No. of new vehicles purchased *The higher 2024-25 Estimated Result reflects an increase in vehicle deliveries that were delayed from the previous year.*	**2 400**	2 500	2 400	2 042
No. of vehicles disposed *The higher 2024-25 Estimated Result reflects the disposal of a backlog of vehicles managed by SAFA's vehicle disposal team.*	**2 320**	2 700	2 400	2 031

Sub-program 3.3: Superannuation Services

Description/objective

The objectives of this sub-program are to:

- manage and administer the various public sector superannuation schemes for the South Australian Superannuation Board, the Southern Select Super Corporation and the Parliamentary Superannuation Board in addition to the superannuation arrangements for judges and former governors
- provide superannuation policy and legislative advice to the South Australian Superannuation Board, the Southern Select Super Corporation, the Parliamentary Superannuation Board, the Treasurer and Under Treasurer.

Highlights 2024-25

- Commenced a review of income protection, total and permanent disability and death insurance products, procedures, policies and systems to ensure that they are designed and delivered to create efficiencies and improved member experience and outcomes.
- Reviewed the investment products available to members and developed a new suite of products that are competitive with peer funds and provide improved choice and outcomes for members.
- Developed a fit for purpose advice model to deliver member needs and assist with member retention.

Targets 2025-26

- Commence a program of work to expand Super SA's insurance product and service delivery.
- Introduce improved reporting to members regarding performance against service level targets.
- Implement additional investment options as part of phase 1 of the product enhancement roadmap.
- Implement a new advice model providing more direct superannuation advice to members.
- Commence activities to transition the administration of the Police Pension Scheme to Super SA.
- Continue to enhance the privacy governance and security management of members' information.

	2025-26 Budget	2024-25 Estimated Result	2024-25 Budget	2023-24 Actual
	$000	$000	$000	$000
Income	**51 074**	55 286	49 587	48 940
Expenses	**53 253**	57 465	51 840	51 099

FTEs as at 30 June (No.)	**279.8**	281.8	249.9	253.8

Explanation of significant movements

The decrease in the 2025-26 Budget for income and expenses compared to the 2024-25 Estimated Result is primarily due to the finalisation of several strategic transformation projects undertaken in 2024-25 ($5.0 million).

The increase in the 2024-25 Estimated Result for income and expenses compared to the 2024-25 Budget is primarily due to several strategic transformation projects undertaken in 2024-25 ($5.0 million).

The increase in the 2024-25 Estimated Result for income and expenses compared to the 2023-24 Actual is primarily due to:

- staff vacancies and lower administration expenses in 2023-24 ($2.7 million)
- delays in several strategic transformation projects in 2023-24 ($2.4 million).

Performance indicators

	2025-26 Target	2024-25 Estimated Result	2024-25 Target	2023-24 Actual

Program 4: Information, Data Analytics and Communication Technology Services

Description/objective

Provision of specialised information and communication technology (ICT), digital, data and cyber security services, and support and information to government, citizens and industry.

Highlights 2024-25

- Enabled a connected and secure government through resilient and innovative ICT and cybersecurity services.
- Revised and enhanced the South Australia Cyber Security Framework and improved central capabilities and capacity to further safeguard and protect government information and systems.
- Implemented new systems and processes for connectivity, customer service, integration and identity at a whole of government level to enhance government's delivery of services for South Australia.
- Delivered the 'Serving South Australia — One Stop Shop' initiative by increasing the number of transactions and credentials available through the sa.gov.au dashboard.
- Onboarded two agencies to the Commonwealth Government digital identity, myGovID.
- Continued to deliver functions under the *Public Sector (Data Sharing) Act 2016*, administer the information sharing guidelines and undertake priority analytics projects.

Targets 2025-26

- Continue to enable a secure, connected and collaborative South Australian government through well governed, resilient and innovative ICT and digital services.
- Implement the South Australia Cyber Security Strategy and South Australian Government Cyber Security Operating Model to foster a strong cyber security ecosystem and increase maturity across the state.
- Lead the development of the government's artificial intelligence, digital and ICT strategies to maximise opportunities and enhance government service delivery for South Australians.
- Deliver functions under the *Public Sector (Data Sharing) Act 2016* and undertake priority analytics projects.
- Draft, consult and progress legislative amendments to improve the *Public Sector (Data Sharing) Act 2016*.
- Deliver South Australia's components of the national disability data asset.

FTEs as at 30 June (No.)	**170.4**	170.4	193.5	161.3

Explanation of significant movements

The decrease in the 2024-25 Estimated Result for expenses compared to the 2024-25 Budget is primarily due to:

- lower allocation of corporate overhead following the transfer of this program to the department ($5.9 million)
- lower expenses associated with the exit from the Glenside Hosting Facility ($1.1 million)

partially offset by

- higher expenses to support digital and cyber operating initiatives from the digital investment fund ($2.9 million)
- higher expenses associated with the M365 operating model central tenancy ($0.3 million).

The increase in the 2024-25 Estimated Result for income compared to the 2023-24 Actual is primarily due to the disposal of assets associated with the exit from the Glenside Hosting Facility in 2024-25 ($1.8 million).

The decrease in the 2024-25 Estimated Result for expenses compared to the 2023-24 Actual is primarily due to:

- lower allocation of corporate overhead following the transfer of this program to the department ($3.7 million)
- higher expenses associated with the Office for Data Analytics during 2023-24 ($3.1 million)
- lower expenses associated with the exit from the Glenside Hosting Facility in 2024-25 ($1.1 million)

partially offset by

- higher expenses during 2024-25 to support digital and cyber operating initiatives from the digital investment fund ($3.9 million).

Program 5: Government Services

Description/objective

Provision of a comprehensive range of services to various government agencies and the community.

Sub-programs

5.1 Shared Services

5.2 Whole of Government Procurement

5.3 Fines Enforcement and Recovery Unit

Program summary — income, expenses and FTEs

(a) Electorate Services functions as reflected within this program in the 2024-25 Agency Statements have been reallocated to program 1 Electorate Services and to sub-program 3.2 Treasury, Insurance and Fleet Services in line with revised ministerial responsibilities.

Sub-program 5.1: Shared Services

Description/objective

Delivery of corporate services to various government agencies in the areas of accounts payable, accounts receivable, payroll, work injury services and finance, enabling agencies to focus on their core business operations.

Highlights 2024-25

- Completed the initial build and configuration of the new Oracle financial management solution, following the selection of a system implementation partner.
- Completed configuration and testing of a new customer relationship management solution to enhance digital capability and improve customer service levels.

- Implemented a new scanning and data capture system to reduce invoice payment cycle times and improve accuracy.
- Continued with design activities and software enhancements to support the future rollout of an electronic human resources forms solution across government.
- Commenced providing payroll services to the Teachers Registration Board.

Targets 2025-26

- Commence deployment of the Oracle financial management solution across in-scope government agencies.
- Progress the banking modernisation program, including cheque production phase out, merchant platform upgrade and proposed bulk electronic clearing system decommissioning.
- Implement a new solution to digitise the scanning and workflow of paper-based processing in payroll services.
- Progress a broader roll out of the electronic human resources forms solution across government.

	2025-26 Budget	2024-25 Estimated Result	2024-25 Budget	2023-24 Actual
	$000	$000	$000	$000
Income	**9 879**	11 231	9 398	12 439
Expenses	**134 651**	125 879	129 318	106 634
Net cost of sub-program	**124 772**	**114 648**	**119 920**	**94 195**
FTEs as at 30 June (No.)	**758.6**	740.8	698.9	691.3

Explanation of significant movements

The increase in the 2025-26 Budget for expenses compared to the 2024-25 Estimated Result is primarily due to the implementation of the new Oracle financial management system as part of the Finance Reform program ($9.0 million).

The increase in the 2024-25 Estimated Result for income compared to the 2024-25 Budget is primarily due to higher volumes of agency work requests ($1.5 million).

The decrease in the 2024-25 Estimated Result for expenses compared to the 2024-25 Budget is primarily due to timing of expenses associated with the implementation of the new Oracle financial management system as part of the Finance Reform program ($3.3 million).

The decrease in the 2024-25 Estimated Result for income compared to the 2023-24 Actual is primarily due to higher volumes of agency work requests in 2023-24 ($1.2 million).

The increase in the 2024-25 Estimated Result for expenses compared to the 2023-24 Actual is primarily due to:

- higher expenses associated with the initial build and configuration of the new Oracle financial management solution as part of the Finance Reform program ($16.0 million)
- higher expenses associated with the design and implementation of the electronic human resources forms solution across government ($2.0 million).

Performance indicators

	2025-26 Target	2024-25 Estimated Result	2024-25 Target	2023-24 Actual
Average customer satisfaction with the services provided by Shared Services SA *The lower 2024-25 Estimated Result and 2023-24 Actual is primarily due to the ongoing volume increases and processing complexity in payroll services. A number of initiatives are being progressed to enhance customer service and automate manual processes.*	**>80%**	70%	>80%	65%
Salary overpayments as a % of total pays issued	**<0.4%**	0.5%	<0.4%	0.5%
% of invoices paid in 30 days *Shared Services SA customers only, not all public authorities.*	**>98%**	98%	>98%	98.5%
% of invoices paid in 15 days *Shared Services SA customers only, not all public authorities.*	**>93%**	92%	>93%	88.8%
% of statutory returns (e.g. BAS and FBT) and financial statements submitted by the prescribed dates	**100%**	100%	100%	100%
% complaints actioned within 10 business days *Complaints from members of the public.* *The lower 2023-24 Actual reflects a small total number (7) of complaints received from members of the public during 2023-24. Three of these complaints were complex matters relating to unclaimed monies and the recovery of funds from a vendor. The current process ensures the complainant is contacted within 10 business days.*	**100%**	100%	100%	57%

Activity indicators

No. of salary payments	**3.2m**	3.2m	2.9m	3.1m
No. of invoices raised	**0.4m**	0.4m	0.5m	0.4m
No. of statutory financial statements prepared *General-purpose financial statements only and excludes once-off work to support statement preparation of the Department for Environment and Water Co-Management Boards.*	**197**	197	189	185

Sub-program 5.2: Whole of Government Procurement

Description/objective

Delivery of the strategic direction for the management of procurement across government. To achieve this, Procurement SA develops and maintains the policy framework for how public authorities undertake procurement and supports the capability development of public sector procurement practitioners. Procurement SA also works to reduce the complexity and red tape for businesses tendering for government work, and establishes and manages across government contracts covering goods, services, energy, and information communications technology to deliver value for money outcomes to public authorities and the South Australian community.

Highlights 2024-25

- Published the *PC044 South Australian Funding Policy for the Not-for-Profit Sector* review and commenced implementation of associated recommendations.
- Created a procurement probity training course for public officers.
- Finalised a technology road map to review across government technology, procurement and contract management systems.
- Completed the supplier hub design phase for the 'Publishing Forward Procurement Plans' election commitment.
- Progressed the implementation of the 'Making the Public Dollar Work' election commitments.
- Established new across government contracts for audit, financial advisory, employee assistance program, travel management, licence reseller and Amazon web services.
- Completed a secondary procurement process for 23 agencies under the telecommunications services marketplace panel through an aggregated mobility services request for quote.
- Commenced the development of the Aboriginal enterprise procurement strategy.
- Established an across government procurement internship program with the university sector.

Targets 2025-26

- Implement the government's response to the not-for-profit sector funding policy review.
- Finalise the Aboriginal enterprise procurement strategy.
- Develop an environmental, social and governance procurement framework.
- Enhance management of information and cyber security risks in procurement and contract management.
- Establish new across government contracts for business services, bulk fuel, natural gas, ServiceNow and Palo Alto software.
- Develop a program business case to digitally transform procurement and contract management systems across the public sector.

	2025-26 Budget	2024-25 Estimated Result	2024-25 Budget	2023-24 Actual
	$000	$000	$000	$000
Income	**1 910**	1 950	1 898	2 874
Expenses	**8 650**	9 104	10 127	9 090
Net cost of sub-program	**6 740**	**7 154**	**8 229**	**6 216**
FTEs as at 30 June (No.)	**42.2**	42.3	62.1	48.7

Explanation of significant movements

The decrease in the 2024-25 Estimated Result for expenses compared to the 2024-25 Budget is primarily due to a lower allocation of departmental corporate overhead ($0.9 million).

The decrease in the 2024-25 Estimated Result for income compared to the 2023-24 Actual is primarily due to a higher volume of procurement and contract management training courses provided across government during 2023-24 ($0.9 million).

Performance indicators

	2025-26 Target	2024-25 Estimated Result	2024-25 Target	2023-24 Actual
Cost of procurement function versus spend under management	**<1.8%**	0.9%	<1.8%	0.9%
% of suppliers satisfied with our process, timeliness, and communication	**>90%**	85%	>90%	83%
% of government public authorities satisfied with the quality of engagement, quality and access to information and quality of services and contracts delivered	**>85%**	80%	>82%	72%

Activity indicators

	2025-26 Projection	2024-25 Estimated Result	2024-25 Projection	2023-24 Actual
New across government contracts established *The lower 2024-25 Estimated Result is primarily due to the rescheduling of software negotiations and the establishment of a new business services panel to 2025-26.*	**5**	5	8	6
No. of government procurement election commitments implemented (new) *The lower 2024-25 Estimated Result reflects updated timeframes for projects to be finalised in 2025-26.*	**1**	3	4	3

Sub-program 5.3: Fines Enforcement and Recovery Unit

Description/objective

The Fines Enforcement and Recovery Unit (Fines Unit) manages overdue fines and expiations issued by authorities across South Australia, including court imposed pecuniary sums. The Fines Unit also manages the recovery of Victims of Crime and Criminal Injury Compensation debts and recovers civil (state) debts referred from state government entities, enabling a whole of government approach for the state.

The Fines Unit does not issue fines, nor does it set fines rates or determine how or when fines should be applied. Fines are determined by legislation and are issued by relevant authorities or ordered by a court.

The Fines Unit operates under the direction of the Chief Recovery Officer who has a broad range of legislative powers to ensure efficient and contemporary debt collection and enforcement operations.

Highlights 2024-25

- Continued to progress amendments to the *Fines Enforcement and Debt Recovery Act 2017* to improve the unit's ability to pursue debts on behalf of government departments and agencies and implement the necessary operational changes to support amendments.
- Continued to improve customer services and collections through investigation of emerging digital capabilities.
- Initiated a review aiming to enhance data and analytic capabilities which introduced propensity to pay models and customised client treatment strategies and improves recoveries of debt owed to the state.
- Authorised treatment for gambling harm as an approved treatment program under the *Fines Enforcement and Debt Recovery Act 2017*.
- Provided training and development for Fines Unit staff to ensure best practice client service outcomes.

Targets 2025-26

- Explore and implement emerging digital capabilities to optimise the resolution of debt managed, leveraging advanced data analytics and automation.
- Invest in resilient, self-service technology and continuous improvement to enhance processes, services, and real-time decision making.
- Continue to advance amendments to the *Fines Enforcement and Debt Recovery Act 2017* to improve the unit's ability to pursue debts on behalf of government departments and agencies and implement the necessary operational changes to support amendments.
- Provide ongoing training for Fines Unit staff on sensitivity and awareness regarding programs and solutions available for hardship, vulnerability, and domestic violence situations.
- Partner with financial counselling services and participate in community awareness programs.

	2025-26 Budget	2024-25 Estimated Result	2024-25 Budget	2023-24 Actual
	$000	$000	$000	$000
Income	**732**	925	747	857
Expenses	**15 455**	15 567	19 036	15 412
Net cost of sub-program	**14 723**	**14 642**	**18 289**	**14 555**
FTEs as at 30 June (No.)	**101.5**	101.9	112.9	86.2

Explanation of significant movements

The decrease in the 2024-25 Estimated Result for expenses compared to the 2024-25 Budget is primarily due to:

- centralisation of accommodation and information technology expenses ($2.1 million)
- lower allocation of department overhead ($1.2 million).

Performance indicators

	2025-26 Target	2024-25 Estimated Result	2024-25 Target	2023-24 Actual
Fines debt under management *Fines which are not yet due or are currently being resolved through actions such a payment arrangements.*	**70%**	62.4%	70%	64.1%
Cost to collect $100 of fines debt *The lower 2024-25 Estimated Result is due to higher collections with costs remaining consistent.*	**<$10.00**	$8.44	<$12.00	$9.97
Total fines collected *Includes amounts collected on behalf of, and disbursed to, other parties (suitors).*	**$125.0m**	$120.3m	$120.0m	$117.6m
Total civil debt collected *Includes amounts collected on behalf of, and disbursed to, state government entities.* *The lower 2024-25 Estimated Results is due to a public authority ceasing referrals. The higher 2025-26 Target is due to higher referrals recommencing.*	**$7.0m**	$5.3m	$7.0m	$6.4m

	2025-26 Target	2024-25 Estimated Result	2024-25 Target	2023-24 Actual
Resolution rate of debt collected to debt referred *The lower 2024-25 Estimated Result is due to the introduction of mobile detection cameras and with the new external debt collection supplier assisting with the overflow of inbound calls only. The new external debt collection service will fully commence in 2025-26.* *The lower 2025-26 Target reflects current trends in debt collection.*	**65%**	56.5%	75%	62.8%

Activity indicators

	2025-26 Projection	2024-25 Estimated Result	2024-25 Projection	2023-24 Actual
Inbound client telephone calls received *The lower 2025-26 Projection reflects new processes, technology upgrades and improved service experience.*	**245 000**	275 598	300 000	299 122
No. of enforcement action notices issued *The higher 2025-26 Projection is due to the introduction of mobile detection cameras and a projected increase in the notices issued from civil debt partners.*	**790 000**	770 000	750 000	768 755
No. of matters referred for enforcement	**185 000**	180 000	175 000	169 186
Review of Enforcement Determinations	**23 500**	22 000	25 000	23 273
% of fines debt on payment arrangement	**55%**	51%	50%	52%

The Office of the Industry Advocate, which is separately reported in Treasury and Finance Administered Items (Other Accounts) and not reflected within the department's program commentary, has the following highlights and targets:

Highlights 2024-25

- Provided extended on-ground support for Whyalla businesses, workers, community and other stakeholders through the extension of the Industry Advocate role to include that of Whyalla Regional Coordinator while OneSteel is under administration.
- Enhanced market engagement activities through events such as Meet the Buyer, Supply to Government workshops, and industry briefings to identify capable South Australian businesses that can deliver projects, goods or services to the state government.
- Continued to monitor contractor compliance with their industry participation plan commitments through regular reporting throughout the term of the contract.
- Continued to monitor tailored industry participation plans for infrastructure and construction contracts above $50 million and contractor compliance to achieve a minimum of 90 per cent of South Australian labour hours and 20 per cent of all labour hours to be delivered by apprentices, trainees, Aboriginal workers and long-term unemployed.
- Continued to advance and monitor outcomes for all aspects of the South Australian Industry Participation Policy to maximise retained economic benefit for South Australia.
- Continued to advance the government's objective for Commonwealth Government and local government adoption of the South Australian Industry Participation Policy in the delivery of co-funded projects.

Targets 2025-26

- Continue to support Whyalla businesses, workers, community and other stakeholders with the continuation of the Industry Advocate role including that of Whyalla Regional Coordinator while OneSteel remains under administration.
- Monitor the effectiveness of the established Whyalla Special Economic Zone under the South Australian Industry Participation Policy and measure the economic benefits and contributions resulting from state-funded projects to which it applies.
- Further develop market engagement activities through events such as Meet the Buyer, Supply to Government workshops, and industry briefings to identify capable South Australian businesses that can deliver projects, goods or services to the state government.
- Continue to advance and monitor outcomes for all aspects of the South Australian Industry Participation Policy to maximise retained economic benefit for South Australia.
- Provide South Australian Industry Participation Policy training to public authority staff.
- Monitor tailored industry participation plans for infrastructure and construction contracts above $50 million and contractor compliance to achieving a minimum of 90 per cent of South Australian labour hours and 20 per cent of all labour hours to be delivered by apprentices, trainees, Aboriginal workers and long-term unemployed.
- Work with public authorities to maximise Aboriginal economic participation for direct engagement, supply chain and workforce outcomes from state funded projects.
- Establish industry participation performance committees to effectively monitor performance for selected major and strategic infrastructure and construction projects above $50 million.

(a) This statement reflects the aggregated transactions of the Department of Treasury and Finance Consolidated Account items and the Treasury and Finance Administered Items Account.

(b) The 2024-25 Estimated Result includes the return of surplus cash held by agencies at 30 June 2024 to the Consolidated Account in accordance with the cash alignment policy. The final transfer will occur before 30 June 2025.

(c) The department on behalf of the Treasurer makes payments to support the funding of the defined benefit superannuation liability for the Police Superannuation Scheme and the South Australian Superannuation Fund. The unfunded superannuation liability is not recorded in the Administered Items for the Department of Treasury and Finance. This is disclosed in Budget Paper 3 appendices and discussed in Chapter 4.

(a) Local Government Disaster Recovery Assistance Arrangements claims have transferred from the Local Government Disaster Fund to Treasury and Finance Administered Items.

Summary of major variations

Statement of comprehensive income — controlled

Explanation of significant movements

In addition to the variances described under program summaries, the variances to the statement of comprehensive income include machinery of government changes implemented on 1 July 2024 for the transfer of the Office of the Chief Information Officer (OCIO) and the Office for Data Analytics (ODA) to the department.

Statement of financial position — controlled

Explanation of significant movements

In addition to the variances described under program summaries, the variances to the statement of financial position include:

- a decrease in the 2025-26 Budget for total assets compared to the 2024-25 Estimated Result primarily due to:
  - depreciation and amortisation on non-current assets ($15.8 million)

partially offset by

  - the departmental investing program ($7.3 million)

- an increase in the 2024-25 Estimated Result for total assets compared to the 2024-25 Budget primarily due to:
  - the investing program expenditure transferred to the department as part of machinery of government changes ($9.4 million)

partially offset by

  - higher depreciation and amortisation on non-current assets following machinery of government changes ($5.8 million)

- a decrease in the 2024-25 Estimated Result for total assets compared to the 2023-24 Actual primarily due to:
  - depreciation and amortisation on non-current assets ($16.5 million)
  - lower cash balances resulting from departmental operations ($7.4 million)

partially offset by

  - the investing program expenditure transferred to the department as part of machinery of government changes ($9.4 million)
  - the departmental investing program ($5.2 million).

Statement of cash flows — controlled

Explanation of significant movements

The movement in cash outflows and inflows are consistent with the changes discussed above under the statement of comprehensive income and the statement of financial position and those described under program commentaries.

Administered items

The administered items for the Department of Treasury and Finance include Consolidated Account items, special deposit accounts and the assets and liabilities the Treasurer holds on behalf of the state. The more significant assets and liabilities include cash and deposits at call, loans made to other government entities and borrowings. For presentation purposes, three cash flow statements have been prepared: Consolidated Account items, Treasury and Finance Administered Items Account and Other Accounts. This format has been used to provide clarity given the volume of items administered by the department.

The Consolidated Account items cash flow statement presents administered receipts collected on behalf of the government and paid to the Consolidated Account. The statement also includes administered payments that are funded by specific appropriation authorised in various Acts.

The Treasury and Finance Administered Items Account cash flow statement presents payments administered on behalf of the government and funded by appropriation authorised in the annual Appropriation Act.

The Other Accounts cash flow statement presents the receipts and payments for the remaining special deposit accounts administered by the department.

Statement of comprehensive income — administered items

Explanation of significant movements

Income

Material variances arise from:

- higher Commonwealth sourced revenue in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to expected growth in the national GST pool
- higher fees, fines and penalties in the 2025-26 Budget compared to the 2024-25 Estimated Result are primarily due to a forecast increase in the number of court fines and regulatory fees
- the variances in tax equivalents revenues and dividend income in the 2025-26 Budget compared to the 2024-25 Estimated Result are due to changes in expected operating results in each respective government business. Further commentary of public non-financial and financial corporation tax equivalents and dividend contributions is provided in Chapter 5 of Budget Paper 3 – Budget Statement
- lower interest revenues in the 2025-26 Budget compared to the 2024-25 Estimated Result are due to lower projected interest rates
- lower other income in the 2025-26 Budget compared to the 2024-25 Estimated Result is primarily due to the return of surplus cash by agencies in the 2024-25 financial year in accordance with the cash alignment policy.

Expenses

Material variances arise from:

- higher superannuation contributions to various schemes in the 2025-26 Budget compared to the 2024-25 Estimated Result are due to higher past service payments requirements to fully fund all employer superannuation liabilities, with the aim to have the defined benefit schemes fully funded by 2034
- higher general supplies and services expenses in the 2025-26 Budget compared to the 2024-25 Estimated Result are primarily due to the carryover of digital investment fund expenditure from 2024-25
- higher borrowing costs in the 2025-26 Budget compared to the 2024-25 Estimated Result are due to the government’s increased borrowings to support infrastructure expenditure

- higher grants and subsidies in the 2025-26 Budget compared to the 2024-25 Estimated Result are primarily due to the additional requirement to fund the Consolidated Account deficit
- higher intra-government transfers in the 2025-26 Budget compared to the 2024-25 Estimated Result are primarily due to higher supplies and services and investing provisions.

Statement of financial position — administered items

Explanation of significant movements

Assets

Material variances arise from:

- receivables:
  - higher receivables in the 2025-26 Budget compared to the 2024-25 Estimated Result are due to an expected increase in loans advanced under the non-government school loan scheme
- financial assets:
  - higher financial assets in the 2025-26 Budget compared to the 2024-25 Estimated Result are due to additional budgeted equity capital contributions provided in 2025-26 primarily to the South Australian Housing Trust.

Liabilities

Material variances arise from:

- long-term borrowings:
  - higher long-term borrowings from the South Australian Government Financing Authority (SAFA) in the 2025-26 Budget are primarily due to funding to support the capital program being undertaken by the government.

Statement of cash flows — Consolidated Account — administered items

Explanation of significant movements

Operating activities

Material variances arise from:

- taxation receipts:
  - lower contribution from casino operations in the 2025-26 Budget compared to the 2024-25 Estimated Result is due to a once-off increase in casino duty revenue in 2024-25 related to the outcome of the High Court's decision in relation to the tax payable on loyalty points that have been converted to gambling credits and utilised by patrons
  - higher land tax and payroll tax collections in the 2025-26 Budget compared to the 2024-25 Estimated Result are primarily due to strong property market and labour conditions
- Commonwealth Government receipts:
  - higher GST revenue grants in the 2025-26 Budget compared to the 2024-25 Estimated Result are primarily due to expected growth in the national GST pool
- dividend and distributions:
  - the variances in dividends and distributions in the 2025-26 Budget compared to the 2024-25 Estimated Result are due to changes in expected operating results in each respective government business. Further commentary on dividends and distribution is provided in Chapter 5 pf the Budget Paper 3 – Budget Statement

- other receipts:
  - higher court fines and court regulatory fees in the 2025-26 Budget compared to the 2024-25 Estimated Result are due to a forecast increase in the number of court fines, fees and penalties
  - higher guarantee fees in the 2025-26 Budget compared to the 2024-25 Estimated Result are primarily due to higher growth in borrowings and rates charged on borrowings by SA Water
  - the 2024-25 Estimated Result includes a return of surplus cash held by agencies to the Consolidated Account in accordance with the cash alignment policy
  - the 2024-25 Estimated Result includes a return of funds from the Whyalla Steelworks Operational Efficiency Improvements Fund to support the long-term future of the Whyalla steelworks and the community. This fund has now closed
- grants, subsidies and transfers:
  - higher grants, subsidies and transfers in the 2025-26 Budget compared to the 2024-25 Estimated Result are primarily due to the additional requirement to fund the Consolidated Account deficit.

Statement of cash flows — Treasury and Finance Administered Items Account — administered items

Explanation of significant movements

Operating activities

Material variances arising from:

- employee benefit payments:
  - higher superannuation contributions to various schemes in the 2025-26 Budget compared to the 2024-25 Estimated Result are due to higher past service payments requirements to fully fund all employer superannuation liabilities, with the aim to have the defined benefit schemes fully funded by 2034
- interest paid:
  - higher interest paid on borrowings in the 2025-26 Budget compared to the 2024-25 Estimated Result is due to the government's increased borrowings to support infrastructure and expenditure
- grants, subsidies and transfers:
  - the 2024-25 Estimated Result for the Building Indemnity Fund includes a payment to SAFA for the operating loss recorded in SAFA Insurance Fund 3 for 2023-24. Payments to balance the fund are made in the following financial year
  - higher payments in the 2025-26 Budget compared to the 2024-25 Estimated Result for the Business Growth Fund are due to increased support for initiatives that promote growth and development opportunities in South Australia
  - higher payments in the 2025-26 Budget compared to the 2024-25 Estimated Result for the digital investment fund are due to increased support for strategic and targeted investment in digital initiatives across the South Australian public sector
  - the 2024-25 Estimated Result for emergency services agency funding includes a cash injection payment to South Australia Country Fire Service for the purpose of meeting aerial firefighting aircraft contract extensions, major incident response costs, workers compensation payments and a structural cash shortfall

- the 2024-25 Estimated Result for the fire damage and insurance costs includes a payment to SAFA for the operating loss recorded in SAFA Insurance Fund 2 for 2023-24. Payments to balance the fund are made in the following financial year
- lower payments for the Local Government Infrastructure Partnership Program in the 2025-26 Budget compared to the 2024-25 Estimated Result are due to the winding down of this program
- lower payments in the 2025-26 Budget compared to the 2024-25 Estimated Result for the South Australian Housing Trust are due to a lower grant requirement for South Australian Housing Trust primarily due to affordable housing initiative sales
- lower payments in the 2025-26 Budget compared to the 2024-25 Estimated Result for the refunds and remissions are primarily due to the additional first home buyer stamp duty relief announced in the 2024-25 Budget being provided via ex-gratia means
- the 2024-25 Estimated Result for the administration costs includes a payment to the Whyalla steelworks administrator. The Administered Items for the Department of Treasury and Finance is responsible for funding the Whyalla steelworks' operations during administration.

Investing activities

Material variances arising from:

- other payments:
  - the 2024-25 Estimated Result includes payments to establish the Adelaide University Research Fund and the Adelaide University Student Support Fund under the *Adelaide University Act 2023*. The Act establishes the funds on 1 July 2024
  - the 2024-25 Estimated Result includes a payment to establish the Flinders University Student Support Fund to provide scholarships for students underrepresented in education and/or from educationally disadvantaged backgrounds.

Statement of cash flows — other accounts — administered items

Explanation of significant movements

Operating activities

Receipts

Material variances arise from:

- higher receipts for Intergovernmental Federal Financial Relations in 2025-26 primarily due to:
  - higher receipts from a range of transport infrastructure projects
  - higher funding for non-government and government schools

partially offset by

  - the conclusion of the current national energy bill relief arrangements in 2025-26
  - lower receipts supporting the Commonwealth Government community infrastructure programs
  - lower receipts under the current National Preschool Reform Agreement
- higher fixed property emergency services levy collections in 2025-26 primarily due to growth in emergency services expenditure funded by the levy.

Payments

Material variances arise from:

- lower payments for Intergovernmental Federal Financial Relations in 2025-26 primarily due to:
  - provisioning for a continued Commonwealth Government contribution towards funding the Whyalla steelworks' operations during administration
  - the conclusion of the current national energy bill relief arrangements in 2025-26
  - lower payments for the Commonwealth Government community infrastructure programs
  - lower payments under the current National Preschool Reform Agreement

partially offset by

  - higher payments associated with various transport infrastructure projects
  - higher funding for non-government and government schools
- higher payments of fixed property emergency services levy collections in 2025-26 into the Community Emergency Services Fund due to growth in emergency services expenditure funded by the levy.
